Busy Mother.

"Please, Mrs. Shea," said the little girl from the house next door, "mother says you would be kind enough to come over and take care of baby for a little while?"

"Why, certainly," replied Mrs. Shea. "Is your mother ill?"

"No, but she's writing a paper on 'The Proper Care of Infants,' and she's afraid she won't be able to get it done in time to read before the Mothers' Club tomorrow afternoon."—St. Louis Globe-Democrat.

The Cause.

"What makes Stiffness such a queer lead color?"

"I guess it is the plumbago his wife says he's got in his back."—Baltimore American.

Difficult.

A sign in an American barroom reads: "Gentlemen shooting at the bar-keeper will please to try to avoid hitting the mirrors, which are the largest in the state and a credit to the town."—Tit-Bits.

Try Chiropractic

If you have tried other methods, mules, cuts or systems of healing and have not received relief, you have tried the wrong thing. Chiropractors have been successful in removing the causes of disease where other methods failed. If you are sick or ailing, have a trouble of long standing, I will be pleased to consult and give you a spinal analysis, which costs you nothing.

BIG FORCE OF BULGARS OCCUPY FORTS IN NEUTRAL GREECE

London.—At the French headquarters in the Balkans it was announced Monday that Bulgarians had occupied the Greek forts of Rupel, Dragotin and Spatovo, and were advancing from Demir-Hissar toward Kavalla. This information was received here in a dispatch from Athens to the Exchange Telegraph company.

The Greek forts Rupel and Dragotin are, respectively, six and nine miles north of the town of Demir-Hissar, while Spatovo fort lies four miles east of that town. Kavalla, on which the Bulgarians are said to be marching, is a seaport on the Aegean Sea, 55 miles in an air line southeast of Demir-Hissar. After crossing the Aegean Sea without loss, the Serbian army in full strength has been landed at Saloniki, according to a dispatch.

Serbia's new army has been variously estimated numbering between 80,000 and 100,000 officers and men. It

A Terror to Greasers.

LIEUT. GEO. S. PATTON

Lieutenant George S. Patton, while on a foraging trip near the San Antonio camp, visited the San Miguel ranch, about 60 miles southeast of Naniquipa, and with a scout and nine enlisted men in three automobiles encountered and killed three Villistas, one of whom was Captain Julio Cardenas, a well-known lieutenant of Villa's. Patton and his men left the camp in their three autos and fought the bandits from the autos, that is to say, they sprang directly from their cars into the fight, putting the encounter in a class by itself.

was reorganized on the island of Corfu, which is approximately 700 miles distant by water from Saloniki.

The Serbian army totaled about 300,000 at the outbreak of the war, but this force was greatly depleted as a result of an epidemic of typhus and bitter engagements fought in an endeavor to check the Austro-German and Bulgarian invasion of Serbia and Montenegro. The remnant of the original armies saved itself by retreating through the Albanian mountains.

On reaching the seacoast, the Serbians were transported to the Island of Corfu, off the southern coast of Albania, where they were supplied with new rifles and clothing and efficiently equipped for further service on the Balkan battlefield.

Germans Pierce French Lines.

Berlin.—French infantry attacks on the German positions on the southwest slope of Dead Man's Hill and on the newly captured village of Cumieres, northwest of Verdun, were repulsed Sunday with heavy losses to the attackers, says the official statement at German army headquarters.

The statement adds that German reconnoitering detachments penetrated the lines of the entente allies at several points during the night, capturing about 100 prisoners in the Champagne district.

Villa Pursuit Doubted.

Columbus, N. M.—Little credence is placed by military authorities here in reports from Chinahuah that Carranza troops have discovered Villa in hiding near Jimenez. Several officers here expressed their conviction that Villa is still alive, but asserted that General Pershing, expeditionary commander, is in possession of information as to the probable whereabouts of the bandit chieftain, which does not coincide with that of General Trevino.

WIFE TOO ILL TO WORK

IN BED MOST OF TIME

Her Health Restored by Lydia E. Pinkham's Vegetable Compound.

Indianapolis, Indiana.—"My health was so poor and my constitution so run down that I could not work. I was thin, pale and weak, weighed but 109 pounds and was in bed most of the time. I began taking Lydia E. Pinkham's Vegetable Compound and five months later I weighed 133 pounds. I do all the housework and washing for eleven and I can truthfully say Lydia E. Pinkham's Vegetable Compound has been a godsend to me for I would have been in my grave today but for it. I would tell all women suffering as I was to try your valuable remedy."—Mrs. WM. GREEN, 332 S. Addison Street, Indianapolis, Indiana.

There is hardly a neighborhood in this country, wherein some woman has not found health by using this good old-fashioned root and herb remedy.

If there is anything about which you would like special advice, write to the Lydia E. Pinkham Medicine Co., Lynn, Mass.

Sheep — Yearlings, \$8.25 @9; wethers, \$8 @9.05; ewes, \$7 @8.25; lambs, \$9 @9.50.

Washington Fruit Crop Is Late.

Olympia, Wash. — For the whole state of Washington this year's fruit crop is from one week to two weeks later than normal, according to Assistant State Commissioner of Agriculture Morrison. Soft fruits were materially damaged by the hard frost of May 10, 11 and 12. The cold weather of last winter did more damage than the frosts of spring, however. Light cherry, raspberry, blackberry and loganberry crops are predicted for Western Washington.

Reports from Yakima county place the apple crop there at 65 per cent of a maximum crop, pears at 53 and peaches at 40 per cent. Cherries are cut down to 18 per cent, prunes and plums 40 and apricots 26. Notwithstanding general damage to Washington apple orchards, it is estimated that increased acreage in bearing will produce more carloads of fruit this year than were shipped last season.

