

GOSHEN MAN IS FARM GROUP HEAD

County Agent's Office Headquarters; Seek Adjustment By Cooperative Efforts

That the Lane County voluntary farm mortgage adjustment committee is now ready to offer its services in any case in which it is requested to act is the statement of F. B. Harlow of Eugene, chairman of the committee. This committee held a conference in Eugene on Monday of this week with L. R. Brethaupt, of Corvallis, secretary of the state farm mortgage adjustment committee, and William L. Teutsch, assistant county agent leader, and discussed work that the committee can do and methods of procedure.

In order that the services of the committee may be made convenient to everyone in need of them, the committee has arranged for the office of County Agent O. S. Fletcher to be headquarters for committee activity. Information on procedure in obtaining the committee's services may be obtained at the County Agent's office or from any member of the committee.

Has No Legal Status

Mr. Harlow reports that at the conference held in Eugene it was emphasized by representatives of the state committee present that the county groups have no legal status but are prepared to lend every aid on a voluntary basis toward bringing satisfactory adjustment between farmers and mortgage holders in order that unnecessary loss or hardship may be avoided for both in cases where the parties are unable to make satisfactory arrangements independently.

Members of the state committee at the conference reported that they had word that similar credit councils or committees in other states have already proved highly beneficial even where comparatively few cases are actually handled. Most creditors and debtors both are ready to do the fair thing if information is available on which to base such a settlement, it was said.

In addition to Chairman Harlow and Secretary Fletcher, the Lane County committee consists of O. A. Nichols, Cottage Grove; and E. A. McCormack and Elmo B. Chase, of Eugene.

CONGRESS CONSIDERS MORTGAGE RELIEF BILL

Washington, D. C., Feb. 23—A bill (S-5639), designed to provide for loans or advances by the Reconstruction Finance Corporation for the purpose of securing postponement of foreclosures of certain mortgages for a period of two years, has been reported by the United States senate committee on banking and currency.

Senator Steiwer was an active member of the sub-committee which drafted this legislation. The measure is offered as a temporary and emergency measure to stem foreclosure on farm and city homes of a valuation of \$5000 or less.

The bill proposes that \$500,000,000 be made available for payments to mortgage holders on behalf of delinquent debtors provided that mortgage holders agree to foreclose over a period of two years, and to accept a reduction of interest rate to 4 per cent on total delinquencies. The loans would be made through the facilities of the Reconstruction Finance corporation.

One hundred million dollars also would be made available to Federal Joint Stock Land Banks and to receivers of such banks where delinquent mortgages are held.

No loan would be made, according to the proposed legislation, unless the R. F. C. is satisfied that the mortgagee has first protected his mortgage rights by paying accrued delinquent taxes for the mortgagor and that the mortgagor, after exercising ordinary diligence to meet accrued interest and principal payments, has defaulted thereon over a period of six months. Senator Steiwer has expressed his intention of urging early action on this measure in the senate and because of the emergency character of the proposed legislation the house is expected to make special arrangements to enable this session of the congress.

Each Seeks Another Match With Jensen; Mobley to Meet Opponent on Card

The Joes have it this week. Yaqui Joe, the Sonora Indian, and Joe Reno will meet each other in the main wrestling event at the Eugene armory tonight.

Rox Mobley will meet an opponent who has not yet been announced in the special 45-minute event.

Last week Thor Jensen won a match from the Indian before a large crowd which overflowed to the upstairs balcony. Yaqui claims Jensen deliberately faked a choking spell and took him off his guard to win the third and deciding fall of the match after each had one fall.

Harold Heibert and Reno went the full 45 minutes in the special event to a draw.

The match tonight will probably designate an opponent for Jensen next week. Reno claims he already has defeated the Elkton wrestler, and Yaqui claims that he can.
