Growth of Industry.

In ten years the fountain, stylographic and gold pen industry of the United States has almost trebled, while that of the steel pen has doubled.

Daily Thought.

Too austere philosophy makes few wise men; too vigorous politics, few good subjects; and too hard a religion, few religious persons whose devotion is of long continuance.—St. Evremond.

That Weak Back

accompanied by pain here or there—extreme nervousness—sleeplessness—may be faint spells—or apasms—all are signals of distress for a woman. She may be growing from girlhood into womanhood—passing from womanhood to motherhood—or later suffering from that change into middle life which leaves so many wrecks of women. At any or all of these periods of a woman's life she should take a tonic and nerve prescribed for just such cases by a physician of vast experience in the diseases of women.

DR. PIERCE'S Favorite Prescription

has successfully treated more cases in past forty years than any other known remedy. It can now be had in sugar-coated, tablet form as well as in the liquid. Sold by medicine dealers or trial box by mail on receipt of 50 cents in stamps.

Miss Elizabeth Lordahl of Berkeley, Cal., in a recent letter to Dr. Pierce said: "I was completely broken down in health, I was aching and had pains all over my body and was so nervous that I could scream if anyone talked to me, but I had the good fortune to meet a nurse who had been cured by Dr. Pierce's Prescription. I have never had an occasion to consult a physician since—am in excellent health."

Dr. Pierce's Pleasant Pellets regulate stomach, liver and bowels—sugar-coated, tiny granules

Cherries in Lively Demand.

Tacoma — Local cherries are now arriving in excellent shipments and quality and are having a lively sale. Commission men here say there is no better Bing cherry grown than is now arriving from Hale's Passage. The cherries are of fine size, color and flavor. They wholesale at 8 cents a pound.

Another carload of cantaloupes arrived on the local boards. The melons no sooner got inside the houses than they were on their way out again to retail stores. They are now demanding \$2@2.50 a crate, and are improving in quality with each shipment.

California new spuds are now wholesaling at \$1.85 a hundred pounds, making a short drop. In the last few weeks the Southern tubers have been going at 2 cents a pound, but the appearance of local spuds at \$1.85 necessitated a drop in other potatoes. The demand for this commodity continues heavy.

Another carload of watermelons has arrived. The melons being received now are of good size and said to be unusually ripe for the opening receipts. Dealers say they cannot remember when such choice melons have been received this early in the season. The melons are jobbing at 2 1/2 cents pound.

Meats and poultry remain the same. There is no change in eggs, butter and cheese.

California Hops Are Selling Fast. Hop dealers are without export orders at the present time, except at prices materially lower than those lately paid for the new Oregon crop. In California, offers of 12 cents are made on contract, but there are no sellers of 1915 at this price. There has been a further movement of spots in that state for export account, Donovan having bought the following lots, according to wire received recently:

John Merkley, 160 bales at 8 1/2 cents; Gerber, 250 bales at 8 1/2 cents; Blauths, 300 bales at 9 cents. Beer consumption for May, 1915, is estimated as 804,006 barrels less than 1914.

Grain Bags Remain High.

Portland — The grain bag market continues very firm at the recent high level, with no signs of weakening in the immediate future. All depends, however, on the manner in which supplies are received. At the present time they are coming in very slowly. In the East high bag and burlap prices prevail and the markets continue excited, while in the primary Indian market the prices demanded for later shipments are so high as to be considered prohibitive. There is much interest in burlap markets everywhere.

Wheat Prices Rise.

Chicago — Indications of a decided improvement in export business turned the wheat market this week from weakness to strength. As a result prices closed steady at 1 1/2 to 2 1/2 net advance. Other leading staples, too, scored net gains—corn 1 1/4 to 2 1/2 cents; oats 1 to 1 cent, and provisions 10@12 1/2 cents. Reports that the Norwegian government has purchased 1,250,000 bushels of wheat at the seaboard proved especially influential.

