

LOCAL SCOUTS IN ANNUAL CIRCUS

More Than 700 Expected to Participate in Carnival at McArthur Court Saturday

More than 700 Boy Scouts from Lincoln, Benton, Lane and a part of Linn counties will participate in the annual Boy Scout Circus to be staged at McArthur Court in Eugene Saturday evening starting at 7 o'clock, according to H. B. Saltee, scout executive. Springfield Boy Scouts will participate in the big parade opening the demonstration says Glen Martin, scoutmaster. Many parents and others interested in scouting are planning to attend the circus.

Not only will spectators see a huge demonstration of scout work in itself very interesting, but a wide variety of thrilling and entertaining stunts have been worked out by the boys. The first will be a grand parade, in which the 700 or more scouts will take part. This will be followed by mass signalling, with 250 boys demonstrating various systems of communication. The flags and other paraphenalia will make a colorful display.

The feature of the evening will be a thrilling chariot race, in which 15 teams of five boys each will take part. Many of the teams have been training for this event, one of the most spectacular that can be imagined. A picturesque Indian pageant, and a pioneer dramatization, in which 500 will take part, will also be a part of the event. About a half-dozen bands have been engaged to provide entertainment for the evening.

The whole affair has been carefully worked out so that each event will run on schedule, and spectators will find something exciting and interesting going on at all times. The circus is expected to be the biggest and most elaborate in the state, with the exception of that recently held in Portland.

Scouts are now engaged in a competitive ticket selling campaign and report an enthusiastic response on the part of citizens of the various communities.

NATIONAL AWARDS WON BY O. S. C. ENGINEERS

Three O. S. C. engineering students have been given outstanding awards for their technical accomplishments in national competition within the last few weeks. Two of these students, Don Finlay, of Portland, and Ray Schwartz, Myrtle Point, took first and second prizes in a national technical essay contest sponsored by the Boeing School of Aeronautics at Oakland, California.

Finlay, a student in aeronautical engineering at Corvallis, submitted a paper on aircraft performance calculations for which he will receive a year's course for a master pilot, valued at \$5200. Schwartz' award is for more limited instruction valued at \$1020. This is the first time two of the four national awards have been won by students in the same college.

Waldemar Schmidt, Portland, a senior in chemical engineering, has been awarded a \$250 scholarship at Massachusetts Institute of Technology to continue his studies.

EGGIMANN COUGH DROPS DISPLAYED IN EUGENE

A display of Eggimann's cough drops is being held in the window of the Hoffman Jewelry store in Eugene this week as a part of the Home Products campaign. The cough drops have been made here for many years by Mr. and Mrs. C. F. Eggimann and have found a wide market extending as far as the Orient where many shipments have been made to the Chinese.

LIGHTNING DAMAGES POWER COMPANY LINES

Considerable damage to property of the Mountain States Power company in this vicinity was caused by the lightning storm during the past week-end. Transformers seemed to be eligible for the greatest damage. In one instance it was reported that three of the transformers had been struck and wrecked. In one place the lightning followed the power line to a residence and shattered the main switch, meter, and destroyed the radio.

CALL FOR WARRANTS

Notice is hereby given that School District number 19, in Lane county, Oregon, will pay at the office of clerk of said district, all warrants to and including 3173, dated October 27, 1933. Interest will cease after April 26, 1934. C. F. BARBER, Clerk.

DEFINES BANKERS' PART IN RECOVERY

Head of American Bankers Association Assures President of Confidence and Desire to Cooperate Among Bankers

WASHINGTON, D. C.—President Roosevelt in his address before the NRA conference here on March 5 announced that he had received the following telegram from Francis M. Law, President of the American Bankers Association:

"On this your first anniversary please allow me in behalf of the country's banks to express our full confidence and our sincere desire to cooperate in your courageous efforts to bring about recovery. . . . The banking structure of the country is sound and liquid and banks have never been in stronger position to function effectively. Conditions have improved to the point where it is no longer necessary for banks to be super-liquid. . . . There is a definite call now for banks, not to extend loose credits or to make improper loans, but for a most sympathetic attitude toward legitimate credit needs and for a recognition of responsibility for their proper and vital part in the program of recovery."

