CUMULATIVE RECORDS OF STUDENTS STARTED Cumulative record cards for each student in the Springfield school system have been received from the county school superintendent's office and will be filled out for each student. The school board approved the purchase of suitable filing cabinets for the cards in each school at their meeting this week. The cumulative record lists the school, teacher, and grade received in each subject of each child during his entire eight years in grammar school. When the student transfers to another district his card is sent to the new school, thus making it possible to secure a complete record of the early education of the child. The back of the cards provide for grading of the student each year under the headings of school citizenship, special interest, and health record.
