HOW ONE MAN LOST 22 POUNDS

Mr. Herman Runkis of Detroit writes: "A few lines of thanks from a rheumatism sufferer — my first bottle of Kruschen Salts took all the aches and swellings out of my joints — with my first bottle I went on a diet and lost 22 pounds and now I feel like a new man."

To lose fat SAFELY and quickly take one half teaspoonful of Kruschen Salts in a glass of hot water in the morning before breakfast. For your health's sake ask for and get Kruschen — the cost for a bottle that lasts 4 weeks is but a trifle at any drugstore in the world and it after the first bottle you are not joyfully satisfied with results — money back. All good druggists will be glad to supply you.

RE-MATCH SURE ON ARMORY CARD

Pat Reagan and Walter Achiu to Feature Double Main Event at Armory Friday

Herb Owen may have had a large crowd at his wrestling match in the Eugene Armory last Friday, but present indications are that that crowd will dwindle into insignificance in comparison with the one expected at the Armory for the double main event bill this Friday.

The Eugene wrestling promoter had an unusually good card for the fans last week and they were well pleased with the fray until the last minute of the affair when both Achiu and Reagan Sonnenberged into each other, both going out for the end of the match. Achiu did manage, whether conscious or not, to wrap one leg over the limp form of Reagan and thereby won on a technicality.

Fans did not like this verdict and immediately clamored for a rematch which they have finally secured. To obtain this however it was necessary to induce Bob Miller, Chicago, who was to have met the Chinaman here Friday to postpone his appearance for the present.

Reagan and Achiu will tangle on the Armory card Friday and fans are hoping there will be no fluke ending. That they will be there in a body is almost a certainty.

The second main event is also an interesting one for the local fans. It will bring Marvin Barrackman, Olympia wrestler, and Roland Warren, a new boy from Klamath Falls together. Barrackman is not a new man in the Eugene armory, having started the fans last year in his brilliant work during the Yaqui Joe, Sonora Indian, match.

In the match last week George Wilson former U. of W. football star, had little difficulty in winning two of three falls from Tom Ray, Longview. Art O'Reilly, U. of O. boy met Lewis Weikman when his partner for the evening was unable to be present.

"MY PAST" SEEN AT COLONIAL SHOW

Announcing a change of pictures for this week-end, the Colonial has booked the four star hit, "My Past," with Bebe Daniels, Ben Lyon, Lewis Stone and Joan Blondell for this Friday and Saturday, the management announces. "My Past," is described as a dramatic revelation of yesterday's mis-steps, being the famous unsigned biography of Dora Macy, celebrated actress.

As a special stage feature during the two night run of "My Past," the popular Melody Maids will appear in a novel Colonial "spotlight idea" in which a unique setting and lighting effect combination will be introduced. The Melody Maids will offer several of the latest harmony hits, appearing twice each evening, at 7:30 and 9:40 p. m.

Friday, as is the established feature, local talent stars will be presented in Opportunity Night contests, for cash prizes. Many new entries have been received and the amateur entertainers will be presented between the first and second shows, at 9 o'clock Friday night.

LIONS HEAR DR. STIVERS, MUSICIANS AT LUNCHEON

An inexpensive trip to the Holy Land will soon convince even the most skeptical person of the authenticity of the Bible according to Dr. E. V. Stivers, former pastor of the First Christian church who made a trip to Palestine a few years ago, in addressing the members of the Springfield Lions club at their meeting Friday noon.

Miss Leone Elliott sang two vocal solos with Miss Vernice Hawke as accompanist, and Bud Thiennes sang two solos accompanied by Miss Elliott. Dr. H. A. Hagen, deputy district governor of the Lions club, and William Moyer, president of the Cottage Grove club, were guests at the meeting.

When one sees the things written about in the Bible and finds them just as they have been described even now after hundreds of years, one just has to believe, declared the luncheon speaker, Dr. Stivers also told many of the incidents which he encountered in other countries enroute to and from Palestine.

COMMUNITY PAPER STARTED AT U. OF O.

Correspondents in Every Community Organization Wanted for New Social Service Organ

First copy of a four page midget newspaper designed to stimulate the work of community social organizations, and to bring about a cooperative effort on the part of those carrying on this work was issued by the University of Oregon this week. Philip Parsons, dean of the school of Applied Social Science is the editor.

At the time of the first issue more than 100 clubs and social organizations had been contacted by Dr. Parsons' office. He feels certain that there are a number of others which he has not reached and requests that names of such clubs be sent to him at once so that he can publish a list of these in the next issue of the paper.

Whatever services are available at the University will be given the groups. Right now efforts are being made to assemble a booklet of model club homes which can be built without a great expenditure.

Special courses in reporting are available to those who write for the paper, and it is the desire of the editor to have one correspondent in each club to write for the paper. The paper should become the conference room of the clubs, he thinks.
