

CHOIR CONCERT VESPER PROGRAM

Annual Presentation Of M. E. Choir To Be Sunday; Start Easter Cantata

The choir of the Methodist church under the direction of Mrs. Buford Roach will present a special musical program Sunday evening at five o'clock for the vesper service. This concert has been given for the past few years and always attracts a large audience.

Complete details for the program cannot be announced this morning, but it will include anthems by the choir, solos, duets, and other vocal arrangements, and special piano and violin selections. Program numbers will include some of the best known selections in the sacred group.

"Transformed personality" is the theme of the morning sermon which Rev. Dean C. Poindexter will preach Sunday at 11 o'clock. The Church School meets at 9:45 and the Epworth League with meeting at 6 o'clock.

The choir is now at work preparing the sacred cantata, "The Seven Last Words of Christ," by Th. Du Bois, for Easter.

SENIOR H. S. STUDENTS IN PICTURE WITH MARTIN

Senior students at the Springfield high school are proudly looking at a picture which they have received of themselves taken with Governor Charles Martin while on their recent visit to Salem. While visiting the state buildings, Governor Martin readily agreed to step outside of his office to pose with members of the entire class.

Thurston

The high school was dismissed for several days last week so students could attend the basketball tournament in Eugene.

James Hasting who has been running a restaurant in Eugene has sold out and is now at the home of his parents, Mr. and Mrs. Charles Hastings.

Mrs. Rhodes from Salem spent the week-end with her daughter, Miss Grace Rhodes, who is teaching at Cedar Flat.

"DAVID COPPERFIELD" COMES TO McDONALD

Film Company Spent Two Years Making Moving Pictures Of Dickens Epic Story

After more than a year of preparation and filming, "David Copperfield" is finally coming to the screen!

It opens Sunday at the McDonald theatre as one of the gold medal pictures of recent years. No photoplay in recent years has aroused more advance interest than "David Copperfield." Listed among the immortal stories of all times, it frequently was described by Charles Dickens, its author, as "my favorite child." It is a story that has been read by untold millions since it first was published, and its presentation on the screen is awaited eagerly.

No liberties have been taken with the original story, according to advance information. It remains a thrilling, dramatic and humorous tale of adventure and romance, just as Dickens wrote it.

Filmed both in England and America, "David Copperfield" boasts an all-star cast of unusual proportions. No less than sixty-five stars and featured players have the principal roles, with many other players in supporting parts.

The cast of "David Copperfield" reads like a Blue Book of the screen. W. C. Fields plays Micawber, the improvident but lovable serio-comic character. Frank Lawton and little Freddie Bartholomew divide the title role. Lionel Barrymore, Madge Evans, Maureen O'Sullivan, Edna May Oliver, Lewis Stone, Elizabeth Allan, Roland Young, Basil Rathbone, Elsa Lanchester, Jean Cadell, Jessie Ralph, Lennox Pawle, Herbert Mundie—these are but a few of the stars and featured players who portray "key" parts.

FORD AND SON PLAN VISIT TO COAST SOON

Henry Ford will make a personal visit to the West Coast this summer to see the California Pacific International Exposition, which opens May 29 at San Diego. Edsel B. Ford, President of the Ford Motor company, will also visit the exposition some time during the summer, but whether or not circumstances will permit father and son to make the trip at the same time cannot now be determined.

The chairman of the board of directors of the exposition, G. Aubrey Davidson said, "We hope to make the exposition a definite factor in the encouragement of friendship among the nations. We are inviting the government of all nations on the Pacific Ocean to participate and, so far, we have had more than a score of acceptances."

The Ford building, cast in modern lines and embracing open-air features permitted by the mild Southern California climate, is to be of permanent construction and is to remain in Balboa Park after the exposition is over.

It will be an immense circular building, fronted by a high tower, built on a promontory skirted on three sides by a deep canyon. The rear of the building will open on a balcony which will afford visitors a beautiful view, with the glistening Pacific in the distance. Over the terraced slopes of the canyon is to be built one of the most attractive features of the Ford exhibit—the "Roads of the Pacific"—reconstructed replicas of typical roads of the principal countries fronting on the Pacific Ocean.

The Letter Box

Mr. Peterson's Version

A story has been circulated that the Mayor had the Recorder write a letter to the Mt. States Power Company at Albany for an appointment with their management; that the Recorder then took the letter to Mr. Barnell who told him to tear the letter up and pay no further attention to it or something to that effect and that as a consequence the letter was never mailed.

This story has received considerable circulation in Springfield and is designed to show that the Recorder was not willing to cooperate with the Mayor and Council. The thinking people here know me well enough to know that this story is not true. The truth is as follows:

The Mayor had the Recorder write a letter requesting an appointment, but told the Recorder to see Mr. Barnell before he mailed the letter and let him know what was being done. When Mr. Barnell was told about the letter, he said he was in touch with the Albany office by telephone every day or two and that he would like to make the appointment by telephone. The Recorder then returned to the City Hall and informed the Mayor that Mr. Barnell would prefer to make the appointment by telephone and that it was not necessary to mail the letter. The Mayor knew of the entire transaction at the time and the appointment was made by telephone and as a result an audience had with the Mt. States Power Company.

I. M. PETERSON, Recorder.

EDITOR'S NOTE—When shown this letter and asked if he wished to reply to it in the same issue, Mayor E. H. Turner said:

"Mr. Peterson's version is not my version of what actually happened in this matter. However, we will let that pass. I understand that Mr. Peterson is leaving us to go into business in another city and I wish to say nothing that will reflect on his integrity. I wish him success in his new undertaking."

Visit at Salem—Roy Quiney, principal of the Lincoln school, and L. C. Moffitt, county school superintendent, spent Tuesday at the legislature at Salem.

ADJUSTMENT RAISES HOG INCOME

Inspected Hog Slaughter, and Total Paid by Packers, for first 8 Months, 1933 and 1934

Year	Slaughter (Pounds)	Total Paid by Packers
1933	7,800,000	\$3,000,000
1934	6,900,000	\$3,567,000

PRELIMINARY studies indicate that a substantial increase in hog income is resulting from the adjustment in hog marketings effected by the 1933-34 emergency hog-buying programs and the 1934 corn-hog production adjustment program of the Agricultural Adjustment Administration. The graph above shows that the total estimated cost to packers for hogs slaughtered under Federal inspection during the first eight months of 1934, including the processing taxes due, was approximately \$100,000,000 larger than for the corresponding period in 1933.

This represents an increase of about one-third in total cost and of more than one-half in the hundred-weight cost of live animals. At the same time, the total inspected slaughter of hogs for the first eight months of 1934 was about 13 per cent under the total for the corresponding period for 1933.

A part of this gain has been due to an increase in consumer's income and to some adjustment in tonnage effectuated by the shortage of feed supplies resulting from drought, but production control under the Agricultural Adjustment Act has been a large factor. Hog prices throughout the current marketing year are expected to average higher than for several seasons.

Corn-hog farmers of the United States will have an opportunity to hold gains made this past year by cooperating in the 1935 corn-hog program now being offered by the Agricultural Adjustment Administration.