The Soundness of Banking
In an address before a recent trust conference of the association's Trust Division in New York, Mr. Law said:

"A depression cannot long survive a sound banking structure if the banking structure is responsive to legitimate needs and functions in a way that is virile and alive. The most cheering fact of the present situation is the knowledge that our banks are in strong position. . . . Recovery, even to the most pessimistic, is no longer a myth or a rumor, nor is it merely psychological. Abundant evidence and proof lie on every hand—tangible proof. With a return of confidence the wheels have begun to go round and a great many well managed businesses may look for a profit during this calendar year with fair assurance at least. For what has been achieved let us thank the President, who has labored with courage and patience and vision. Let us thank the Congress, whose members during the emergency have put the public welfare above partisanship. Let us thank one hundred twenty-five million of our own citizens who have refused to be stampeded, but rather who have kept alive the divine spark of faith and hope."

Cause for Confidence
"We may reasonably expect that the recent action of the government in stabilizing the dollar will have a marked tendency to encourage industrial and other business commitments. Business men need not be so exclusively engaged in taking counsel of their fears now that uncertainty does not haunt them."

"Much has been said about the loosening of credit by banks. During the acute period of the depression banks for the most part have not been lending normally, nor should they be blamed. With public confidence shattered the banker was properly concerned in liquidity, having in mind his primary obligation to pay off deposits. The situation has improved to the point where super-liquidity no longer seems necessary. Conditions have materially changed. Banks will desire, for every reason, to return to a more normal lending policy. This means a sympathetic attitude and a recognition of responsibility for his proper part in the program of recovery by the banker as he passes upon and meets sound credit requirements of business as it swings into and continues on the upward turn."

It costs about \$1.75 per thousand board feet to haul logs a distance of eight miles with motor trucks.

Thurston

Mrs. Owens, Miss Helen Eyer and Mrs. Hazel Edmiston motored to Monmouth last Saturday and attended a teacher's meeting.
Mr. and Mrs. Hugh Safely from Albany spent the week-end with Mrs. Safely's parents, Mr. and Mrs. Roy Edmiston.
Mr. and Mrs. Perry Price have returned from a trip to Mostana. Mrs. Price's parents accompanied them to Portland on their return trip.
Mr. and Mrs. Lynn Endicott have moved to Lebanon. Mrs. Endicott is going into beauty parlor work there.

Eugene's Leading Business and Professional Men and Women

PACIFIC HOSPITAL, Inc.

In this progressive age no department of human endeavor has made greater progress than that of Medicine and Surgery.

The people are educated to demand the best service in case of illness, and as a result hospitalization has made rapid advancement. It is a well known fact that the requirements of the public demand and need more and better hospitals in every city of the land.

The Pacific Hospital, Inc. of Eugene, realize this and as a result have used every endeavor to provide such an institution.

For instance, membership on the Staff of Pacific Hospital stands for:

First, physicians and surgeons who have earned the degree of M. D.

Second, doctors who by their preparation, qualifications, and character have been approved by county, state and national organizations.

Third, every member conforms to the ethics and requirements of the American Medical Association.

Fourth, this standard is maintained solely to insure the highest possible quality of service to the public.

This hospital is a thoroughly modern, standardized hospital and therefore is recognized by the American Medical Association and American College of Surgery. Without the recognition of these two institutions a hospital is not fully standardized. This hospital is Non-Sectarian.

Its pathological laboratory and X-ray departments are in the charge of Physician Specialists and only graduate nurses are employed.

GRAND ORGANIZER IS VISITOR TO WOODCRAFT

Neighbor Davis of Denver, Colorado was a visitor and speaker here last night at the semi-monthly meeting of Pine Circle, Neighbors of Woodcraft, at the O. O. F. hall.

Following Mrs. Davis' talk M. A. Pohl guardian neighbor, and officers of the local circle, were chosen to head one team in a membership drive. Ray Stevens, captain of the drill team and members of her team were chosen to lead the other group. Other members of the circle will be added equally to the two teams.

ERGATHA ENTERTAINS FOR WOMEN'S GROUPS

Members of the Ergatha class of the Methodist Sunday school, entertained at the church Wednesday afternoon for the women's classes of the Christian and Baptist churches. Mrs. W. E. Buell is president of the class and was assisted by the following committee chairmen: Mrs. Roy Palmer, Mrs. Charles Myers, Mrs. Pratt Holverson, Mrs. R. L. Drury, Mrs. P. J. Bartholomew.

The consumption of forest fuelwood in Oregon and Washington annually amounts to about 1,700,000 cords, according to the Pacific Northwest Forest Experiment station. Douglas fir makes up over three-fourths of this fuelwood.

