Rheumatism
Just put a few drops of Sloan's on the painful spot and the pain stops. It is really wonderful how quickly Sloan's acts. No need to rub it in—laid on lightly it penetrates to the bone and brings relief at once. Kills rheumatic pain instantly.

Mr. James E. Alexander, of North Harpswell, Me., writes: "Many strains in my back and hips brought on rheumatism in the sciatic nerve. I had it so bad one night when sitting in my chair, that I had to jump on my feet to get relief. I at once applied your Liniment to the affected part and in less than ten minutes it was perfectly easy. I think it is the best of all Liniments I have ever used."

Remembered That.
Jock Robinson, having been making merry with some boon companions, finally took his leave and got aboard a street car. Soon he was fast asleep, but was finally aroused by the conductor calling "Robinson street!" Sleepy and befuddled, Jock made answer, "It's no. I treated last time."

Quick Relief When Utterly Worn Out
Getting the Blood in Order Is Required By Most People.

If you think you have gone to smash and sit only for the discard, try S. S. S. for the blood. It will surprise you to know what can be done for health once the blood is released of the excess of body wastes that keep it from exercising its full measure of bodily repair.

If you feel played out, go to any drug store and ask for a bottle of S. S. S. Here is a remedy that gets at work in a twinkling; it just naturally rushes right into your blood, scatters germs right and left, up and down and sideways.

You feel better at once, not from a stimulant, not from the action of drugs, but from the rational effect of a natural medicine.

The ingredients in S. S. S. serve the active purpose of so stimulating the cellular tissues of the body that they pick out from the blood their own essential nutriment and thus repair work begins at once. The relief is general all over the system.

Do not neglect to get a bottle of S. S. S. today. It will make you feel better in just a few minutes. It is prepared only in the laboratory of The Swift Specific Co., 530 Swift Bldg., Atlanta, Ga. Send for their free book telling of the many strange conditions that afflict the human family by reason of impoverished blood.

NORTHWEST MARKET REPORTS.

Portland—The local wheat market, for the first time in several weeks, is entirely independent of Chicago. Prices here were firm and higher, whereas in the Eastern market the close found May wheat 1 1/2c lower. The Chicago decline followed a renewal of peace talk and consequent fears of a cessation of export demand, but in the Portland market local conditions altogether governed prices.

There was buying for European account here, as well as inquiry from Japan, and also evidence of support from millers. Wheat in the Northwest is believed to be now generally in strong hands.

Considerable stress is laid by the wool trade upon the possibility that the exportation of wool from Australia to this country is about to be facilitated. The fact that purchases have been made in the commonwealth this season by Boston houses at figures which make the scoured cost laid down here ridiculously low, compared with quotations in the American market, is considered important. It is believed that the ability to get the wools coming from Australia, has considerable bearing on the primary domestic markets, in view of the fact that the Australian wools have been secured so cheaply. Some defective wools have been bought at figures which mean less than half a dollar laid down in Boston, the scoured pound. Such wools are very cheap, even should they have to be carbonized.

On this basis, therefore, it is not strange that developments in Melbourne, Sydney and London have been watched carefully by wool men, with an eye towards ascertaining the possibilities in regard to shipments of merinos. The latest reports, in connection with the arrangement involving the Textile Alliance, is that "the British board of trade, insofar as the requirements of Great Britain and allied countries will allow, will grant licenses to export merino wool, tops, noils and black face wool to the United States, if consignment is made in accordance with an agreement entered into with the alliance.

Various Companionships.
If one's intimate in love or friendship cannot, or does not, share all one's intellectual tastes or pursuits, that is a small matter. Intellectual companions can be found easily in men and books. After all, if we think of it, most of the world's loves and friendships have been between people that could not read nor spell.—Oliver Wendell Holmes.

PHYSICAL WRECK RESTORED TO HEALTH BY GREAT KIDNEY REMEDY.

I feel it my duty to furnish you with my testimonial as to what your remedy Swamp-Root did for me when I was a physical wreck from kidney and bladder trouble.

Some years ago I was not able to do any work and could only just creep around and am satisfied that had it not been for Dr. Kilmer's Swamp-Root I would not have lived. After using the preparation for one month I was able to work some and when I had used \$3.00 worth of Swamp-Root I could do a good day's work. I used about \$10.00 worth altogether and would not take \$10.00 for the good that it did me. I consider it a God-send to suffering humanity for the diseases for which you recommend it and have recommended it to many sufferers.

N. L. HUGGINS,
Sobol, Okla.

Personally appeared before me this 20th of September, 1909, N. L. Huggins, who subscribed the above statement and made oath that the same is true in substance and in fact.

