GERMAN WARSHIP REACHES AMERICA

Kronprinz Wilhelm Slips by Foe Into Newport News.

Sinks 14 Merchantmen in Eight Months' Cruise in Southern Atlantic Ocean.

Newport News, Va.—The German converted cruiser Kronprinz Wilhelm, the elusive raider of commerce in the South Atlantic, slipped into the port Monday and asked for fuel and provisions. Many times reported destroyed, the former North German Lloyd liner had evaded hostile warships for eight months while she sent 14 merchantmen to the bottom. Her officers said she was forced to steal her way past four allied cruisers off the Virginia capes to reach this refuge.

"We got in without being seen by the enemy and we can get out the same way," declared her commander, Lieutenant-Captain Paul Theisfelder, formerly navigating officer of the German cruiser Karlsruhe.

When she dropped anchor, the Kronprinz Wilhelm had less than 25 tons of coal and scanty provisions for the crew of 500 men and 61 prisoners from British merchant ships sunk in the South Atlantic.

Of 14 ships that the 15,000-ton cruiser sank, nine were British, four French and one Norwegian.

The value of these ships and their cargoes, officers of the Wilhelm estimated at \$7,000,000.

When the Kronprinz Wilhelm arrived off Bimble Shoals, after passing in the Virginia capes, early in the day, two United States submarines, the G-1 and D-2, met her. The appearance of the submarines caused considerable surprise among the crew, but there was no demonstration, as the little vessels conveyed the German raider to quarantine, where Dr. MacCafferty, United States quarantine officer, boarded her.

Commander Theisfelder reported 66 of the crew and prisoners were ill with beriberi and requested that they be taken to a hospital.

The Kronprinz Wilhelm followed in the wake of the interned Prinz Eitel Friedrich, which arrived here a month ago, after thrilling and effective operations for the German army.

In her raid of the seas since she slipped out of New York harbor August 3 last as a German merchant and passenger steamer, the Kronprinz Wilhelm never touched land and took 960 prisoners from various vessels destroyed.

Most of these were sent to South American ports at different times in German ships, which met the raider in response to wireless calls.

Germany Sends Sharp Answer to America

Washington, D. C.—Count von Bernstorff, the German ambassador, made public Sunday the text of the note he recently presented to the State department, declaring that "if the American people desire to observe thorough neutrality they will find means to stop the exclusive exportation of arms to one side, or at least, to use this export trade as a means to uphold the legitimate trade with Germany, especially the trade in foodstuffs."

The memorandum was prepared at the German embassy, and while it does not call for a reply, the State department already has drafted one which will be delivered probably within a few days.

The ambassador, in his complaint, informs the United States that, contrary to the real spirit of neutrality, an enormous new industry of war material of every kind is being built up in this country, and that this is "supplying only Germany's enemies, a fact which is in no way modified by the purely theoretical willingness to furnish Germany as well, if it were possible."

Future Peace Discussed.

The Hague, via London—For three days there has been a private discussion of peace here by a conference consisting of about 30 delegates from the United States, Holland, Germany, Austria-Hungary, Sweden, Norway, England, Belgium and Switzerland. Only a short record of the work of the conference, which ended Saturday, has been issued, as follows: "The object of the meeting was not to suggest steps to bring the present war to an end, but to consider by what principles future peace would best be gained."

Packing Plant Wrecked.

Kansas City—An explosion wrecked the seven-story cooling building of the Cudahy packing company's plant here Sunday night.

The loss is estimated at \$750,000. Two men were employed in the building at the time were injured.

Investigation developed no trace of an explosive. Company officials asserted there was no gas in the building and that the cooling pipes contained no ammonia or other material that might explode.

Mexicans Tax Americans.

San Antonio, Tex.—Taxes aggregating \$1,000,000 have been imposed on mineowners in the state of Oaxaca, Mexico, according to private advices reaching here from the city of Oaxaca, the state capital. Eighty-five per cent of the mineowners are foreigners and 60 per cent Americans.

Insult to the Bee.

An insult to the bee is to use the name to denote a crazy or erratic person, as the bee is possibly the most methodical of all insects, with the possible exception of the ant. Therefore the expression "He has been in his bonnet" is an offensive phrase except that it may mean a buzzing in the head, such as president and other political aspirants are said to be afflicted with. "She's whiles cracked-brained and has a bee in her head" was not worthy of Walter Scott, though.

Gwen had been on a visit at her grandmother's.

Several days after, for disobedience, her mother said to her, "Sometimes, when little girls are naughty, their mothers give them away." Little Gwen looked troubled, then suddenly, with a bright smile, said, "Well, mother, if you are going to give me away, please give me to grandma."

Daily Thought.

Testing Precious Stones.

The science of optics has in the last year or so given much aid to jewelers in making tests that are said to be absolutely conclusive as to the nature of a gem. The refractive index, or the power of bending light rays, is determined as to precious stones in the same way as that of the spectacle lenses which the opticians sell.

More Dire Threat.

There was trouble in the back yard. Six-year-old Billy had thrown a stone at a boy in the next yard, who was making vociferous threats. "If you throw another stone," he yelled, "I'll sick my dog on you!" "Huh!" replied Billy. "If you come into my yard I'll sick my mother on you!"—Youth's Companion.

The Real American.

America is the land of labor and by no means what the English call Lumberland and the French Pays de Cocagne, where the streets are said to be paved with half peck loaves, the houses tiled with pancakes and where the fowls fly about ready roasted, crying, "Come, eat me."—Franklin.

The Aurora.

The Northern Lights, or Aurora Borealis, are caused by the flow of positive electricity, off from the earth, through the icy mists or clouds that float above the poles, toward the planetary spaces. There is a close causal connection between the aurora and the "sun spots."

First in Resurrection.

In some districts of India the eastern parts of cemeteries are regarded as the most desirable. The choice is based on the belief that the dead in the eastern section will be the first to leap from their graves, brush the dust from their bones and proclaim their readiness to ascend.
