a county agent, and those which especially interest Lane county people and require a major amount Chamber of Commerce meeting at Cottage Grove last night by O. S. Fletcher, Lane county agricul

tural agent Lane county now dates back to ar original program established in 1924 by farm and civic leaders. This plan has been changed from year to year by project committee of the county agricultural counci in cooperation with the county agent and specialists from the Ore

gon Agricultural college. The Various Projects

Some of the activities reported by the county agent are as follows: "Continued promotion of interes county farmers sewed approximate bringing the total in the county to rot resistant sweet clover were cer tified for seed and a campaign started to interest people in this pasture crop. Coast section farmers were assisted in buying Bortfield turnin seed, this being an exceptional variety for the coast.

Coast Farmers Aided "A plot of rust resistant schoo mom oats was grown near Irving as a start of a project for Valley

variety to coast section farmers. Fields of wheat, oats, potatoes and bent grass were inspected and the purchase and use of branded

sour cherries, pruning demonstra

conducted and trials made of vari-

ous fertilizer; on these crops, New control was conducted.

A tour was conducted to study irrigation of truck crops, the use of electrical hot-beds was discuss September. ed at a special meeting, a fertilizers for truck crops studied. The coun ty home demonstration agent was ssisted in carying on a project for better home gardens.

Irrigation Stressed

Assistance in laying out irriga ion systems was given 12 parties This year 100 truck growers irrigated 800 acres of truck crops while about as much more land was irrigated in the growing of 167 soil samples for 69 farmers. He assisted the operators of the Black Butte mine in developing their lime project. A soil short

els was carried on with the assistance of farm organizations. In this campaign 6,300 pounds of poirels were poisoned on 21,409 acres of neglected land by supervisors. Gopher and mole control was demonstrated and area gopher poison ing done on Goodpasture Island.

Poultry Tours Held Chicken and turkey growers wer ssisted at meetings on brooding and rearing chicks and poults at demonstrations and on tours. A special turkey institute was held. Four hrundred cows were tested or production in 11 herds in the herd improvement association. dairymen were assisted on organi zation problems, tours were con dairy cattle, dairymen were assisted in computing balanced rations and a directory of breeders wa maintained. Sheep growers we assisted at a special meeting on flock management problems.

Aid in Relief Work The county court was assisted in planning for the production and conservation of garden crops and other food products by people eeding assistance from the county. and help of farm organizations was enlisted in this work.

"Ten colonies of parasitized ear a farmers week held, and misceland farm organizations."
