BENEFIT PROGRAM PLANS PROGRESS

Wealth of Talent to Be Offered in Public Enterprise for High School Stage

PLAY PRACTICE NOW ON

Each Organization in City Asked to Contribute Numbers to Entertainment

Rapid progress is being made on the high school benefit program this week following some delays, and indications are now that the affair, which is being staged under the direction of Mrs. Jane Ketels, will bring together a large amount of local talent than has ever before been assembled on one program.

Each organization in the city has been requested to furnish one or two numbers for the program and all have cooperated in splendid manner. Smaller school children in the Toy orchestra at the Brattain school will start the program which will include people of all ages.

The length of the program makes it necessary to start at 7:30 p. m. The small children will have early parts on the program so they will not have to remain late.

Plans as now worked out provide for a three unit program. The first will consist largely of music selections by the Christian church orchestra, vocal, instrumental, and group numbers.

The second episode will be the vocal acts. Some very entertaining numbers are listed in this program and will be given in detail next week. They will consist of negro minstrels, folk dances, and short plays.

The third and concluding event will be a one-act play "Comical Country Cousins" to be presented under the direction of Mrs. Ketels and which will have as cast of characters many of the ladies of the city.

The program is being sponsored for the purpose of raising funds to pay for stage equipment now in use at the high school, and for the purchase of other much needed equipment.
