**How Old Are You?**

**This Is The Date I'm 48**

**My Mind Is Keen—My Skin Is Clear—Of Petty Ills I Have No Fear**

No doubt about it—I am 48 and never felt better in my life—I feel like 30 and you can take my word for it—it's the little Daily Dose of Kruschen That Does It.

Once I was fat and forty—had headaches a plenty—Was tired out most of the time—My liver was sluggish and my bowels inactive—I searched for a real remedy and by good fortune I found it in Kruschen Salts.

Fat isn't healthy—so Physicians state and I want to say to this world full of fat people—that the Kruschen Method of losing fat is safe, sure and sensible—just cut out sweets—pies, pastries and ice cream for a month—go light on potatoes, rice butter, cream and sugar—and don't forget to take one half a teaspoon of Kruschen Salts in a glass of hot water before breakfast every morning.

I wish I could induce every over weight person on earth to try this splendid method—it surely doesn't cost but a trifle—for an 85 cent bottle last 4 weeks and can be bought at Ketels Drug Store or any drug store in the world. Get it—Grow Thin—Feel younger.
