ELECTRIC MOTORS
 Bought, Sold, Rented and Repaired. **WALKER ELECTRIC WORKS, Burnside, cor. 10th, Portland, Ore.**

The Last Act.
 Into the jeweler's shop came a simple-looking old chap, with a quaint, old-fashioned kitchen clock under one arm.
 "I want you to look at it," he said, as he laid the timepiece on the counter, "and tell me what's wrong."
 The jeweler removed the dial of the clock, screwed his magnifying glass into his eye and poked about in the clock's interior.
 "Nothing wrong with it now," he announced presently. "It's sufferings are over."
 "Well, what do I owe you?" asked the customer, thinking he had repaired the clock.
 "Nothing," replied the shopman. "You're mistaken. This isn't professional treatment. It's a coroner's inquest."—Philadelphia Public Ledger.

A Cancellation.
 A telegraph clerk in an outlying district of the Sudan found the desolation getting the better of his nerves and telegraphed to headquarters: "Can't stay here; am in danger of life; surrounded by lions, elephants and wolves."
 The hard-hearted clerk at headquarters wired back: "There are no wolves in the Sudan."
 The next day the desolate one replied: "Referring to my wire of the 16th, cancel 'wolves.'"—Philadelphia Public Ledger.

Worse Luck!
 Men who are too lazy to work and too proud to beg are usually too indifferent to die.—Judge.

THE VALVELESS PUMP

More Water—Less Horsepower, Less Cost, Most Efficient for Irrigation, Mining, Fire Protection and Domestic Uses. Small, Light, Powerful, No Valves, No Plungers, No Cylinders, Destructive High Speeds Eliminated. Pump Runs on Low Speed. Will Pump Water and Air Simultaneously. Will Pump boiling water. Has receding for vertical suction impossible to make a mistake. Delivers More Water with far Less Horsepower than Any Pump Known. No Priming Required at Any Reasonable Suction.
 Write for Catalog, Prices and Testimonials before you buy.
THE VALVELESS PUMP CO., 8th Floor Title & Trust Bldg., Portland, Ore.

Better Ways.

Progress is no monopoly of the cannon makers. In one issue of the "Electrical World" we note that the Columbus (Ohio) Railway Power and Light company has set out to make its buildings safer. Fire escapes, standard doors, and other improvements have been added, along with a rigid system of inspection to prevent the accumulation of waste and grease, so that in three years fire risks and insurance rates have been cut nearly in half. In Johnston, S. C. F. M. Boyd, manager for the Carolina Public Service company, has devised a new type of twenty-five-foot pole with a twelve-foot mast-arm sticking out on the street side so as to keep the poles away from the beautiful old elms and water oaks that are the glory of Johnston's highways. Anyone who has seen the ruin and mutilation left by fanatical tree trimmers will appreciate Mr. Boyd's device. The Ohio Electric Light association reports that its members have saved from three to five cents per ton on all coal handled at certain of their power houses by putting in an eight-hour day for firemen. This ought to interest the old-timers who think twelve hours' toil an inalienable right for engine-room workers. Those three items cover vital subjects and are only part of the gist in one issue of a live technical journal. That's how our United States goes along.—Colliers.

IS YOUR STOMACH IN A BAD CONDITION?

TRY HOSTETTER'S STOMACH BITTERS
IT IS FOR INDIGESTION, BILIOUSNESS, MALARIA, FEVER AND AGUE

An Effective Mask.
 "Such a lot of things happened this afternoon, dear," said Mrs. Young, bride to her husband. "I complained to Norah about the stove not being blackened and she put on her things and left. Then I decided to black the stove myself, and right in the midst of it who should call but Mrs. De Style."
 "What in the world did you do?"
 "Just put some more blacking on my face, went to the door and told her I wasn't in. And off she went, saying she would call again."—Boston Transcript.

PAINS IN SIDE AND BACK

How Mrs. Kelly Suffered and How She was Cured.

Burlington, Wis.—"I was very irregular, and had pains in my side and back, but after taking Lydia E. Pinkham's Vegetable Compound Tablets and using two bottles of the Sanative Wash I am fully cured of these troubles, and feel better all over. I know your remedies have done me worlds of good and I hope every suffering woman will give them a trial."—Mrs. ANNA KELLY, 710 Chestnut Street, Burlington, Wis.