When No. 1 Douglas fir logs sold for \$24 per thousand feet in 1925, they were worth slightly less in exchange for other commodities than when they sold for \$16 in 1932.

Price fixing under the NRA lumber code had a precedent during the World War when the government established maximum prices for lumber.

A: The Dinner Party With Dr. Wirt

WASHINGTON . . . Pictured above are the persons named by Dr. Wirt, Gary, Ind., educator, as having attended a dinner at which the "Brain Trust" revolt talk was a subject of discussion. Each of those named, but satellites in government affairs, emphatically denied any such discussion and Dr. Wirt was termed by one "a monologist, who talks all the time." . . . Upper picture shows David Coyne, Mary Taylor and Alice Barrow. Insert left, Laurence Todd and right, Miss Hildegard Kneeland, those who attended the dinner.

GRACE SCHISKA

Present County Treasurer

A native daughter, she has always lived in Eugene, where she is a leading figure in civic and community affairs.

Grace Schiska is known throughout the county as a woman of high principles and sound judgment and performs her duties with efficiency. It is a responsible office and it is much to her credit that there has been no litigation in connection with the county funds on deposit in closed banks. She has been obliging and courteous to all taxpayers, assisting wherever she can

with safety on their warrants and other matters. She has been commended, and justly so, for her industry and diligence in serving her public to the utmost of her ability, and if she is nominated at the coming primaries she asks the nomination because of "Service and Experience." Nothing the News can say will add to or take away her standing with the people of Lane county.

She is known by her works. She has been tried and not found wanting. (Paid Adv.)

MRS. PEARL SCHANTOL

Candidate for Republican Nomination, County Treasurer

Mrs. Pearl Schantol, a well known business woman residing between Eugene and Springfield, is asking her friends, and she has many, and her enemies, if any, to vote for her in the coming primaries for the republican nomination for County Treasurer of Lane county. She is asking this for the reason that she wants the office and believes she is qualified for it. Born in Adair county, Iowa, she graduated from the Greenfield, high school in 1909, and her father being county auditor, she was appointed a deputy, and for several years filled that important office. Her father then became postmaster and she filled acceptably the position of assistant until his term expired. Thus as a young woman, she had extensive experience in public office. After her marriage, her husband being in business at Creston, Iowa, she assisted him by keeping books.

After moving to Oregon, her father conducted a Greenhouse and nursery here and she assisted him in the business and kept the books. Her husband died 10 years ago, and left her a small home and four children to support. She has bravely and uncomplainingly taken up the battle, and has set an example for other women left in like circumstances, without a husband, to fight for her and family. She is a member of the local Eastern Star, also the Rebekahs. She is not asking this office through charity, but because she is a Republican, is qualified, and for the further reason that after a reasonable time, turn about is fair play.

She must depend for support on the generosity and loyalty of her friends. She invites them to help her, and help her now.

Her phone is Springfield 86-W. (Paid Adv.)

Designed in sizes, 14, 16, 18, 20 (with corresponding bust measure, 32, 34, 36, 38, 40, and 42). Size 18 requires 4 1/2 yards of 39 inch material with 1-3 yard contrasting.

SEVERAL PLAN TRIP TO COAST FOR OUTING

Several Springfield people are planning a trip to the coast Sunday to participate in the annual Rhododendron day celebration being sponsored by the Siuslaw Chamber of Commerce.

A sea food dinner will be served from 12:30 to 1:30 for which a charge of 25 cents will be made.

Mrs. Wheaton Chairman
Mrs. C. E. Wheaton was chairman of the annual costume party of the Amaranth order at the Masonic temple in Eugene Monday evening. The party was attended by 55 who dressed as children.

Has Operation — Mrs. Laurence C. Moffitt underwent a major operation at the Pacific hospital in Eugene on Monday morning.

The first sawmill in the Willamette valley was built at Newberg, in 1837 or 1838. It was swept away by high water in the winter of 1840-41.

Price fixing under the NRA lumber code had a precedent during the World War when the government established maximum prices for lumber.

McKenzie Valley

Upper Camp Creek school defeated Deerhorn school in a ball game on their diamond Friday afternoon by a score of 33 to 12.
The Waltherville N. O. W. lodge had as special guests their organizer, Mrs. Davis and her husband, Friday night at their regular meeting.
The Leaburg - Waltherville - Fairmount congregations will unite in services at Fairmount Presbyterian church Sunday morning. Leaburg church choir will assist in providing music. A basket dinner will feature the noon hour.

