CROWE'S ELECTION VITAL

O. E. Crowe is the most capable and has a better understanding of Lane county as a whole than any county commissioner this county has ever had. We say this because the problems he has had to face in this emergency have been larger, more difficult and more personal than any put to a county commissioner before. To our mind he has handled his job well and undoubtedly to the best interest of Lane county as a whole.

He was the outstanding official who put the "New Deal's" employment relief program in operation in Lane county. He did it with greater speed and less overhead cost than almost anywhere else in the country.

The responsibility placed upon him as CWA head, in SERA work and emergency relief in general has been the heaviest any county commissioner has ever been called upon to bear. He has not shirked his duty nor followed the course of least resistance but met each problem squarely on the grounds he believed to be the best interest of Lane county even though it meant political opposition.

Unfortunately in relief work there are many of those who receive who are never quite satisfied and those who are refused are always dissatisfied. Any official who must deal with relief necessarily makes political enemies, who are out at election time "to get him." He must divide the sheep from the goats and then act in accord with limited resources.

As citizens and voters we must have judgment enough to support for re-election those who have courageously acted for the country's best interest, else we soon will be served by a bunch of political "pussy-footers," and there will be no reward for faithful and honest service.

The re-election of Commissioner Crowe is vital to the best interest of Lane county.

RE-ELECT GRACE SCHISKA

You would not fire a reliable experienced and efficient head bookkeeper if you were manager of a corporation doing a two million dollar business for the sake of giving the job to an inexperienced friend or a member of your political party. Your business judgment would be better than that, and if it were not you could be sure that the board of directors would have you on the carpet.

Grace Schiska as treasurer and bookkeeper for Lane county handles two million dollars a year of the county, city and school district tax money. Her experience and efficiency in accounting for every penny of this money enables her to turn it over in the shortest period of time. With hundreds of thousands of dollars in six per cent interest bearing warrants outstanding by county, cities and school districts, the sooner the accounting of the tax money the sooner it can be paid out and the interest stopped. An efficient hard-working treasurer can save the taxpayers more money than her salary every year. An inexperienced and inefficient one can be a positive liability to the county.

Laying aside politics! It is good business judgment to re-elect Grace Schiska county treasurer.

MOTT FOR CONGRESSMAN

James W. Mott should be re-elected to congress. He is a capable and successful congressman and with one term's experience behind him even better service will be had in the future since he will draw strong committee assignments.

Mott is no rubber stamp for anybody. He is not afraid to say "No." Legislation and policies must be backed by sound reason and facts before they get his approval. He is an able debater and an effective committeeman, a factor to be reckoned with when selfish legislation comes on the calendar. He always looks for the joker and is a foe to special privilege.

We need congressmen who can think of something else besides reaching deeper into the public's pocket. No democracy can be run by bureaucrats and extravagant spenders for long. Legislation for permanent relief and reconstruction must be forthcoming.

Mott's record has been one of achievement for the first district. It is only good business to return him to congress.

DUNNE IS OUR CHOICE

Joe Dunne is our choice for governor. Between the hard-boiled, stubborn and intolerant Martin and the red-eyed socialist Zimmerman there is no choice but Dunne. To our mind he will make a good governor. He is liberal enough to satisfy sensible people and yet not so radical as to be unsafe. He preaches a doctrine that has always been ours, "Pay as You Go."

Dunne's chief critics point to him as a shrewd politician. He is also a good business man and an experienced legislator who knows the state's problems thoroughly. But being a politician is an asset rather than a liability in these times. Politicians know how to get things done. Roosevelt is the country's outstanding politician. Never was anything else.

Senator Dunne has never been beaten in a political campaign. He looks like a sure winner now.

TAX LIMITATION FORCES OTHER TAXES

Even the most ardent supporters of the 20 mill tax limitation bill admit that there will have to be supplemental legislation to provide money to run the government, state, county, city and school district, if their measure passes. Their argument is that it is not their problem as taxpayers to find a way. But it is just as much their problem as anyone else's.

If we pass this measure we must also consider we will be called upon to pass other forms of taxation. We will undoubtedly have to choose two or three of the following:

- A high sales tax.
- An income tax in the lower brackets.
- An occupation tax.
- A luxury tax.
- Diversion of the gasoline tax.

The method used in bringing the 20 mill limitation before the people alone is to secure passage without antagonizing other classes of voters and to force some of these other taxes on the public later. When you vote for the 20-mill limitation you are surely making some other form of taxation mandatory.

Regardless of what supporters may say as to only a 25 per cent cut the fact remains that the operating side of our government—Lane County, Town of Springfield, Springfield school district, will be cut more than 50 percent. They can not begin to operate on such a cut and you will have to submit to some other form of taxation.

OUR VOTE ON THE MEASURES

- Grange Power Bill. NO.
- Tax Limitation Constitutional Amendment. NO.
- Healing Arts Constitutional Amendment. NO.
- Prohibition of the Sales of Alcoholic Liquors. NO.
- Prohibition of the Sale of Alcoholic Liquors containing 5 per cent alcohol by Weight, for beverages. NO.
- For creation of county school district. (County Unit Plan.) YES.

With all the candidates ready to do or die for Dear Old Springfield democracy is yet safe.

DEFEAT THE HEALING ARTS CONSTITUTIONAL AMENDMENT! VOTE 305 X NO

Every person in Oregon is vitally concerned in the proposed "Healing Arts Constitutional Amendment" which will be on the ballot at the general election November 6.

Under the fictitious claim of preventing "MEDICAL MONOPOLY," this vicious Healing Arts Constitutional Amendment is proposed by healing "cultists" and others having selfish interests, in order to destroy the effects of the Basic Science Law passed by the last Oregon legislature. It also is designed to destroy the high standards maintained by our Oregon hospitals, and to rob the State Industrial Accident Commission of its power to properly administer the ever efficient Workmen's Compensation Act.

This Amendment is a direct attack against Oregon's enviable health standards and low rate of mortality. It challenges the self respect and common sense of every person who has the welfare of this state at heart.

Every voter in Oregon should make it his or her business to appear at the polls on election day and vote "NO" against the Healing Arts Constitutional Amendment.
