LOCAL BREVITIES.

Wheat reached the sixbits notch in this city last Saturday.

For want of space we postpone a write-up of the K. of P. installation till next week.

Mr. Catterlin an old time photographer of Salem is visiting his brother Ed. of this city.

W. R. Blain of Albany, offers some remarkable bargains in clothing. Read his ad in another column.

Prof. Crawford went to Albany on Friday evenings train, of last week, to attend the funeral of Rev. Lewis, which occurred on the following afternoon.

Jennings & Bellinger were arrested at Lebanon Saturday for keeping a saloon open on Sunday and were to be tried today before Justice Lovelee.

We hear of several farmers whose fall wheat was injured by the November freeze. Some fields are so badly injured that reseeding will be necessary.

Doctor Prill having located in Scio, can be found at his Office, in the building formerly occupied by Dr. Hyde. Calls promptly attended, day or night.

Dr. J. W. Cole went up to Gates last Saturday and examined a number of candidates for membership in the camp of Woodman of the World, of that place.

The farmers quite generally through the county are plowing and sowing as fast as the ground is ready. Some are putting in fall wheat and some spring wheat.—Democrat.

Our creamery promises to be liberally patronized during the coming season. The management contemplate cheese making during the season when butter is too low to be profitable.

At the hour of going to press the house of representatives had failed to organize by electing a speaker. Just what is the hope of those who are holding the organization back, is not quite clear.

Last Sunday afternoon Mr. John Cyrus and Miss Alvira Dillon were united in the sacred bonds of matrimony at the residence of the bride's parents in this place, Judge M. E. Brink performing the ceremony.—Prineville Journal.

If you can possibly raise the money, go to the I. E. Blain Clothing Co., Albany and exaffine their suits and prices. You will be astonished at the prices they will give you. It will take but $4.00 or $5.00 to buy a first-class suit.

Wm Hyde, the quack doctor, now doing time in the county jail for practicing medicine without license, was quite sick last week and is in a very feeble condition, owing to his age, and enforced abstemious habits since his incarceration.

When in Albany last week Judge Barton informed us that the tax levy for Linn county, for 1897, would be 13 mills. This is a reduction of two mills from last year's levy, and is not a very bad showing for a populist administration. Had not the elements conspired against us in the way of carring off bridges, the levy would have been but 12 mills.

Deputy prosecuting attorney Dalrymple returned Saturday evening from Lebanon and Lacomb, where he had been to prosecute several cases. Chas Wood was found guilty of assault upon Clinton Myers and fined $15. Jos Crabb, Ed. Young, Henry Hasler, William Rutledge and Lulu Clark were each fined $10 for disturbing a religious meeting.—Democrat.

Accidentally Shot

Henry, son of O. Curl of this city, yesterday shot himself with a pistol. The ball entered the hand at the base of the little finger and lodged at or near the junction of the hand and wrist. Dr. Prill extracted the bullet and dressed the wound. The injury is quite painful, and will disfigure the hand to some extent.

COUNCIL PROCEEDINGS.

The new city council met in its first business session last Thursday evening and was called to order by Mayor Ewing. Councilmen Barnes, Gill, Daniel, Goin, Peery, Irvine and Ray (a full board) answered to their names.

Minutes of last meeting of the old council and of the January 1 meeting of the new, read and approved.

Order of business as used by the old council, was adopted by the new.

Mayor Ewing then appointed the following standing committees:

Ways and Means—Peery, Daniel and Barnes.

Fire, Light and Water—Daniel, Goin and Gill.

Accounts and Current Expenses—Gill, Peery and Irvine.

Streets and Public Property—Barnes, Irvine and Ray.

Ordinances—Goin, Peery and Daniel.

Preservation of Health—Ray, Irvine and Goin.

Annual reports of recorder and treasurer, referred to Ways and Means committee.

Bill of recorder referred to Accounts and Current Expenses committee.

City marshal ordered to keep a strict lookout, and prosecute any persons found violating the ordinance against gambling.

Ordered that the old wire rope be sold to the best advantage.

After the reading of the mayor's message, the council adjourned to meet in special session on January 28.

Astonishing Reductions

When in Albany last week we spent some little time in conversation with Mr. I. E. Blain, the great clothier, and in looking at the immense number of suits that are offered at a reduction of 50 per cent or more from former prices. While it is true that times are hard and money very scarce, it is also true that you can buy an excellent suit of good material and good enough for any one to wear at from $4.00 to $8.00 per suit. These same suits, six months ago were sold at from $12.00 to $20.00 per suit. There is no mistake but what clothing can be bought in Albany now at one-half the price at which they were ever offered before.

Incorporated.

The Albany, Lebanon, Sodaville & Waterloo Railroad Co., on Monday filed articles of incorporation in the office of the secretary of state. The company will construct and operate a railroad, telegraph and telephone line from Albany, via Lebanon and Sodaville to Waterloo; also a line of steamboats to carry passengers and freight, to ply on the Willamette river. The principal office of the new company will be located at Albany. The capital stock is given at $100,000 to be divided into 4000 shares of the par value of $25 each. M. W. Wilkins, W. W. Parish, P. Cheshire, T. J. Cheshire, J. H. Turpin, S. W. Gould and J. S. Hughes are the incorporators of record.

