This Woman in 4 Weeks Lost 17 Pounds of Fat Here's a letter written October 21, 1929, by Mrs. Fred Barringer of Lewistown, Montana, that ought to be read by every overweight woman in America. Gentlemen: I started taking Kruschen every morning as directed as I was very much overweight and wanted to reduce. I had tried going on a diet but would get so hungry that my diet would not last long, so I decided to give "Kruschen Salts" a fair trial. The day I started to take them I weighed 256 lbs. and at present, which has been just four weeks, I weigh 239 lbs. And I must say, I feel better in every way besides looking much better. May all large people, both men and women, who want to reduce in an easy way, give Kruschen Salts a fair trial. I am sure it will convince anyone. A bottle of Kruschen Salts that last four weeks costs but 85c at Ketels Drug Store or any drug store in America. Take one half teaspoon in a glass of hot water before breakfast every morning. To help reduce swiftly cut out pastry and fatty meats and go light on potatoes, butter, cream and sugar. The Kruschen way is the safe way to reduce—Try one bottle and if not joyfully satisfied—money back.
