Eugene's Leading Business and Professional Men and Women

THE EUGENE HOSPITAL

Eugene's Distinguished Class-A Hospital

This Eugene institution is the oldest established hospital in the city and is known as "The Friendly Institution."

It is fully standardized and is widely known in this section of Oregon. It enjoys the confidence of physicians and is growing steadily. It is rated among the outstanding hospitals on the Pacific coast. All departments are in charge of experienced graduate technicians, and only graduate nurses are employed. Its equipment is modern and up-to-date. Its staff of physicians and specialists are residents of Eugene and are among its most progressive citizens, taking a leading part in Eugene's social and business activities.

THE EUGENE CLINIC is a co-partnership of physicians, surgeons and specialists engaged in the work of furnishing preventive and therapeutic medical service to the people of this section. Modern centralized offices, together with laboratories and all necessary equipment, offer many conveniences. A fine building, especially appointed and arranged for their work, houses the institution and ample reading and reception rooms are provided for the public while waiting for consultation or for visiting hours. Such an institution is an asset to any city and its absence would be sadly felt in any community. It is a well known fact that more hospitalization is needed in every city of the land. This home institution, operated as it is by local physicians, should and does receive approval and support from Eugene citizens as well as from the surrounding country. You are invited to visit the hospital at visiting hours and see for yourself the conduct of this distinguished institution.

LAKE MONUMENT WORKS

Next door to the fire department, No. 1, you will find the most interesting plant in Eugene. Here is manufactured those beautiful white Memory Stones, which express the love and tenderness felt by the living for their dead. It must be a great pleasure to be in a business wherein people express in enduring marble and stone their love and respect for those who have passed beyond.

A beautiful monument—and all monuments are beautiful, for they express beautiful sentiments—also expresses the fact that those who place these monuments are people who can be depended upon as friends. As that sacred time draws near, Memorial Day, each real man or woman feels that something more substantial than beautiful

flowers should be placed on the graves of their loved ones. If you have suffered the loss of a loved one—and who has not?—you will think of that lonely one in the church yard and the thought will come, have I done my full duty? If you need his services Mr. E. C. Lake, manager of the Lake Monument Works at 58 West Eleventh street, will be pleased to have you call and consult him as to your wishes. This company is known within a radius of a hundred miles of Eugene. They will treat you right and their prices meet all competition.

Whether you want an expensive monument or a small one, or repairs, there is yet plenty of time before Memorial day for him to assist you. Phone 415.

DR. ELLA MEADE, Optometrist

Your reporter called on Dr. Ella C. Meade to quiz her about her business, because her business should interest everybody who has eyes. Indirectly the Doctor stated this thought when she remarked that, "Many people are very particular about their teeth although when your teeth are gone you can buy artificial teeth that will answer the purpose nicely."

"Not so you eyes. Once gone, they are gone forever. How important it is, then, that your precious eyesight should be carefully and thoroughly examined by an experienced optometrist. Especially should parents look carefully after the eyesight of their children. Young people's eyes can be trained to better eyesight so that at maturity they will have little trouble."

Dr. Meade has an extensive practice in this section of the county because she has been successful in the past and keeps herself by study and the latest equipment in her profession up-to-date. Dr. Meade stands well in her profession and has the confidence of her patrons, as shown by the extensive and increasing practice she has built up in the seven years she has been in Eugene. Her office is at 14 West Eighth street and she can be found there at all business hours. Appointments may be made by phoning 330.

Dr. Meade suggests that a yearly eyesight examination should be obtained by all. In her examinations the Doctor will tell you truthfully whether you do or do not need glasses.

Bock "hissel" Beer

NEW YORK . . . An out of town tower came down the river from Hastings, N. Y. to win the title "Mr. Manhattan" and pose as the symbol for the first legal bock beer season in some fifteen years. His name was "Pretzel."

Two New Advisers in the Treasury Department

WASHINGTON . . . Here are two new faces in the Treasury department whose appointments forecast Treasury activities. On the left, is Prof. Jacob Viner of the University of Chicago who has been appointed special adviser to Secretary Morgenthau of the Treasury, to assume his duties about April 1st. . . His duties, it is reported, will be to carry out an informal agreement between Great Britain and the U. S. to prevent wide fluctuations between the pound sterling and the dollar, pending final stabilization. On the right, is Tom K. Smith of St. Louis, who has taken over the duties of advising the Treasury on banks and banking problems.

THE EUGENE HOTEL

It is an old maxim that first impressions are everything.

The first impressions of a stranger when visiting a city are important to the city as well as to the traveler. Eugene is to be congratulated that she presents to a traveler entering her gates for the first time, a beautiful and modern hotel like the Eugene hotel. It strikes him at once that he is in an up-to-date city that thinks well of itself and impresses him favorably toward its citizens. This beautiful seven story hostelry was built in 1925 and the money that built it was very largely furnished by Eugene citizens. Its two hundred rooms are attractively and modernly furnished and its location, on Broadway and Pearl, is ideal. Most of its rooms are provided with bath and every room has its own private toilet. The lobby is spacious, occupying as it does almost the entire length of the building on the north side. Its many plate glass windows give the guest a fine view and its dignified furniture shows artistic taste. The guest feels at home at once and is prepared to enjoy his stay in the city. The traveler will find attentive and unobtrusive service from its uniformed bellboys.