Make Trip to Salem
Mr. and Mrs. E. E. Pyns drove to Salem Sunday evening to bring home a group of local young people who had been attending the three day session of the state Christian Endeavor.

GOOD PAINTING WEATHER? WHY MAN - IT'S PERFECT!

Between 1925 and 1929 nearly ten billion board feet of timber were removed annually from the forests of western Oregon and Washington, according to figures compiled by the Pacific Northwest Forest Experiment station. These logs, cut to meet the demands of the wood-using industries, would furnish enough lumber to construct 600,000 average sized residences.

DAIRY PLAN SHELVED BY NATIONAL AAA OFFICERS

Divided sentiment in the dairy industry nationally has caused the abandonment of the plan of putting into effect a benefit payment plan of production control, extension officials at Oregon State college have been notified. The decision followed study of the reports from the 15 regional dairy conferences held throughout the country.

Abandonment of the proposed plan for the present at least is in line with the fixed policy of the AAA not to attempt adjustment programs without the expressed support of a substantial majority of the industry, the announcement sets out.

A limited program of diseased cattle reduction and relief purchases financed by funds made available by congress may be carried out. The present policy of milk marketing agreements will also be continued, but no general control plan will be instituted until the industry as a whole is more nearly agreed on such a program.

The Pacific Northwest gave strong support to the proposed adjustment plan and may petition that certain portions of it be made effective in this territory, according to Dean Wm. A. Schoenfeld, O. S. C., who presided as chairman at the Portland regional meeting.

GAME CONTROL

(Continued from First Page)

McKenzie highway.
The next meeting will be called for Monday, May 28, it was decided at the gathering this week.

Want Flood Gates Closed

The club secretary was also instructed to communicate with the proper authorities and see if the flood gates on the Leaburg dam cannot be kept closed on Sundays. Complaints have been made recently that the gates are opened on Sunday and the water below the dam becomes so muddy as to ruin fishing.

At a meeting of the rifle and pistol division of the club immediately following the session of the larger group it was decided to hold shoots on separate nights. Rifle shoots will be held on Mondays hereafter, and pistol shooting will be held on Fridays. All score cards are to be signed and turned in to Ray Nott, secretary, after each shoot. He will compile the results and later divide the groups into two teams with the two highest as captains, and the next two highest each on different teams and so on down the list. Competitive shoots will then be held between the teams.

It was also decided to organize a circulating library of outdoor magazines and other literature which is interesting and instructive to members of the club. This will be maintained by N. L. Pollard at his plumbing shop.

SECRETARY WALLACE WILL BE AT MEDFORD

Medford, Ore., April 26—(Special)—Agriculture, and the important part it played in early Oregon history, will be stressed on Friday, June 8, of Oregon's Diamond Jubilee celebration in Medford and Jacksonville next June 3 to 9. Definite assurance have been received from Washington, D. C., that Secretary of Agriculture Henry Wallace will be in attendance.

Secretary Wallace, one of the key men of the administration, will deliver the address of the day in Medford and has announced that he has a message of particular interest to agriculturists and to residents of the state as well.

An agricultural parade, with entries open to all communities of the state, will also be featured that day, as well as a picnic basket lunch in the city park.

Take Outing—Mr. and Mrs. O. D. Metcalf and Mr. and Mrs. Arthur Neat spent the week-end at Florence.

Tonsils Removed — Joan and Jackie, children of Mr. and Mrs. C. F. Barber, had their tonsils removed Wednesday.

Creamery Man in Salem—John D. Pyle of the Springfield Creamery is in Salem today on business.

Take Marriage License—Robin Gordon Barnes of Springfield and Edna Elsie Starr of Eugene applied for a license to marry Wednesday at the county court house.

Parents of Daughter—Mr. and Mrs. J. V. Huckins of Leaburg are the parents of a baby daughter born to them at the Pacific hospital in Eugene on Wednesday, April 25, 1934.

Tonsils Taken Out—Miss Bernice O'Quinn underwent a tonsil operation here Wednesday.

Between 1925 and 1929 nearly ten billion board feet of timber were removed annually from the forests of western Oregon and Washington, according to figures compiled by the Pacific Northwest Forest Experiment station. These logs, cut to meet the demands of the wood-using industries, would furnish enough lumber to construct 600,000 average sized residences.