HOME THAT IS TRULY HOME

Its Creation is Wholly the Art of Woman, and Really Her Life's Best Work.

A home is not merely a house; it is an atmosphere; it is a place of beloved associations, where you can wear old clothes, and think old thoughts, and hear familiar voices without hearing them. You can be happy there, and be comfortably unhappy, be thoroughly unpleasant even, and know that those you love will think no worse of you than they do already. Luxury cannot make a home, nor can books, or pictures, or rugs, or bric-a-brac. A cat, a canary, two geraniums, a Bible and an old rocking chair may make one of the loveliest homes in the world. At the same time a home is not necessarily happy because it is the house of poverty, as some would have us believe.

The art of creating home atmosphere is wholly the art of woman, and she has none more charming. Mere care will not do it, or mere neatness and tidiness; indeed those things sometimes work the other way. The love of prettiness will not do it; good cooking will not do it, although it is a mighty help. Even being gay and merry, and kindly yourself is not quite enough, although it helps even more than the cooking. Success in homemaking, as in everything else, requires that you shall feel a real joy in your work. If it is a drag, if it is an irksome duty, if your mind is on a thousand outside things that are not home, you cannot make home what it should be. Not that the homemaker should think of nothing else. That is neither desirable nor possible. But the woman whose first pleasure is to create that beautiful thing, home, will be a precious and permanent influence not only to her own family, but to all her household, to all her guests, to the whole community in which she lives.—Youth's Companion.

HOW TO COOK VEGETABLES

To Attain Best Results, These Worth-While Observances Should Be Kept Strictly in Mind.

1. Use the freshest vegetables that can be procured.
2. All fresh green vegetables should be placed in boiling salted water.
3. All dried vegetables, such as beans, haricots, lentils, etc., should be placed in lukewarm water.
4. The use of plenty of water in the cooking of all sorts of cabbage and sprouts is not only preservative of color; it is also advantageous in reducing the disagreeable smell which cabbage water always has.
5. Never allow vegetables of any kind to remain soaking in the water in which they were boiled; drain them at once when they are cooked.
6. It is waste of money to buy old, dried vegetables, and a waste of time to try to cook them.

Jelly Jumbles.

One-half cupful butter, one cupful sugar, one egg, one-half teaspoonful soda, one-half cupful sour milk, one-quarter teaspoonful salt, flour, currant jelly. Cream the butter, add sugar gradually, egg well beaten, soda mixed with milk, salt and flour to make a soft dough. Chill and shape, using a round cutter. On the center of one-half the pieces put currant jelly. Make these small openings in remaining halves, using a thimble, and put pieces together. Press edges slightly and bake in a rather hot oven, that jumbles may keep in good shape.

Maitre d'Hotel Sauce.

Make a teaspoonful of drawn butter; add to it the juice of a lemon, two tablespoonfuls of minced onion, three tablespoonfuls of chopped parsley, a teaspoonful of powdered thyme or summer savory, a pinch of cayenne and salt. Simmer over the fire and stir well. Excellent with all kinds of fish.

Vegetable Ragout.

Put one cupful each sliced turnips, potatoes and carrots into boiling water. Cook till tender. Melt two tablespoonfuls of butter in another pan, stir into it one-half cupful of minced onion and fry brown. Add two tablespoonfuls of browned flour and gradually one pint of hot water. When smooth turn contents of saucepan into it, season to taste with salt and pepper, cook slowly 30 minutes, dish and serve. Just before sending to table sprinkle a tablespoonful of minced parsley over.

Old-Fashioned Lemon Pie.

Four lemons, chop the rind fine, then add the juice of the lemons, one quart of molasses, one pound raisins, chopped. Use three crusts, makes three pies. Bake in an old-fashioned brick oven, if you can.

Good to Try.

When the oil stove oven bakes too quickly on the bottom, as is generally the case, you can make it bake evenly by placing a piece of asbestos the size of your pan in the bottom of the oven.