Hogs Sell Dime Higher This Week.

An increase of 10,000 hogs to date this month over 40,000 gain for the year looks as if not all the hog raisers had "absolutely" gone out of business yet, says the Portland Live Stock Reporter. The past week wasn't very strong as far as prices were concerned. Barely a nine-cent level was maintained after Monday and from Thursday \$8.95 was about the top.

Hog trade opened up briskly on a curtailed receipt basis. Quite a number of hogs were weighed up to packers on arrival, buyers being anxious for their supplies. Packers' first bids were at \$8.90 @8.95, but as high as \$9 @9.10 on an excellent load was realized later as the market warmed up. Butchers' bid was up to \$9.10 on ordinary quality. Bulk of the packer stuff, however, brought \$8.95 @9.

Mohair Season Now Nearly Over.

Portland — The few lots of mohair remaining in the Willamette valley are being taken up at reduced prices. The aggregate quantity remaining unsold is small and should quickly be disposed of.

There is criticism in some quarters of a local buyer who made the announcement that he would pay only 35 cents this week, and charges of manipulation are made. The growers will remember, however, that it was this same buyer who started the advance at the opening of the season, and was responsible, more than anyone else, in getting the farmers more money for their mohair than they ever before received. It is his privilege to reduce his buying price at this time, when the supply is practically exhausted, if he sees fit.

Fund From Estray Cattle.

From a fund of \$90,000 received in payment of strayed cattle that roamed the ranges of Montana, all but \$7000 has been paid to rightful owners. When these cattle were shipped the board of stock commissioners stationed at every market point an inspector who took the brand of every animal unloaded from Montana and also received from the commission house a copy of its report, showing the net return for each animal sold.—Portland Live Stock Reporter.

WE INVITE YOU

The Northwest Auto Company of Portland takes this means of extending a personal invitation to all and every one to make its Portland offices their headquarters during Rose Festival Days, June 7th, 8th and 9th, and trusts that this will result in meeting our old friends again and making many new ones.

Sheep in England.

In Great Britain there is one sheep or lamb for each 2.5 acres of the total area. In the 36 farm states in America there is one sheep or lamb for each 31.8 acres.

The British farmer handles his land on an intensive basis and feeds his sheep on forage-crop pastures. Such pastures not only increase the fertility of the land but also free the sheep from many internal parasites contracted through grazing upon permanent pastures. In the use of a succession of forage-crop pastures will prevent stomach worms, one of the most prevalent and disastrous scourges of young stock, and will enable the farmer to market by the end of June or the first of July, when market prices are usually the highest, the lambs that were born in the late winter or early spring.

To keep clean a healthy take Dr. Pierce's Pleasant Pellets. They regulate liver, bowels and stomach.

Watchful Waiting.

Tommy had a cold in his head, which confined him to the house, so he was allowed to invite his young friend, Jack, to tea.

Afterward the two small boys commenced playing hide-and-seek, and Tommy rushed into the dining room and asked his father to conceal him. This his father did, behind a big armchair.

Presently in came Jack, and instead of beginning his search, calmly threw himself down on the rug before the fire.

"Come, Jack," said Tommy's father, "aren't you going to look?"

"No fear," was the small boy's calm retort. "I'm waiting till he sniffs!"—London Answers.

RESINOL SPEEDILY HEALS ITCHING, BURNING, SKINS

Usually resinol ointment, with resinol soap, stops itching at once, quickly and easily heals distressing cases of eczema, rash, ringworm, tetter or similar tormenting skin or scalp eruptions, and clears away pimples, redness, roughness, and dandruff, when other treatments have proven useless.

Physicians have prescribed resinol for twenty years, while thousands whose skins have been healed say, "What resinol did for us it will do for you." Try it! All druggists sell resinol soap and resinol ointment.—Adv.

Look Closer, John.

Teacher (in the rhetoric class)—Johnny, give a sentence with "scene" in it.

Johnny—An' I seen her on his lap.

Teacher—No, Johnny, that's not right; now can you tell me what is wrong?

Johnny—Well, perhaps she wasn't. It was sort of dark and how was I to know?—Purple Cow.

Shake Into Your Shoes

Allen's Foot-Ease, a powder for the feet. It cures painful, swollen, smarting, sweating feet. Makes new shoes easy. Sold by all Druggists and Shoe Stores. Don't accept any substitute. Sample FREE. Address A. S. Olmsted, Le Roy, N. Y.

Did He Go?

Johnson—I wonder if Mr. Jones meant anything personal by giving me a ticket to a lecture on "Fools"?

Teacher—Why?

Johnson—Because the ticket says, "Admit One."—Christian Herald.

A Mean Remark.

Bryan threatens to bolt.—Newspaper headline.

Every bolt has its nut.—New York Sun.

Backache? Run Down?

Tired? Clean the Kidneys

with Hot Water and "Anuric"

When run-down after a hard winter—when life indoors has brought about a stagnant condition in the circulation—most everyone is filled with uric acid—especially is this so of people past middle age. This uric acid in the blood often causes rheumatism, lumbago, swelling of hands or feet, or a bag-like condition under the eyes. Backache, frequent urination or the pains and stiffness of the joints are also often noticed. Dr. Pierce says that everyone should have a good sweat every day—should drink plenty of pure water and exercise in the open air as much as possible. This helps to throw out the poisonous uric acid thru the skin and the "water." But for such persons as are past middle age it's often impossible to do this and lime salts are deposited in the arteries, veins and joints, causing all
