About Oregon

Crop Shortage Will Be Offset by Higher Prices This Year

Washington, D. C. - The monthly bulletin of the Federal Reserve board, issued this week, disscussing business conditions of the Pacific Coast, says:

"While the crops of this section will be less than the average, due to damage by late frosts and drouth, the farmers and fruit growers will be protected from loss through the greater prices which they will receive for their products. Peach growers who last year permitted their crops to rot on the trees because of the unprofitable prices prevailing are this year con-tracting to sell their product, which will be 40 to 60 per cent of the aver-age, at more than double the prices prevailing at the same time last prevailing at the same time last year.

The damage from the frost to apples and pears in the Northwest has been quite serious and general but the prediction is made that notwithstanding this the year's crop will exceed that of 1915.

This year's grain crop of the twelfth district will be from 20 to 30 per cent less than that of last year. This shortage is due to the unusual drouth which has prevailed during the spring in certain parts of California. A material decrease in acreage is reported from the Northwest. It is asserted that the carry over from last year's wheat crop in Oregon and Washington equals 20 to 40 per cent of last year's crop.

"Mining during the past year has been the most profitable industry within this district. The next most

profitable one has been livestock.

"Recent rains in Idaho have greatly benefitted the grazing lands. Sheep, wool and cattle are all bringing high prices in all of the states of this district. Dairying is also prosperous."

Representative Sinnott Now Wears Oregon Jackrabbit Fedora

Washington, D. C .- High-grade felt hats can be manufactured from the fur of Oregon jackrabbits. This is no longer a theory, but a demonstrated fact, and Representative N. J. Sinnott, of Oregon, is today proudly wearing the first and only felt fedora ever man-ufactured in the country from jackrab-

Last winter Mr. Sinnot discovered that felt hat manufacturers were embarrassed because their supply of German rabbit fur was cut off with the war. It occurred to him that jackrabbit fur might be substituted and he sent to Oregon for a consignment of jackrabbit skins. These he turned over to the largest and best-known hat manufacturers in the East, with the est that they experiment with the request that they experiment with the rabbit fur and determine its suitabilities for hat manufacture.

the touch and clear in color and grain. Members who examined it pronounced National shame. it a first-class headpiece and one that

Mr. Sinnott was told by manufacturers, who entered upon the experiment learned from them that jackrabbits to be valuable for hat manufacture must be killed in the winter months, when the fur is heaviest, and must come from the colder portions of the West.

OF PEACE WITH UNITED STATES

Washnigton, D. C .- Here are the salient features of the note from General Carranza to be handed to Secretary of State Lansing, which promises to lead to an eventual diplomatic adjustment of the Mexican situation:

1-Assurances that Mexican troops will establish peace and order in Northern Mexico.

2-Assurances that adequate meas

4-Reiteration of the view that the troops should be withdrawn.

5-Announcement that the de facto government has accepted in principle the suggestion of pan-American mediation, and request that the United States declare its attitude thereon.

forces assembling on the frontier.

The President will not seek to read into the note what it does not contain. He proposes to take it at its face

The recent retirement of American troops toward the Rio Grande was directed by the President in spite of the irritation caused by the Carrizal incident, for the purpose of proving to the Carranza government that the Wash-ington administration had no intention permanently occupying Mexican territory.

The same motive was behind the an-nouncement that General Pershing would be assigned to command the department of New Mexico and is responsible for the talk now emanating from official circles that this officer is to proceed shortly to El Paso, leaving a colonel in command of the troops re-

maining in Mexico. What the President desires to do is to convince General Carranza and his chiefs that this government has no lust for Mexican territory and that he will gladly order all soldiers to with-draw once he is satisfied the Carranza forces are able to maintain peace and

Independence Day Accidents Decrease in Past Eight Years

Chicago - Reports received by the Tribune from all over the entire country up to a late hour Tuesday night show eight deaths and 191 persons injured as the toll of the Fourth of July celebration, as compared with 19 killed and 903 injured in 1915.

