OREGON WOMEN OPPOSE SCHOOL MERGER MOVE

State's Largest Organization of Women Comes Out Against Zorn-McPherson Bill

The largest organization of women in the state Friday went on record as opposed to the Zorn-McPherson School Moving Bill when directors of the Women's Greater Oregon association with a membership of more than 23,000 throughout the state unanimously declared against the bill "because its extravagant waste will increase taxes in a general juggling and upheaval of our higher institutions of learning."

The Women's Greater Oregon association is a voluntary organization of the leading women in various sections of the state. Its objectives are to advance civic, business and educational interests from a standpoint of state welfare.

The resolution as adopted is as follows: Whereas, the Zorn-McPherson bill would establish four new institutions of higher education and destroy all the state's present system of education;

Whereas, the advance of education is one of the prime essentials and purposes of our organization;

Whereas, passage of this bill would plunge the State of Oregon into large and unnecessary expense;

Whereas, passage of this bill would cause the waste of a large amount of state and private funds;

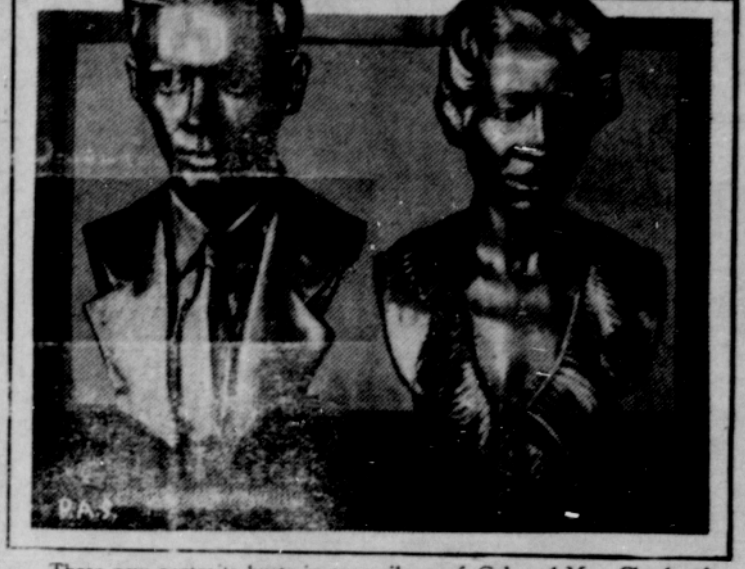

Whereas, it would lower the efficiency of higher education in the State of Oregon.

LUMBER GROUPS UNITE OFFICES OCTOBER 1

Effective October 1, the office of the Willamette Valley Lumbermen's association was consolidated with those of the West Coast Lumbermen's association and a branch office opened in Eugene with H. J. Cox, former manager of the Valley group, in charge. Closer union of the lumbermen of the entire Pacific Northwest brought about the change.

DEXTER LUMBER MILL REOPENS ON MONDAY

Sixty-five men went back to work Monday at the Glustina Brothers lumber mill at Dexter. The mill has been down during the summer months.

The continued dry weather and fire hazard prevented the opening of the Western Lumber company plant at Westfir Monday as had been announced. Part of the area from which timber is taken for the mill is in the closed area.

Indoor Rodeo Feature

"Midnight", world-famous "bucker" who has never been ridden — unless much-disputed ride of Frank Studnick, Oregon cowboy, Pendleton, 1931. Is conceded — with rest of McCarty-Elliott outfit will furnish indoor rodeo thrills at Pacific International, Portland, October 15-22.

A thrilling indoor rodeo will be the feature of this year's Pacific International Livestock Exposition to be held in Portland, Oregon, October 15-22 inclusive — the McCarty-Elliott outfit with its full string of famous bucking horses and twenty-five leading buckaroos and women riders of the country, of world championship variety. The rodeo features will be open to the world with approximately \$10,000 in prize money.

This is the same rodeo with the famous "Midnight" that doubled the receipts this year at the Denver Western Stock Show and the Fort Worth Stock Show, and held the spotlight at the Omaha Ak-Sar-ben, the Cheyenne Frontier Days, and at Leadwood, South Dakota. It will be featured at eight matinee and seven evening performances, giving close up thrills that will pack the reserved seats.

In addition to the rodeo the arena events will include the six-hand heavy draft teams, local riding academy exhibitions and the daily parade of winning animal exhibits.

NOT CONSOLIDATION ... but a COSTLY EXPANSION!

The ZORN-McPHERSON SCHOOL "JUGGLING" BILL AT TAXPAYERS' EXPENSE - ESTABLISHES 4 NEW SCHOOLS, CREATES 2 NEW TYPES OF SCHOOLS - BOTH UNTRIED AND UNNEEDED.

Under the guise of economy, unknown interests propose this extravagant building and wrecking program, which claims to be a consolidation of Oregon's higher educational system. There are five campuses now, and if this bill is approved, there will still be five campuses - after a raid has been made on the taxpayers' money!

4 New Schools Established

This bill actually creates 4 NEW SCHOOLS—a junior college at La Grande and Ashland; a law school at Salem; and a teachers' college at Eugene. In addition, it "junks" the Mountbush Normal School, valued at \$700,000, and uses but one-third of the facilities of the University at Eugene. This disarrangement will result in a tremendous financial outlay by taxpayers for additional NEW SCHOOLS, NEW departments, NEW courses and NEW equipment. There are five campuses now. If this bill is approved there will still be five campuses; but, in addition, the taxpayers will be forced to erect new housing facilities for the University law school and library at Salem; provide NEW buildings and dormitories to accommodate the greatly increased student body poured onto the Corvallis campus; and equip two NEW junior colleges and a teachers' college with new and costly facilities for conducting a NEW and untried system.

2 New Types of Schools Proposed

Two NEW TYPES of schools are created by this bill—two junior colleges and a teachers' college both untried and unneeded in Oregon. To educate students for junior standing in technical and scientific college courses, requires expensive laboratories and equipment, thus tripling the same facilities now maintained at the University and State College. The passing of this bill establishes the principle of STATE SUPPORT TAX for all or any junior colleges. Every town in the State of Oregon will then have the right to demand a junior college! Every legislature session will invite log-rolling bills for appropriations for new junior colleges in ambitious localities. Taxpayers of this state are asked to vote on this costly junior and teachers' college experiment, with every expenditure made at their expense.

In addition, this bill claims a saving of \$1,000,000 per year in taxes, BUT DOES NOT ACTUALLY REDUCE OREGON'S BASIC STATE TAX for higher education by a SINGLE PENNY. You will pay the same tax for state schools as you do now if this bill is approved.

VOTE 317 x NO!

The Zorn-McPherson School Moving Bill establishing 4 NEW SCHOOLS. SCHOOL TAX-SAVING ASSOCIATION. Amedee M. Smith, Chairman F. H. Young, Secretary. 618 P. O. Building, Portland.