Every appointment and its every service will make you feel that you are in a spacious, modern hotel of a city of five times the population of Eugene. The dining room, on the south side on the ground floor, is unique. It extends the full length of the building east to west and is lighted with many large windows. The dining room can be divided into three or four smaller rooms and provides convenient party and reception rooms by means of folding partitions.

Thus the entire dining room can be made one room for large assemblies or formal balls. The city is therefore able to hospitably entertain conventions and we understand that several such are already listed for May, June and July. The cuisine and service of this dining room is unsurpassed, and its rates are extremely reasonable.

Mr. George M. King, the manager, who has had wide experience in conducting some of the metropolitan hotels of the west, informs your reporter that the hotel has enjoyed during the months of January, February, March and thus far in April a wonderful increase in business as compared with that of the past two years. Mr. King and his estimable wife certainly know their business.

An able staff of clerks assist the manager. Mr. Trent Dawson, chief clerk, has been with the hotel since 1930. Mr. R. L. Kruse, bookkeeper, has been with the hotel about the same length of time. Mr. Iverson, the efficient night clerk, has been with the hotel since it opened. Notwithstanding the quality and service this hotel offers, its rates have been reduced to \$1.50 per day single, which includes of course, toilet in each room. These rates appeal to rich or poor.

FENWICK'S CAFE

Fenwick's Cafe is located in the fine dining rooms of the Lane hotel, at the foot of Willamette street. It is provided with tables for its guests, with clean linen cloths, which is a little unusual in the average cafe. To those who like to curl their legs around a stool, ample lunch counter space is provided.

We call the place Fenwick's Cafe, but it should be called Fenwick's First-class Dining Room. The writer hereof knows because he has eaten there many times. Mr. and Mrs. Fenwick certainly know how to furnish food for hungry men and women. From three to four vege-

tables are served at each meal as well as meat orders and dessert. Their 25-cent meal is the best in the Willamette valley, bar none. The average restaurant charges 25 to 50 cents for a much poorer meal. Their food has the real homey taste that Mother gave to her meals.

If you don't believe what I say is true, go down there and eat one meal and if you don't like it we will give you your money back—if you can get it back. This is not a "reporter's story" but a real expression from the heart, liver and stomach. Continuous service from 6 a. m. to 8 p. m.

MRS. PEARL SCHANTOL

Candidate for Republican Nomination, County Treasurer

Mrs. Pearl Schantol, a well known business woman residing between Eugene and Springfield, is asking her friends, and she has many, and her enemies, if any, to vote for her in the coming primaries for the republican nomination for County Treasurer of Lane county. She is asking this for the reason that she wants the office and believes she is qualified for it. Born in Adair county, Iowa, she graduated from the Greenfield, high school in 1909, and her father being county auditor, she was appointed a deputy, and for several years filled that important office. Her father then became postmaster and she filled acceptably the position of assistant until his term expired. Thus as a young woman, she had extensive experience in public office. After her marriage, her husband being in business at Creston, Iowa, she assisted him by keeping books.

After moving to Oregon, her father conducted a Greenhouse and nursery here and she assisted him in the business and kept the books. Her husband died 10 years ago, and left her a small home and four children to support. She has bravely and uncomplainingly taken up the battle, and has set an example for other women left in like circumstances, without a husband, to fight for her and family. She is a member of the local Eastern Star, also the Rebekahs. She is not asking this office through charity, but because she is a Republican, is qualified, and for the further reason that after a reasonable time, turn about is fair play.

Every dollar she makes now is needed for the support of her family, and she has no money to spend for a campaign. She must depend for support on the generosity and loyalty of her friends. She invites them to help her, and help her now. Her phone is Springfield 86-W. (Paid Adv.)

WHITE'S "SCANDALS" DUE ON McDONALD SCREEN

The film George White's "Scandals" opening at the McDonald theatre in Eugene Sunday for three days is constructed around a tender romantic story, interwoven with the spectacular revues and song hits. It is the story of a young man in the show who, although he loves his leading lady, falls victim to the attraction of a scheming young debutante, a celebrity-seeker of high standing. Realizing that this new romance threatens to ruin his show, George White, as the producer, devises a plan whereby the young man realizes his mistake, and goes back to his former love.

Rudy Vallee, Jimmy Durante, Alice Faye, Adrienne Ames, Cliff Edwards, Gregory Ratoff, Dixie Dunbar and Gertrude Michael are only a few of the principals of whom the large cast is composed. The entire film was conceived, created and staged by George White. Capitalizing on the proven ability of his staff, he was able to inject into the "Scandals" all the song hits, dance routines and spectacle that have made his past endeavors a by-word on Broadway. The "Scandals" boasts ten songs, all written by three of the country's foremost song writers, Jack Yellen, Irving Caesar and Ray Henderson.
