Washington, Feb. 22—If these weekly reports on the state of the nation seem somewhat one-sided...

The very men who were relied upon to back up Mr. Mills and encourage the effort to reorganize the Republican party not only failed to come to the rescue but some of them thought it was ill-advised for Mr. Mills to make such suggestions at this time.

Nothing could illustrate better how far the fortunes of the Republican party have sunk in National affairs than the belief, which is growing here among the most cold-blooded political observers...

There is beginning to be talk among those who, while admitting Mr. Roosevelt's complete supremacy, are not in accord with the policy of making the individual subservient to the government...

Those who are active in promoting the new party idea point out that the great 'middle class' of small business men, small property owners, independent unindustrialized farmers, professional men and the like, is being ground beneath the nether millstone under the New Deal.

Men with long experience, among them some of the foremost leaders in Congress, who usually can tell in advance what is going to happen next, are utterly at sea. All they can say, in answer to questions as to the legislative program, is, 'We haven't heard yet what the President wants.' Thus, a short time ago it was being predicted by no less a personage than Speaker Rainey that there would be no legislation to regulate stock and commodity exchanges...

removed many of the fears of capital, which is beginning to come out of hiding and look for investment. Gold is flowing back to America from Europe. There is a sounder, deeper feeling among business men that we are really on the road to recovery.

It is Mr. Roosevelt's hope that by the first of May business and industry will really have taken up most of the slack of unemployment. It is also his hope that Congress will pack up and go home about that time.

HOW WOMEN CAN WIN MEN AND MEN WIN

The Favor of Other Men. Unless two pints of bile juice flow daily from your liver into your bowels, your food decays in your bowels. This poisons your whole body. Movements get hard and cramped. You get yellow tongue, yellow skin, pimples, dull eyes, bad breath, bad taste, gas, dizziness, headache. You have become an ugly-looking, foul-smelling, sour-thinking person. You have lost your personal charm. Everybody wants to run from you.

But don't take salts, mineral waters, oils, laxative pills, laxative candies or chewing gums and expect them to get rid of this poison that destroys your personal charm. They can't do it, for they only move out the tail end of your bowels and that doesn't take away enough of the decayed poisons. Cosmetics won't help at all.

Only a free flow of your bile juice will stop this decay poison in your bowels. The one mild vegetable medicine which starts a free flow of your bile juice is Carter's Little Liver Pills. No calomel (mercury) in Carter's. Only fine, mild vegetable extracts. If you would bring back your personal charm to win men, start taking Carter's Little Liver Pills according to directions today. 25¢ at drug stores.

Refuse "something just as good" for it may gripe, loosen teeth or scald rectum. Ask for Carter's Little Liver Pills by name and get what you ask for. ©1933, C.M. Co.