For 17 years the Tribune has col-lected reports of the casualties The jackrabbit hat seems to be the equal of any \$5 felt hat on the market. It is of fine, soft texture, smooth to the purpose of directing public attention to what was in the be-

In the last half dozen years reports ought to command a good price in the have shown these casualties on the decline, and this year has seen them reduce to a minimum. The year 1915 showed a setback in the steady decline with some doubts, that the Oregon in casulaties, due probably to the fact jackrabbit fur made a much better hat there was practically a two-day than they had anticipated. He also celebration, the Fourth falling on Sunday and the legal holiday on Monday. Deaths for the last eight years have been: 1916, 8 deaths; 1915, 19; 1914, 9; 1913, 32; 1912, 41; 1911, 57;

As Wheat Season Advances More Grain Bags Are Needed

Portland-There is more inquiry for grain bags now than at any time this season. Sales are not much larger but buyers are showing decidedly more interest in bags, and sellers believe an active market is not far off. It is the improvement in crop conditions in the Northwest that is causing the inquiries to increase. The rains of the past fortnight have led all grain men to raise their estimate of the wheat crop and they are now figuring on a yield of 10,000,000 to 15,000,000 bushels ginning of this period no less than a June. This condition naturally has quotations are still around the 12-cent mark, but there is not the probability of a decline that dealers faced a short

The entire coast crop is growing in size and there are no more bags in sight than there were. As a California authority expresses it, for every bag in sight two will be needed. In California, as here, there has not been much buying by farmres in anticipation of crop needs, but this is a con-dition that cannot last much longer. Much was heard earlier in the season of bulk handling of grain, but it is evident now that there will be but little relief for the situation on this

HEAT FLASHES, DIZZY, NERVOUS

Mrs. Wynn Tells How Lydia E. Pinkham's Vegetable Compound Helped Her During Change of Life.

Richmond, Va. - "After taking seven bottles of Lydia E. Pinkham's

pound I feel like a new woman. I always had a headache during the Change of Life and was also troubled with other bad feelings common at that timedizzy spells, nervous feelings and heat flashes. Now I am in better health than I ever was and recommend your

remedies to all my friends."-Mrs. LENA WYNN, 2812 E. O Street, Richmond, Va. While Change of Life is a most critical period of a woman's existence, the annoying symptoms which accompany it may be controlled, and normal health restored by the timely use of Lydia E. Pinkham's Vegetable Compound.

Such warning symptoms are a sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude, and

For these abnormal conditions do not fail to take Lydia E. Pinkham's Vegetable Compound.

Kitchener's Work for the Empire. Kitchener will be remembered for

four great constructive works of or-ganization, carried out in Egypt, South Africa, India and England. case his work was creative and revolutionary in conception, and carried out with the utmost precision in every least detail. No man touched the least detail. No man touched the world-extended British Empire at more points, or touched it with such decisive, fateful effect. It may be said, indeed, that the integrity of the Empire, in the twentieth century, is the work of Kitchener. Four dangers arose, in regions separated by vast continental spaces; in each region, Kitchener met the danger, piercingly diagnosed the cause, patiently and courageously overcame it. Every honor within the power of his countrymen to give him was offered to Kitchener; yet all honors fall short of his im-mense attainment.—From "Kitchener of Khartoum," by Charles Johnston, in the American Review of Reviews

Guardsmen to Be Alded.

District Forester George H. Cecil, Portland, Ore., has received the following telegram from the Chief For-ester, Henry S. Graves, Washington, D. C., in reference to employees of the Forest Service who belong to the National Guard: "Forester desires to aid employees who are members of the National Guard to fulfill their military obligations. For this purpose he will approve applications for leave and will so far as possible consistent with civil service rules and future appropriations, assure them restoration to present positions after com-pletion of service in the army. Please report immediately approximate number of employees in district who are members of Guard and will probably request leave in response to the Presi dent's call."

Better.

Two suitors had striven for the hand of Mary Murphy. One was Doo-lan, a prosperous grocer, and he was backed up by Pa and Ma Murphy; the other was a handsome young clerk, and he was backed up by Mary.

The clerk won. On the morning of her first birthday after the wedding day Mary called to see her parents, and proudly show-ed them a pretty little gold watch which her husband had given her. But Mrs. Murphy soiffed contemp-

"That's very nice," she said disapgold watch ye'd be havin' in yer pock-et, but a good eight day clock!"