Crafty Editor.

A Virginia editor threatened to publish the name of a certain young man who was seen hugging and kissing a girl in the park unless his subscription to the paper was paid up in a week. Fifty-nine young men called and paid up the next day, while two even paid a year in advance.

The Power behind the dough

You may use an old favorite recipe and the best of materials and make it carefully, the oven may be just right, yet you will have a failure if "The Power behind the Dough" is not the right one to leaven it properly and make it light, digestible, wholesome.

Good baking without good baking powder is out of the question. K.C. Baking Powder has wonderful leavening power, and the double action—in the bowl and in the oven—makes good results doubly certain.

Take no chances of failure—use K.C. and have "good luck" every time. At all Grocers.

Lost Curls Are Found.

In a picture show at a Madison street theater one evening a little girl and her mother were seated near me. A comic picture was on, showing a lady "making up" with paint, powder, false hair, etc. The climax came when the interested little girl cried out: "Oh, mamma, there's the curls you lost at Aunt Bell's party. Where do you 'spose she found 'em?"—Chicago Tribune.

Told Her About It.

Eugene attended the wedding of his Aunt Nan, which took place in church. The bridegroom and best man were waiting at the altar for the bride, who was slowly advancing up the aisle, to the strains of the wedding march, when Eugene's childish treble sounded clearly: "Hurry up, Aunt Nan, Mr. Abbot's waiting for you."

RESINOL BEGINS TO HEAL SICK SKINS AT ONCE

You don't have to WONDER if resinol ointment is doing you good. YOU KNOW it is, because the first application stops the itching and your tortured skin feels cool and comfortable at last. Why don't YOU try this easy resinol way to heal eczema or similar skin eruption? Resinol clears away pimples, too, and is a valuable household remedy for sunburn, poison-ivy, cuts, sores, burns, chafings, etc. It has been prescribed by doctors for 20 years and contains nothing that could irritate or injure the tenderest skin. Sold by all druggists.—Adv.

Sizing Up Baby.

"Which side of the house do you think the baby resembles most?" proudly asked young Popjoy. "Well—h'm!" answered Smith. "I can't see that he looks so very much like the side of a house."—Woman's Home Companion.

Women Everywhere

Praise Lydia E. Pinkham's Vegetable Compound

Women from the Atlantic to the Pacific, from all sections of this great country, no city so large, no village so small but that some woman has written words of thanks for health restored by Lydia E. Pinkham's Vegetable Compound. No woman who is suffering from the ills peculiar to her sex should rest until she has given this famous remedy a trial. Is it not reasonable to believe that what it did for these women it will do for any sick woman?

Wonderful Case of Mrs. Crusen, of Bushnell, Ill.

BUSHNELL, ILL.—"I think all the trouble I have had since my marriage was caused by exposure when a young girl. My work has been housework of all kinds, and I have done milking in the cold and snow when I was too young to realize that it would hurt me. I have suffered very much with bearing down pains in my back and such miserable pains across me, and was very nervous and generally run down in health, but since I have taken Lydia E. Pinkham's Vegetable Compound my back never hurts me, my nerves are stronger, and I am gaining in health every day. I thank you for the great help I have received from your medicine, and if my letter will benefit suffering women I will be glad for you to print it."—Mrs. JAMES CRUSEN, Bushnell, Illinois.

A Grateful Atlantic Coast Woman.

HODGSON, ME.—"I feel it a duty I owe to all suffering women to tell what Lydia E. Pinkham's Vegetable Compound did for me. One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached, I had no appetite and was so nervous I could not sleep, then I would be so tired mornings that I could scarcely get around. It seemed almost impossible to move or do a bit of work and I thought I never would be any better until I submitted to an operation. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, had good appetite and was fat and could do almost all my own work for a family of four. I shall always feel that I owe my good health to your medicine."—Mrs. HAYWARD SOWERS, Hodgdon, Maine.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs, it has restored so many suffering women to health.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.