Born

JOHNSON—On Saturday, January 9, 1897, to the wife of Hon. A. J. Johnson, of this city, a son.

Senator Johnson was in Salem at the time the above event transpired but the importance of electing an United States senator or the organization of the state senate faded into insignificence when a new heir was to be welcomed, and in response to a telegram, the senator came up home on Sunday. No wonder he retired from the race for the presidency, for too many honors thrust upon a man at once is apt to have a demoralizing effect upon him. After a short visit of two or three hours Senator Johnson returned to Salem.

McDONALD—On Monday, January 11, 1897, to the wife of Wm McDonald, a 11-pound son.

COMPTON—On January 10, 1897, to the wife of C. D. Compton a ten-pound daughter.

Died

GALLOWAY—On January 12, 1897, at the family home near Shelburn, of consumption, Wm Galloway, aged nearly 49 years.

Populists are bad people according to the Herald. 13 populist members appear to be able to control the republican majority of the house of representatives, and delay organization. How about the republican members that assist the 13 bad populists? They are all right, of course; but all the same they wont vote for Mitchell.

Charlie Young went to Salem yesterday, at the instance of Senator Johnson. He will probably be appointed to a legislative clerkship.

Virgil Johnson went to Salem last week.

A Great Chance To Make Money.

I want to tell you of my wonderful success. Being a poor girl and needing money badly, I tried the Rub Washer business and have cleared $200 every month. It is no more than I ever had before and I can't help telling you about it, for I believe any person can do as well as I have if they only try. Rub Washer sell on sight; every lady wants one. The Model City Rub Washer Co., St. Louis, Mo., will give you all necessary instructions, so you can begin work at once. The Rub Washer does splendid work; you can wash and dry the dishes in two or three minutes without putting your hands in the water at all. Try this business and let us know how you succeed.

Marry Quick Or Quick.

I saw in your paper that a 15 year old boy made $ 2 the first day he worked selling the Perfection Metal Tin Lamp wick. I ordered a sample and went to work and the first week I cleared $10, the second week I cleared $15. I expect to run on to $20 a week in the near future as the Perfection Metal Tip Lamp wick makes such a beautiful white light and does away with smoke, chimneys and bad odor as it can't smoke, it pays you to write to try it and I will send you enough to Miss A. M. Fritz, Station A, St. Louis, Mo., and she will send you sample outfit, this is a good way to make money around home.

Make Your Own Lantern.

Your home is incomplete without Pyle and the price is within reach of all. I ordered one for my own use—and it was so handy and convenient I went to taking orders for them and sold 31 in one day making over $5 clear. It gives a beautiful soft white light, chimney never break from heat, it is always clean and ready. Francis Casey, St. Louis, Mo., will send anyone for 35 two cent stamps, for one. I got my start from him.

How the Dipper Saved the Farm

Father was sick and the mortgage on the farm was coming due. I saw in the Ladies Advocate where Miss A. M. Fritz of Station A, St. Louis, Mo., would send a sample combination dipper for 2 two cent stamps, and I ordered one. I saw the dipper could be used as a fruit jar filler, a milk pitcher, a dish strainer, a funnel, a strainer funnel, a sick room warming pan and a nut measure. These eight different uses makes the dipper such a necessary article that I went to work with it and I sells at very near every house. And in four months I had all the mortgage. I think I can come as much as $200 a month. If you need a woman to sell by writing like I did, Miss A. M. Fritz, Station A, St. Louis, Mo., will send you a sample for 2 two cent stamps—write at once.

A Dandy Windmill, Make It Yourself.

I have a neighbor that made one of the Peerless Windmills, and I have been watching it closely. It has been up till I have ever seen it and anyone can make one for less than $10. I am going to make two immediately and don't see why every farmer cannot have a windmill when he can make it himself for so little money. The mill is durable, powerful and runs easily. Any person can get diagrams and complete directions by sending 15 two cent stamps to Francis Casey, St. Louis, Mo., and any active man can undoubtedly make money anywhere putting these mills up for others, and I see no use of paying $40 or $50 for a mill when you can make one just as good for $10.

That Wonderful Churn.

I want to add my testimony to the list of those that have used the Lightening Churn. It does all that is claimed for it; you can churn easily in one minute and get a large percentage more butter than with the common churns. I never took the agency for anything before, but so many of my neighbors wanted churns that I ordered 12 and they are all gone. I think in a year every farmer will have a Lightening Churn. In fact they can't afford to be without one as they make much more butter and a good little bit of money can be made in every township selling these churns. By writing to J. F. Casey & Co., St. Louis, Mo., you can get circulars and full particulars about the churn.

A Reader.

Marry This Girl, Somebody.

I have been reading in your paper about several men and women that have been very successful selling self heating flat irons, and I concluded I would see what a girl could do. I have worked 12 days and have sold 131 irons and have 26 dollars left after paying all expenses. Everybody is delighted with the iron and I sell one almost every place I show it, as people think they can't afford to be without one as they save so much fuel and time and don't burn the clothes. I know I can clear five thousand dollars in a year. How is that for a girl?

A Brother

Splendid, my girl, splendid; you are a true American girl. Anyone can get complete information about the self-heating iron by addressing J. F. Casey & Co., St. Louis, Mo. It seems to be a winner, as everybody selling it writes to the point.
