No Question About It
they are Milder!
YOU'RE RIGHT... there's one thing that stands out about Chesterfield. That is... they're Milder.
This means Chesterfields aren't harsh. It means they're not strong or heavy.
Early in the day or late at night you'll find that Chesterfields are always pleasing. They are mild and yet they satisfy.
What's more they taste better, too. That's it... milder and better taste. These are the two outstanding merits of Chesterfield.
Plus... a third important advantage. Chesterfields are as pure as the water you drink... as pure as science can make them.
