### PENDLETON IS IDEAL LOCATION FOR NORMAL

CITY'S RAILROAD, HEALTH, EDUCATIONAL AND OTHER FACILITIES ADAPT IT FOR SCHOOL SITE.

Pendleton, Ore.—Pendleton's claims for the establishment of a State Normal School are based upon the unusual advantages offered for such an institution. It is ideally located with respect to railroad facilities and in the center of the country which it will serve. Its health conditions are excellent. It has a bountiful supply of clear, cold, pure mountain water.

It offers a library of 12,000 volumes, to which are added 3000 annually, housed in a beautiful new building, erected at a cost of \$40,000. The largest athletic stadium in the Northwest, capable of accommodating 20,000 people; a natatorium, modern and equipped for the use of men and women, built at a cost of \$11,000; ample auditorium room for lyceum courses and lectures and a school system that is without equal in a city of its size. Its facilities and the students necessary for practice teaching have been guaranteed by the city board.

### OREGON RANKS LOW IN NORMAL SCHOOLS

U. S. BUREAU OF EDUCATION REPORT UNCOMPLIMENTARY TO STATE'S SCHOOL POLICY.

Pendleton, Ore.—Oregon is one of the most poorly equipped states in the Union for the training of teachers, according to the United States Bureau of Education.

Only five states in the Union have less normal equipment than Oregon. Oregon has one Normal School and forty states have more than one. New York has 18, Pennsylvania 18, Massachusetts 12, California 10, Washington 8 and Idaho 7.

The report of the Bureau of Education shows that even the little state of Idaho, with a population only half as large as that of Oregon, is spending more than twice as much for Normal Schools as is this state.

The same report urges that Normal Schools be located in the railroad centers with public schools sufficiently large to give teaching practice to the normal students.

State Superintendent Churchill's annual report shows that of the 6955 teachers in Oregon last year but 791, or 13 per cent, were Normal School graduates. The same official estimated that 1000 new teachers are needed each year and the present Normal school is turning out but 150.

The majority of Normal trained teachers are shown to be teaching within a small radius of Monmouth, although Eastern Oregon pays on the average of \$10.41 a month more for teachers than does the Willamette Valley.

## POINTS FROM HUGHES' SPEECHES

Reckless extravagance of the Democrats is an insult to the American people.  
Deserving Democrats! Deserving in heaven's name of what? We have a splendid system of government on paper, but we want that system vitalized.  
The pork barrel bill brings a blush of shame to the cheeks of every American.  
I am here because I have a vision of what America needs.  
As life American will always feel uncomfortable.  
America will not hold her own by high-sounding phrases.  
Are we not a nation great enough to have sufficient foresight to protect our borders to a sensible fashion by means of sensible preparedness?  
If we state our rights in a firm and determined manner it should carry conviction. There should be no vacillation in connection with that assertion.

## THE RIGHTS OF AMERICAN CITIZENS DO NOT STOP AT THE COAST LINE.

"When I say that I am an American citizen, I ought to say the proudest thing that any man can say in this world. But you can't have that pride if American citizenry is a cheap thing, if it is not worthy of protection this wide world over. There is no man who could successfully present to an American community the platform that an American citizen's rights stop at the coast line and that beyond that American life is to be the prey of any marauder who chooses to take it."—From a speech of Mr. Hughes in the West.

## TELL HOW WOMEN VOTERS WILL CONTROL POLITICS

Congressional Union Leaders Explain the Movement in Opposition to President Wilson.

Just how the decision of the woman's party to oppose President Wilson for re-election is expected to change the national political situation was explained in a statement by suffrage leaders at the headquarters of the Congressional Union for Woman's Suffrage at Washington.

It was pointed out that unless he wins the West the defeat of Mr. Wilson "seems inevitable."

Needed to Offset Loss of Ohio.

To counteract the loss of Ohio alone, which, judging from indications at the primaries, will go with its twenty-four electoral votes to the Republican count, the Democrats will have to win in the West, California, with its thirteen electoral votes; Nevada, with three; Colorado, with six, and Arizona, with three, woman's party representatives here asserted.

"In Idaho the Progressive party is dissolved," they continue, "so that the Democrats will have to work hard to get any electoral votes there. Illinois is practically conceded to the Republicans, in the view of woman's party members, three-fourths or more of the Progressives there having returned to the Republican ranks.

Conditions in Other States.  
"In Kansas the Progressives and Republicans are practically one again. In Montana there is great dissatisfaction over the proposed Democratic tax on copper. Oregon and Washington are expected to go Republican. These two states were hit hard by the Panama Canal tolls act and the Democratic tariff is seriously felt by the lumber industry there. Utah is considered safe by the Republicans. In Wyoming the Progressives and Republicans have joined hands."

## POLITICAL JOTTINGS

At that, however, from beginning to end this has been more of a "you kick me and I'll kiss you" administration.

Vance McCormick says the Progressives are stampeding to Wilson, and it's a ten to one bet he wishes he could believe it.

The Democrats are finding out that pork comes home to roost out their standing.

The men and women who prefer a man who does things to a man who writes notes about them will vote for Hughes. Government by correspondence takes too long to get anywhere, but government by deeds is always on the job.

Those who are concerned to know what Mr. Hughes would have done had he been in Mr. Wilson's place may rest assured he would not have done as Mr. Wilson has. And that is answer enough.

Mr. Hughes is not only going direct to the public, but the public is going direct to him. A genuine American fifty-fifty!

President Wilson's alarm clock is ringing at 5 o'clock these mornings. He can reach out of bed and turn it off the morning of March 5.

Postmaster General Burleson is too busy a politician to adopt for his department the Mr. Wilson rule forbidding Treasury department employees participating in politics. Mr. Burleson realizes that postmasters are entitled to some exercise for the money.

There are no strings or mental reservations to the public pledges of administrative reform given by Charles E. Hughes. His record as governor of New York guarantees the fulfillment of every promise.

Democrats are now convinced that Charles Evans Hughes is a warm proposition.

It is gratifying, indeed, to find that Mr. Wilson still stands on the suffrage question where he stood at the beginning of his administration. He has changed on about everything else.—Philadelphia Evening Ledger.

It strikes one that instead of wildly insisting for the State of Maine, Vance McCormick might do better work by taking his winking eye to the West to repair the Democratic bridges that are being dynamited by Justice Hughes.

**Deering Mower Assets**

A THOROUGHLY dependable mower is a big asset at haying time. A good mower should be able to cut grass in any condition satisfactorily, and in this respect the Deering New Ideal is a pronounced leader. The flexible movement of the cutter bar which permits close cutting over rough ground, the one-piece main frame with all holes drilled in one operation to secure perfect alignment of parts, the covered gears and the special quality steel ball and roller bearings, etc. Still another point—the ledger plate on the Deering mower extends the full length of the cutting surface of the guard, giving the advantage of a complete shear cut, whether the knife section is old or new. This does away with all clogging of the grass between the knife section and the rear end of the ledger plate.  
Drop in and see us and we will show you the mower in detail.
