COMMUNITY BARGAIN DAYS HERE

BEFORE THE 4th - July 1st and 2nd

TO THE PEOPLE OF THIS COMMUNITY:

We are offering you again the Springfield Community Bargain Days, Bigger and Better than ever right before the Fourth of July that you may stock up for the holidays at these very low prices. Hundreds of our friends have written or told us they appreciated these bargain events so we have arranged the Third Community Sales Days at this opportune time.

Out of the High Rent District

We are proud of the fine merchandise our stores sell and the good service they give at such low prices. Our merchants are fortunately located in a large trading area with a city where rents are low, overhead expenses light, and no heavy advertising bills to pay. Naturally they are going to give you most for your money day in and day out. While these bargain events are special for you, every day in Springfield is bargain day compared with prices in other parts of the country.

Parking Is Easy

Out of town people enjoy trading in this city where they can park in front of the store they trade at and

not have to lug their purchases blocks through heavy traffic. Here, too, they can trade with the store owner and not a representative of Wall street or some other distant place. Here they know most of their money stays at home and perhaps they may have a chance to get it again.

Merchants participating in this big bargain event, under the direction of the Springfield Chamber of Commerce, guarantee their goods to give satisfaction. Lane county is their home and they are interested like you are to make it the best possible place to live.

LET'S ALL CO-OPERATE AND HELP EACH OTHER. THERE WILL BE NO BRASS BAND OR GREETERS TO FOOL YOU IN THIS THIRD BIG BARGAIN EVENT, BUT HONEST MERCHANDISE PRICED VERY LOW ON EVERY HAND.

Scores of new people were seen in Springfield on our previous Shopping Days. They were surprised and satisfied with the many bargains they found here. This is the natural trading center for the Mohawk, McKenzie and Upper Willamette river valley sections. All good roads lead to Springfield. Why go further?

WE WELCOME YOU AND WISH YOU AN ENJOYABLE FOURTH OF JULY HOLIDAY.
