What do you think of this—you men who doubt—you stay fat—because you want to think that nature made you that way.

You're all wrong—most fat men were made fat because of their ability to handle a knife and fork in a businesslike manner.

Be frank with yourself. Are you too timid to take a safe, harmless conditioner that not only takes off surplus fat but is so helpful that it makes you feel years younger?

To reduce safely take one-half teaspoonful of Kruschen in a glass of hot water before breakfast every morning—cut down on fatty meats, potatoes and sweets. Kruschen is sold by druggists the world over. A far that costs but a trifle will last four weeks—but be sure you get Kruschen—your health comes first.
