

FERA FUNDS FOR CO. AGENT AIDE

Relief Funds Available For Assistants Doing Rehabilitation Work in Relief Field

Assistants to county agents, either men or women, may be employed with emergency relief funds to devote their entire time to rural rehabilitation phases of the relief program, according to statements from the Agricultural Extension Service and Federal Emergency Relief Administration.

"Although county extension agents are very busy with their regular and emergency projects, they can usually find time to help county relief committees. In particular they can conduct county-wide demonstration meetings and short courses in work which relief families might do outside of time spent on their small food and feed tracts," according to H. W. Gilbertson, senior extension agriculturalist.

Mr. Gilbertson said instructions might be given in:

- "Carpentry, painting, plastering, papering, and cement work to prepare individuals to assist with work of this kind in rural communities;
- "Running levels, laying out terraces, and damage ditches;
- "Installing water supply and sewage disposal systems in farm homes;
- "Clothing construction and remodeling for those who are to help make up or renovate clothing for relief families;
- Furniture and home equipment repairing, and repairing farm machinery.

Mr. Gilbertson pointed out that county agents and vocational teachers are expected to act "only in an advisory capacity," and will not serve as members of the county or rural committees. They should, however, attend all meetings of county committees, he stated.

The statement suggested that that county rehabilitation committees include five to seven "public spirited home makers, farmers and other citizens in full sympathy with the program." This committee should include, it was said, the president of a women's organization or some other leader among rural women. In addition to that committee, it was suggested that there be a committee of three to five members in each community.

MANY SONG HITS HEARD IN 'SWEETHEART' FILM

The old days when audiences left a theatre whistling and humming will return when the First National picture, "Twenty Million Sweethearts" is shown at the McDonald theatre starting Sunday.

Musical hits to be heard in the production are "The Man on the Flying Trapeze," with Dick Powell; "The Last Windup," a takeoff by the four Hebrew comics on "The Last Roundup"; Mills Brothers in "It Wasn't Told To Me, I Only Heard"; Ginger Rogers steps forward to sing "Out For No Good." Other numbers heard include "I'll String Along With You," "Fair and Warner," "How'm I Doin'," and "What Are Your Intentions."

Ted Fio Rito and his orchestra, in their appearance as the music-masters in a Long Island inn, deliver a marvelous recording of the song hit.

Toward the end of the picture, when Dick is trying to make a comeback after proving a failure in his radio career, he sings "I'll String Along With You," later being accompanied by Ginger Rogers.

The cast includes Dick Powell, Ginger Rogers, Pat O'Brien, Allen Jenkins, Joe Cawthorne, Joan Wheeler, Grant Mitchell, Henry O'Neill, Johnny Arthur, the Four Mills Brothers, Ted Fio Rito and his orchestra, and others.

Summer Play Frocks Pattern 8229: Mothers will choose this frock for their small daughter to wear on long summer afternoons after the nap. Made in a material which launders well, it will look as crisp and fresh as the small beauty it adorns.

It is simple and easy to make. Clear instructions carrying along the making step by step are given. One idea for making it is cross-barred dimity in white with plain white collar.

Pinafore Frock Pattern 8205: Little girls are never too young to like pretty things to wear, and this little frock is so easy to make and to launder that mothers and small daughters will agree on choosing this style. The side pleats with bows below the kimono sleeves are attractive points in this little dress and the pinafore effect is very appealing.

Printed and plain percale would be the sweet in blue or pink and also very durable and color fast.

BIG-TIME ACTS FOR CIRCUS SCHEDULED

The indoor circus of the American Legion at the Eugene armory June 4 to 9 inclusive will have no local talent as all of the 18 big circus acts will be supplied by the West States Circus, which in the past three years including both summer and winter have covered the entire western state from Canada to Mexico, playing for fraternal organizations and are known as America's premiere fraternal attraction which name was given them by the Spokane Review when they played that city under the auspices of the Spokane Shriners.

The old saying, "that the circus takes all of the money out of town" is a fallacy, the management says. There are 75 people with the show. Putting the living expenses of each individual at the lowest possible minimum at \$15 a week, that alone would mean that the circus personnel will spend around \$1200 in the city for hotels and meals as the circus does not carry any sleeping cars or cook-house.

This of course in addition to hall rent, electricity, bill posting, newspaper advertising, hauling and one hundred other incidentals will mean that the show will spend around \$2500.

In addition to the circus there will be exhibits on the main floor of the armory such as radios, sewing machines, washing machines, and frigidaires.

MOLALLA BUCKEROO TO FEATURE WILD HORSE

Molalla, May 31—The 11th annual Molalla Buckeroo to be held July 1, 2, 3, and 4 is planning a better entertainment this year than any of its successful history. The horses are being furnished by Hught and Crow and are being driven overland in easy stages from the Burns country which is still untamed by modern life. They are used in Lakeview and other famous round-ups. They are the wildest of the wild. These untamed buckers will test the skill of some of the worlds best cowboys who are coming from every stock center of the northwest including Canada.

The fame of the Molalla Buckeroo has reached all over America and many come from a great distance to enjoy a few days in the atmosphere of the romantic west.

TELEPHONE WORKERS BRAVERY AWARDED

One group vail plaque has been awarded by a national committee to employees of the Southern California Telephone Co., and another to employees of the Associated Telephone Co., of Long Beach, according to word received by Mrs. Zella Cantrell, local telephone manager.

Many telephone girls and men stuck to their posts continuously 24 to 48 hours and longer, refusing to leave, during the earthquake in Southern California last year.

The impossibility of singling out individuals for personal medals required counting all the employees of each company as winners of the group plaques. This is the first time such a citation has been made in the history of the National Vail medals, memorials to Theo. N. Vail, pioneer Bell System president.

NEW BUN BREAD IS INTRODUCED IN CITY

The new Bun Bread loaf is now being introduced to customers of the Springfield Bakery wherever the bakery sells bread in Lane county by Carl J. McKee, proprietor.

This new loaf consists of four sections of bread dough cut and placed in a baking pan in such a manner that when the bread has been baked and sliced it is cut with the grain instead of across the grain as in most loaves. It is being made in both whole wheat and white and is wrapped in an entirely new and more attractive double wrapper.

Mr. McKee has been experimenting with the new loaf for several months seeking some method of eliminating the usual air holes in the loaf of bread and also providing a loaf which will keep longer without drying out.