Heirs Got Three Cents More.
Once a tightwad went to the store to get a piece of rope. The storekeeper sold his rope at eight cents per pound. Mr. Tightwad said as he only wanted to tie up a calf he would take five cents worth. He got the rope. That evening his folks found him hanging in the barn dead.

Sound Advice.
"Don't ax de good Lawd ter send prosperity. Let him see you wid yo' coat off an yo' sleeves rolled high, tryin' ter pitch hard times over de fence, an' prosperity will be settin' at yo' breakfas' table nex' mawnin', and yo' needn't wonder how he got dar!—Atlanta Constitution.

Alpaca.
In spite of attempts to introduce the alpaca into countries away from its native habitat, failure has attended them. It is rarely found below an altitude of 5,000 feet. Its wool is of an exceedingly fine luster and quality, and occasionally attains a length of six inches.

Ancient Writing Implements.
When writing, Confucius used a small brush, like a camel's-hair brush, for a pen, and so did his ancestors for centuries before his time. The reed came into use for writing in the marshy countries of the Orient. It was hollow and cut in short lengths.

The Word "British."
"The United Kingdom of Great Britain and Ireland" has, since January 1, 1801, been the official title of the political unity composed of England, Scotland and Ireland. In this sense the word "British" applies to Ireland, but in no other. Politically the "British Isles" include England, Scotland and Ireland.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules. Easy to take as candy.

Useful Cement.
To make cement for stopping leaks and holes in iron pipe, etc., secure about two pounds of iron shavings or borings from a foundry; add one ounce of powdered sal ammoniac and one ounce of sulphur. Mix with water to a paste and use at once, as it hardens very fast. This will resist heat and water and will be found useful for many purposes. Steel wool or shavings may be secured from any paint or drug store.

LOSING HOPE WOMAN VERY ILL

Finally Restored To Health By Lydia E. Pinkham's Vegetable Compound.

Belleve, Ohio.—"I was in a terrible state before I took Lydia E. Pinkham's Vegetable Compound. My back ached until I thought it would break, I had pains all over me, nervous feelings and periodic troubles. I was very weak and losing hope of ever being well and strong. After taking Lydia E. Pinkham's Vegetable Compound I improved rapidly and today am a well woman. I cannot tell you how happy I feel and I cannot say too much for your Compound. It would not be without it in the house if it cost three times the amount."—Mrs. CHAS. CHAPMAN, R. F. D. No. 7, Belleve, Ohio.

Woman's Precious Gift.
The one which she should most zealously guard, is her health, but it is the one most often neglected, until some ailment peculiar to her sex has fastened itself upon her. When so affected such women may rely upon Lydia E. Pinkham's Vegetable Compound, a remedy that has been wonderfully successful in restoring health to suffering women.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Unpopular Listeners.
"I really dislike to talk to her; she has such a habit of finishing one's sentences for one. You know the kind?" "Yes; they listen faster than you can talk to them."

Wives! Mothers! Daughters!
Just a Word With You!

A woman's organism is a very delicate thing—it very easily gets out of order—just like a delicate piece of machinery, it requires more than ordinary care and attention. There are many signs which point to disorder, such as headaches, unaccountable pains in various parts of the body, listlessness, nervousness, irritability, dizziness, faintness, backache, loss of appetite, depression, and many others.

SKIN DISEASES QUICKLY YIELD TO THIS TREATMENT

Resinol ointment is also an excellent household remedy for pimples, dandruff, sores, burns, wounds, chafings, and for a score of other uses where a soothing, healing application is needed. Every druggist sells resinol ointment and resinol soap. Adv.

Old Valencian Industry.
The making of glazed tiles or "azulejos" is the only ancient Valencian industry which has retained its importance through the centuries up to the present day. These wall and floor tiles enter into the construction of nearly every modern building throughout the region, and the local consumption alone is sufficient to keep the factories running.

To Remove Mildew Stains.
Mix a small quantity of soft soap with the same proportion of powdered starch and salt and the juice of a lemon. Apply this mixture to both sides of the stain with a small brush, and, if possible, let the article lie on the grass all day and night until the stains have quite disappeared. Then wash in the usual way.

Attacked in Front and Rear.
A youngster of our acquaintance who has a faculty for getting into scrapes recently expressed the wish that he was a postage stamp. When asked why, he answered: "Because a postage stamp can only be licked once." Whereupon we pointed out that the stamp received, besides the licking, a severe punch in the face.

Nature is just toward men. It recompenses them for their sufferings; it renders them laborious, because to the greatest tolls it attaches the greatest rewards.—Montesquieu.
