TO RETAIN THAT YOUTHFUL VISION People reaching the ages of maturity often find that the comfortable vision formerly enjoyed is not quite the same. The surest way to retain youthful vision is to have your eyes examined periodically. Neither you nor anyone else can tell whether or not your eyes are efficient without an examination. of jail, and the iron entered into his soul. He had come, at last, to the beginning of repentance. The father and son went slowly, and the other two, Lomax and Haddon melted quietly away toward the river meadow.

Richard stood still, rooted to the spot, his face as white as his shirt, his eyes were on Nancy, and hers were fixed on the distance where her father and her brother had gone. Suddenly it came to her that they had gone home and left her. Left her alone with the man she had married. She drew a quick breath, a wave of crimson rose slowly, it rose all over her quivering young body and rushed up to her white face. Her eyes sank and her hands shrank together. She was silent, but she had heard what he said to her father and to the others. He had said he loved her, that he was proud that she bore his name!

The silence grew and grew. It seemed to her that it was killing her. She heard the drip of moisture from the quivering boughs of the trees; the faint fragrance of opening buds came to her. It was almost more than she could bear. Then Richard's voice, broken and changed. "Nancy, you didn't mean that? You did it to save Roddy from murder, you—"

She was dumb, but she made a faint, wavering gesture of denial. "Nancy, I beg your pardon—I didn't know the things that were said—it's all my fault. It was up to me to protect you, I—" he stopped and then, hoarsely: "God knows I wish you did mean it—I love you with all my soul!"

She lifted her head at that, and the moonlight found her face; slowly, almost reluctantly, she raised her eyes to his. He caught his breath. A great light broke. "Nancy! You don't mean that you—" his voice failed, it died in his throat. He caught her hands with a force that almost hurt them. Even his lips were white.

"Nancy Virginia—" he drew her toward him, looking into her face, the power in his eyes holding hers—"shall I take you home—to them?" he asked, and his deep voice broke on the word, "or—?" She could not take her eyes from his. She no longer tried. Her face quivered and softened into a happy smile.

"Richard," she answered softly, "I—I've come to you!"
