

NATION LEADERS TO SPEAK AT U.O.

Planning To Be Theme Of Annual Commonwealth Meet March 25, 26, 27

Three nationally known authorities from out of the state, as well as several prominent Oregon and Northwest leaders, will headline the speaker's list at the annual Commonwealth Conference, session of five state-wide groups, to be held on the university campus March 25, 26 and 27.

The speakers from out of the state include Earle S. Draper, Knoxville, Tenn., director of land planning and housing for the Tennessee Valley Authority; C. W. Ham, Chicago, director of field service for the American Municipal Association, and Gordon Whitall, Los Angeles, outstanding authority on planning in California Governmental Simplification.

Governor Martin will head the northwest group of speakers, which includes Marshall Dana, head of the Northwest Regional Planning Commission and many others.

Many Groups To Meet

Groups which will participate in the sessions will be the League of Oregon Cities, Oregon State Planning Board, Oregon State Planning Council, Oregon Chamber of Commerce Secretaries Association, and the Oregon Recreation group.

Topics and speakers for joint sessions will include "The Picture of the Future" by Governor Martin; "The TVA and Its Significance to Oregon" by Mr. Draper; "New Relationships with the Federal Government" by Mr. Ham, and "Problems of State Planning" by Mr. Whitall.

The League of Oregon cities will hold its 10th anniversary convention on March 25 and 26. Legislation affecting cities and new relationships with state and federal governments will be discussed in opening meetings, with series of talks on every day problems of city governments and the annual business meeting listed for the following day.

Governor Martin will meet with the Oregon State Planning Board on Monday, March 25, for a discussion of governmental reorganization.

More than 500 prominent citizens of the state are expected to attend the conference.

REV. SHAW WILL FORM MEN'S BIBLE GROUP

Pastor Promises Biblical Answer To Bible Questions Without Additional Comment

Rev. I. G. Shaw, new pastor at the Christian church, today announced plans for a large city-wide men's Bible class to meet at the church each Sunday morning at 9:45. Rev. Shaw has won a reputation as a leader of men in his previous charges, and states that he hopes to have 100 enrolled in the group here.

The average man is more religiously inclined than the average woman, Rev. Shaw says he has discovered. The average man wants a religion that applies the Divine Gospel to his needs for today.

Rev. Shaw promises to give a Bible answer, without comment, to every Bible question. Any man now a member of a Bible class is not wanted in the new class. It is the fellow who goes nowhere to Christian worship and study whom we want, he says.

At the morning service the pastor will give the first of a series of sermons on "The Church of which we read in the New Testament; its organization and government." Miss Pearl Helterbrand will sing a solo at the service. The evening sermon will be "Why Did Jesus Come?" Special music will be given by the choir in addition to inspirational singing by the congregation.

Injures Hand—Effie McCune, student at the Glenwood school in West Springfield, cut her hand while swinging in one of the swings on the school playground Tuesday.

BOOKLET ON FARM CREDIT

A booklet has been published by the Agricultural Commission, American Bankers Association, on "Factors Affecting Farm Credit," for the purpose of furthering on a national scale the taking of farm inventories and the making of credit statements as sponsored by the commission in cooperation with the state colleges of agriculture and the U. S. Department of Agriculture. The goal is better relationships between farmer customers and their banks.

NEW WEALTH FROM SOIL

New wealth which comes from the soil is of special interest to those to whom falls the responsibility of maintaining our credit structure.

Unless agriculture is successful farm borrowers cannot ultimately succeed, neither can the banks that serve. Foreclosure sales are not a sound basis for good farming or good banking. Bankers, therefore, are as much interested in the permanent success of the agricultural industry as are the farmers, whether the deposits come directly from farm patrons, or indirectly through the ordinary channels of business.—D. H. Otis, Director of Agriculture, American Bankers Association.

Spare the Axe and Wield the Dust Gun When Chickens Catch Cold

WHEN epidemics of severe colds, roup, and bronchitis break out among your flocks, try the dust-gun before you use the axe," is the advice of many poultry experts today. Until recently, it was generally felt that it was difficult to control diseases of this type. Flock treatments, such as the use of vapor sprays, were usually ineffective, and, though the treatment of individual chickens might be successful, the benefits of the treatment were too often counteracted by the dampness of the spray. Hence drastic culling measures aimed at protecting healthy members of the flocks from the spread of infection were frequently recommended. Now, however, many are advocating a new method of combating respiratory diseases, which was developed at the New York State In-

FISHING SEASON WILL BE OPENED APRIL 5

Dates And Bag Limits Established By Game Commission At Portland Meeting

Just three more weeks and the fishing season will open.

Friday, April 5, was designated as the opening day by the State Game Commission at their meeting Friday and Saturday. The season will close on October 31. This is following the precedent established last year when the season was opened 10 days early and closed on November 15, 15 days earlier than usual.

Bag limits will be 15 pounds and one fish or not over 20 fish in one day or 40 fish in any seven consecutive days. The week's limit shall be the possession limit.

Most of the Cascade lakes will be open from April 5 until September 20. Open dates for other principal lakes will be as follows: Diamond lake May 27 to October 31; Odell and Davis lakes, May 25 to October 31; and Fish lake from April 5 to August 15.

NORTHWEST HOLDS PACE IN NEW CAR SELLING

Ford Sales Expected To Reach 400,000 For First Quarter Of Present Year

Citing domestic deliveries of automobiles as indicative of business conditions generally, H. H. Wilcox, Seattle Branch manager of the Ford Motor company, who returned last week from California, declared that, though this southern state was a leader in per capita sales of Fords during 1934, the Northwest is definitely keeping pace during 1935. To substantiate his remarks, Wilcox said that the first month and one-half of this year show gains of more than 124 percent in the delivery of Fords cars and trucks over the same period last year in this territory.

Business Uniformly Good "Ford business throughout the entire country is uniformly good," he asserted. "Sales are not confined to any one section of the country, and the spottiness which often marks sales records is noticeably lacking this year.

"To fill the rapidly increasing orders in the Seattle Branch, Ford cars are being shipped in both by rail and water. Thirty to thirty-five carloads are coming in daily and this week the S. S. Wind Rush of the Shepard line docked at the Seattle plant to discharge more than 150 1935 models.

Increasing Daily Output "Since the new cars were announced late last December, Ford production has moved steadily upward," said Wilcox. "Under March schedules we will increase production to 6,000 units daily, to take care of the increasing demand which is particularly noticeable in this Northwest territory. Production in January totaled 100,793 units, and February's was approximately 130,000 units. With the March schedule set at 160,000 units, the Ford company, by the end of this month will have produced more than 400,000 Ford V-8 cars and trucks, 1935 models, in the United States alone.

McKenzie Valley

The Deernhorn P. T. A. is offering prizes to the best rodent catcher of the Deernhorn 4-H rodent club. Clifford Morningstar has offered a prize also. These, together with the county prizes, make the small mouse catchers—no girls signed up in this club—long for the day of counting. Some of the boys report several hundred points. No prizes will be awarded unless at least 2500 points are made.

The Deernhorn P. T. A. is sponsoring a program to be given Friday evening, March 22. A cafeteria supper, quilt top and cakes will be sold to raise the \$25.00 on school piano.
