Announcements. (P. 11 Advertiser.)

Having received the Democratic nomination at the primary election for Representative for Gilliam, Wheeler and Sherman counties, I hereby announce my candidacy for that office. I am entirely in favor of the Oregon system in every way, believing that the people should have entire rule. I am in favor of electing every public official in the United States by direct vote of the people. I am opposed to single tax, to the state bonding act for public highways, and to any change in the present law which might take the power out of the hands of the people and place it in the hands of the legislature. I respectfully ask the support of the voters of the district, and if elected will do all in my power to impartially represent the interests of the people of the whole district.

W. J. EDWARDS, Mayville, Ore.

I hereby announce myself a candidate for the office of County School Superintendent of Wheeler County, Oregon, at the general election to be held in November, 1912.

R. L. GREENE.

Having received the Democratic nomination for Representative for Gilliam, Wheeler and Sherman counties; also, having received more than two votes in the primary election, as stated in the Condon Times last week, and assuring the voters that my nomination is legal, or my name would not be on the ballot, I respectfully solicit the support of the voters at the general election.