The many convincing testimonials constantly published in the newspapers ought to be proof enough to women who suffer from these distressing ills peculiar to their sex that Lydia E. Pinkham's Vegetable Compound is the medicine they need.

This good old root and herb remedy has proved unequalled for these dreadful ills; it contains what is needed to restore woman's health and strength.

If there is any peculiarity in your case requiring special advice, write the Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for free advice.

Arrival of First Watermelons Proves That Summer Is Near

Spokane—If the weather had not brightened and warmed as it has the appearance of the first watermelons of the season would have made known the nearness of summer. They retail at 4 and 5 cents a pound.

The first blackberries or dewberries of this year's crop are also in evidence at 15 cents a basket.

Plums, apricots, Hood River strawberries, though not superabundant, are arriving in greater quantities and the wholesome if homely gooseberry is somewhat increasing in size, though its price still remains at the popular nickel the basket.

Apparagus is more plentiful and the green cabbage, though still arriving from the South, is of appetizing freshness.

New potatoes are increasing in size and decreasing in price.

With the arrival of the carload of cantaloupes due on Thursday there will be a more ample supply in the stores. No more navel oranges will arrive this season, but Valencia will take their place with increasing abundance.

Increasing Cost of Gasoline Is Blamed On Standard Oil

Washington, D. C.—The Federal Trade commission concluded Wednesday its investigation of the rise of gasoline prices, ending a two days' hearing after representatives of Standard Oil and various independent companies had given divergent explanations of the present situation in the industry. A report, based on the hearings and on the results of weeks of investigation by the commission's agents, will be made public soon and will be transmitted to congress in response to a resolution asking for an inquiry.

The independent jobbers and refiners who appeared before the commission were virtually unanimous in placing responsibility for the increases on the Standard Oil companies, who, they charged, had refused to compete and fixed prices. Standard Oil representatives replied to the charges but did not enter into an explanation of the elements behind the soaring cost of gasoline to consumers.

Rust and Bugs Play Havoc.
 Washington, D. C.—W. R. Stevenson, of Kansas City, Kan., is a patron at the Raleigh hotel. In touching on the wheat situation in his state he said that rust and bugs are playing havoc with what promised to be a bumper crop a few weeks ago.

"In many sections farmers are breaking up the land they had sowed to wheat and are putting it in other crops," continued Mr. Stevenson. "The present conditions indicate a marked shortage in the greatest wheat-producing area of the world."

Ordinary powders and dynamites waste much of their energy by shattering and pulverizing. To get the best results in land-clearing operations the explosives should disrupt, crack, split and heave the stumps and at the same time lift and remove the roots for easy handling. The explosives that do this are

GIANT FARM POWDERS
STUMPING—AGRICULTURAL

—made by a Western Company especially to meet Pacific Coast conditions. More than 2,000,000 pounds used every year for stump blasting in Washington and Oregon alone.

There are two Giant Farm Powders—Giant Stumping Powders for wet soil and Eureka Stumping Powder for blasting in dry soil. They do their work at the lowest possible cost.

Test one case. Compare it with any explosive that you have ever used. After you have blasted a dozen stumps you will understand why those who have once used them always continue to use Giant Farm Powders.

Our free book on Stump Blasting tells how to save money in land-clearing. It shows how to make land-clearing easier by using Giant Farm Powders. We have other books on Boulder Blasting, Tree Planting, Subsoil Blasting, and Ditch Blasting. Write today for the book in which you are interested. Your name on a post-card will bring it.

THE GIANT POWDER CO., Con., HOME OFFICE: San Francisco

Live on \$8 a Month.

University of Washington, Seattle.—Those who fret and stew over the high cost of living received an awful jolt this semester, when two students and two alumni of the university admitted that their total individual living expenses for the semester, including telephone and electric lights, averaged \$8 per month. The men live in a costly furnished houseboat on Lake Washington, close to the campus. They do their own housekeeping and cooking and have cut their expenses to the minimum, although enjoying most of the comforts of home.

