LUMBER ORDERS EXCEED PRODUCTION FOR WEEK

Seattle, Wash., March 14-A total of 539 down and operating mills in Oregon and Washington which reported to the West Coast Lumbermen's association for the week ending March 2, produced 88,917,539 board feet of lumber. This was approximately 3,000,000 feet under of Vancouver, Washington arrived the preceding week. The average weekly production of this group of few days visiting at the home of sawmills in 1935 has been 78,906,-717 feet; during the same period in 1934 their weekly average was 78,717,413 feet.

> The new business reported last week by 537 mills was 91.391.979 board feet against a production of 88,901,601 feet and shipments of 110,854,170 feet. Their shipments were over production by 24.7 percent and their current sales were over production by 2.8 percent. The orders booked last week by this group of identical mills were over the total in the preceding week by about 10,000,000 feet or approximately 12.4 percent.

A group of 438 identical mills whose records are complete for both periods show total orders 1935 to date of 776,646,152 board feet, compared with 672,192,705 board and wife; A. A. Bristol and Wini- feet for the same period in 1934, an increase of 15.5 percent.

The unfilled order file at these mills stood at 383,529,196 board feet, approximately 25,000,000 feet under the week before. The aggregate inventories of 438 mills are 0.3 claiming any right, title, estate percent less than at this time last lies or interest in the real estate year.
