Confidence

is one of man's greatest assets. It reflects a man's faith in himself.

Confidence comes from knowing that we can do our job, whatever it is, well or better than the next man.

We have that confidence in our company. We believe we are furnishing the best, the most dependable service it is humanly possible to render, at the lowest cost consistent with good business policy.

The electric dollar today has a buying power more than double the buying power of the cost-of-living dollar—\$1.36 against 58 cents. Lowered costs, through increased efficiency, are passed on to our customers.

Our motto is:

"The Best Possible Service at the Lowest Possible Cost."
