SIX MONTHS UNDER AAA IN OREGON SUMMARIZED

Farmer Obtains Benefits in Many Fields Under New Deal in Year Just Ended

Start of the new year finds Oregon's agricultural industry well along in adapting itself to the almost revolutionary changes brought about by the application of the national agricultural adjustment act. What has transpired to date may be just a beginning, but when summarized according to major commodities the record begins to look formidable already. Here it is in the most brief outline: Wheat—Oregon growers signed up to remove 126,800 acres from production and in return qualified for \$2,777,000 in domestic allotment benefit payments for the first year. All organization work is completed and some counties have received the checks for the first payments to growers. The northwest as a whole reports 14 per cent reduction in winter wheat acreage planted. Emergency export association moved 16 million bushels of northwest surplus.

Horticulture—Northwest Tree Fruit Industries, Inc., formed as trade group of all northwest tree fruit shippers under trade agreements and code of operation designed to bring orderly marketing practices more profitable for the producers. Walnut industry organized under similar agreements in conjunction with California area.

Corn-hogs—Emergency purchase of pigs and brood sows carried on to limited extent in this state. Corn-hog production control plan launched with possible maximum benefit payments on hogs totaling \$720,000 for hogs and \$123,000 on corn. Full sign-up not expected, however, because of nature of industry here.

Dairying—Emergency butter surplus purchasing carried on by AAA in this region. Trade agreement among dairy products manufacturers drawn but not yet approved nationally. Milk marketing agreements provided for but none applied for in this state. Production control to be launched soon but details of plan not yet available.

Livestock—Beef may be included under dairy adjustment program.

Farm credit—Reorganization of federal farm credit structure under farm act brought many applications for mortgage refinancing from Oregon farmers. State Agricultural Advisory council for aiding in farm debt adjustment set up under federal program. Four federal credit agencies set up at Spokane to handle all forms of government supervised farm credit in this district.

SPRINGFIELD GIRL WINS PLACE ON HONOR ROLL

University of Oregon, Eugene, Jan. 11—Ruth Carlton has been named on the University of Oregon honor roll. It was announced today by Dr. Earl M. Pallett, registrar and executive secretary. Miss Carlton is the daughter of Mr. and Mrs. Roy Carlton of this city.

To be named on the university honor roll, students must earn a grade average of 2.50, the computation being made on an essential basis of 1 hour or more of studies. In the averaging of grades a rating of 3 points is given for the highest grade "A", 2 for "B", 1 for "C", no points for "D" and a minus 1 for failures. The entire enrollment at the university at the time of computation was 2300, which makes the ratio of students gaining the honor roll distinction approximately 4 in 100.

Miss Carlton is a sophomore and majoring in sociology.

WAKE UP YOUR LIVER BILE—WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rarin' to Go

If you feel sour and sunk and the world looks pink, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine. For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Can't sleep up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blotches. Your head aches and you feel down and out. Your whole system is poisoned. It takes those good, old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, natural, gentle vegetable extracts, amazing when it comes to making the bile flow freely. Don't "rush for liver pills. Ask for Carter's Little Liver Pills on the red label. Your Best Food Is Butter For the sake of the health of your family you should use all the butter and milk products you can afford. For the future prosperity of the Lane county dairy industry and your community you should use all the Maid O' Cream products you can afford. These two reasons coupled with fact that butter and milk give you more food value for your money than anything else you can buy should convince you. Ask your dealer in Eugene or Springfield for Maid O' Cream Butter. Springfield Creamery Co.

Watch Their Eyes CHILDREN do not realize how precious their eyes are. They do not realize that to strain their eyes by reading or playing in a glaring light or in gloom may seriously impair their vision in later years. You must watch their eyes and guard them from strain. If you have children in your home watch their eyes when they are reading or studying. If they squint or frown or hold the book too close to their eyes, lose no time in finding out and correcting the cause of their eyestrain. In a bulletin on child welfare, the statement is made that, "many a child groping with poor eyes and struggling for an education against this handicap, becomes not only a stupid child, but a rebellious child." Where the light is poor the child is sure to strain his eyes. This may result in impaired vision in later years that will prove to be a handicap throughout life.
