ed to entrance on July 7. FORD SELLS MANY

The United States post office department has placed an order with the Washington branch of the Ford Motor company for 1500 motor truck chassis, of which 500 will be % ton carrying capacity and 1000 of 11/2 tons carrying capacity. The purchase of the motor equipment was the largest made by the government department since the war. With this order Ford sales to the post office department during recent years reached a total of 2900

units. The purchase marked another step in the department's program of building up its fleet of several thousand trucks and also to replace some of the surplus trucks turned over to the post office department

by the army at the close of the war. Deliveries are to start immediately and continue as rapidly as the bodies contracted for are ready for installation. The completed trucks will then be distributed to some 60

cities throughout the United States. The order was placed with the Ford company after an exhaustive test conducted by the department with the cooperation of the bureau of standards. The tests were under the supervision of W. A. Jacobs, automotive engineer of the bureau of standards, and William Wolma of Chicago and Morris Carrier of Brooklyn, motor vehicle engineers of the post office department.

### STATE CAMBER OFFICE IS POPULAR IN SOUTH

That the Los Angeles office of he Oregon State Chamber of Commerce is actually interesting peoole there in various permanent inestments in this state is shown by a recent report received in this

According to the report the California office was instrumental in sending Dr. John R. Fischer, a Swiss medical man, to Medford where he purchased a creamery and now has an investment of \$20,-

Another instance cited is that of

John Woodridge of Eagle Point,

Switzerland and later moved his residence to Oregon where he now operates a cheese factory. The Los Angeles office has listings of all types of investments, business for sale, farms and city property, etc., on files which are

examined by thousands every week.

#### RAILROAD CREWS CLEAN GRASS FROM TRESTLES

Crews of the Southern Pacific Railroad company have completed the cleaning away of all dead grass and other refuse from the trestle supporting the walk from Main street to the depot. They have also burned and cleaned away all trash from the long trestle spans on both sides of the bridge across the Willamette river.

This is an annual event for the railroad employees. The cleaning up of this material both enhances the value of the property and greatly eliminates the hazards from fire.

STEP AWAY

## From The Rest

With your automobile engine in perfect condition you can show your rear plates to the best of them, if you want to. It isn't so much what you have paid for your car, but how you keep it up that counts. Regular inspection visits to this garage and an oc-

casional tonic by our mechanics will keep your car

in the pink of condition. And we are building a reputation in this community for reliable workmanship at a minimum cost.