Each man takes his turn week by week at doing the work, and friction is unknown.

WONDERFUL HOW RESINOL STOPS SKIN TORMENTS

The soothing, healing medication in resinol ointment and resinol soap soothes and cools the irritated skin, and usually stops itching at once. The resinol treatment speedily heals eczema, ringworm, and similar eruptions, and clears away disfiguring pimples even when other treatments have been almost useless.

Resinol is not an experiment. It is a doctor's prescription which proved so wonderfully successful for skin troubles that it has been used by other doctors all over the country for twenty years. Every drugstore sells resinol ointment and resinol soap.—Adv.

All Deliveries in Rear.

Barry Sullivan, the tragedian, was playing Richard III on one occasion. When the actor came to the words, "A horse, a horse! My kingdom for a horse!" someone from the gallery called out, "Wouldn't a donkey do as well, Mr. Sullivan?"
 "Yes," replied the tragedian, turning quickly to the interrupter, "Please come around to the stage door."

His Status.

"What are you, my man, a plain tramp?"
 "You may say so, mum. Or, if you wish to follow the plan so prevalent these days of giving everything a special name—"

"Yes?"
 "You might call me an efficiency expert."—Louisville Courier-Journal.

KOVERALLS
 Reg. U.S. Pat. Off.
Keep Kids Kleen

The most practical, healthful, pleasurable garments ever invented for children 1 to 10 years of age. Made in one piece with long back. Easily slipped on or off. Easily washed. Made by Levi Strauss & Co., San Francisco
 Awarded GRAND PRIZE at the P. F. C. E.

Had Made Start.

Pete, the hired man, was known for his prodigious appetite. One morning he had eaten a normal breakfast of oatmeal, buckwheat cakes, toast, fried potatoes, ham, eggs, doughnuts, coffee and the usual trimmings, and gone to the neighbor's to help with extra work. Pete arrived before the family had risen from the morning meal.

"Well, Pete," hospitably inquired the farmer, "had breakfast yet?"

"Aw," drawled Pete in a wheedling tone, "kinda."—Everybody's Magazine.

Always Have It on Hand.

Don't wait until you get scalded or burned because that will mean much suffering while you are sending to the dealer's for Hanford's Balsam of Myrrh. Always have it on hand and be prepared for accidents. The Balsam should give you quick relief. Adv.

Wise Cur.

Traveler—Here, landlord, what's the matter with your dog? I've driven him away a dozen times, but he comes back and sits close to my chair, watching every mouthful I take. Do turn him out and let me have my dinner in peace.
 Landlord—Ah, sir, my Carlo is such a knowing brute! I expect you've the plate he usually eats off of.

"ANURIC"

The Latest Discovery In Medicine.

Why Suffer From Backache, Lumbago, Rheumatism?

It is now asserted with confidence that these painful effects due to uric acid in the system are entirely eradicated. A remedy, called "ANURIC," has been discovered by Dr. Pierce in his hospital practice, which he believes is thirty-seven times more potent than lithia, and is the cause of a drainage outward of the uric acid with which it comes in contact within the body. It will ward off backache, headache, and the darting pains and aches of articular or muscular rheumatism—of those diseases which are caused by too much uric acid, such as gout, asthma, sciatica, or sore, stiff, aching joints.

When the kidneys are weak or diseased, these natural filters do not cleanse the blood sufficiently, and the poisons are carried to all parts of the body. There follow depression, aches and pains, heaviness, drowsiness, irritability. "ANURIC" prolongs life

because old people usually suffer from hardening and thickening of the walls of the arteries, due to the excess of uric acid in the blood and tissues. Dr. Pierce, chief physician at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., has been testing this wonderful medicine for the relief of overworked and weakened kidneys. The relief obtained by sufferers has been so satisfactory that he determined to place "ANURIC" with the principal druggists in town where people could get this ready-to-use medicine. "ANURIC" is not harmful or poisonous, but aids nature in throwing off those poisons within the body which cause so much suffering, pain and misery.

If you want quick relief buy it now—or send Dr. Pierce 10c. for trial pkg.—or \$1.00 for full treatment. This will prove to you that "Anuric" eliminates uric acid from the system as hot water melts sugar.
