S. E. YOUNG,
ALBANY, ORN.
Agent for Butterick patterns
Send for Metrpolitan.

Make us a visit!

We gladly invite all citizens for a stroll through our store. Not only are they welcome without being buyers, but so also, are their friends. All sightseeing and information is freely at their service. Here you will find honest merchandise at honest prices. Our ever increasing sales show the appreciation with which you greet our methods of doing business.

READ, PEACOCK & CO., Albany, Orn.

LOCAL BREVITIES.

See Ewing & Peery,s ad in another column.

Patronize your home paper. It works for your interests.

S. M. Daniel will pay the highest market price for goat wool.

Nice, nobby, new goods arriving daily at S. M. Daniel's Call and see them.

Fishing tackle consisting of good assortment of flyhooks, lines and canepoles, at M. C. GILL & SONS

Mr. A. Tauzler, formerly of Jefferson, has bought an Albany grocery business and has taken charge thereof.

In another column will be found the hotel card of O. M. Curl formerly of this city. Give him a call when over there.

Doctor Prill having located in Scio, can be found at his Office, in the building formerly occupied by Dr. Hyde. Calls promptly attended, day or night.

Bring your old leaky silver watch cases to A. W. Hagey and trade them for new nickel ones. He can save you 25 per cent on all kinds of watches and jewelry.

War appears to exist between the Greeks and Turks. Two or three pitched battles have been fought. If the two young European emperors do not have a hand in matters before it is ended, we miss our guess.

The Blain Clothing Co. at Albany has bought the stock of goods recently bid in at Assignee's sale by Mr. Vance and for a limited time, at least, their large lines of clothing furnishing goods and boots & shoes will be offered at a decided reduction in price.

May 1, so J. S. Morris states, is the day set for the starting up of our creamery. It is hoped that the farmers will give a liberal patronage to the creamery. It is essentially a farmers institution and upon the patronage given it by the farmers depends its success or failure.

It is very easy in these times of universal suspicion to spread a scandalous report concerning a fellow citizen and do him lasting injury. In times like the present, humanity will more readily believe evil than good report. Let us be very careful before making up an opinion, that we are in possession of absolute facts.

Bicyclists have lately been out of luck in this city. Someone who is too cowardly to do such work openly, has distributed tacks on the walks and in the streets, and punctured tires is the result. Of course the tack distributer is a small boy, for a large boy or man would not be guilty of such a contemtible meanness. Don't do it boys, some barefoot child or a woman with light shoes may be badly hurt. You don't desire to injure anyone in that way, do you?

State School Superintendent Irwin made an appointment to preach in one of the Albany churches last Sunday. When the hour arrived the Rev. brother went to the wrong church and taking his seat in the pulpit, was only made aware of his awkward mistake upon the arrival of the regular pastor. Had it been the first day of April Bro. Irwin could have passed the matter as a joke of the season, but as it was not it will now be in order for some benevolent churchman to present our superintendent with an Albany directory.

Cattle buyers are numerous nowadays.

H. Bryant of Albany was in this city on business, Monday

Wm. Brenner is buying cattle in the vacinity of Crawfordsville this week.

Rev. Mr. Blalock, of Stayton will preach at the M. E. church in this city on this (Wednesday) evening.

Hub W. Bilyeu started for Eastern Oregon and Washington via Portland and the Dalles, on last Sunday.

Head Consul Falkenburg of the Woodmen of the world will pay Scio camp of that order an official visit on April 30.

Miss Maud Bilyeu, of this office, is spending a week with the old folks at home in the country at the present writing.

While the rain of Sunday afternoon was not particularly needed, still it convinced the dry weather prophets that there was no danger of a drought.

The prospect for fruit, of all kinds was never better in this locality than it is at the present time. Some trees are so full of blooms, that they resemble a huge bouquet.

Married: At the residence of the bride's parents, on Mill creek, on the 6th inst., Mr. J. E. Calavan and Miss Avery H. Spear, Elder C. P. Belley officiating.—Prineville Review.

Prof. A. N. Fulkerson and his sister, Miss Fay, came up from Monmouth last Saturday evening to visit Scio friends, returning on the following Tuesday. The Professor has many warm friends in Scio.

Seed and spring seed have been quite scarce in this locality, yet not nearly so scarce as on the Albany prairie. Neither hay, oats or bran have commanded as high a price here as over there.

Quite a number of the members of the K. O. T. M. of this city went over to Jefferson last evening to pay a fraternal visit and assist in initiating new members into the order in that city.

With the graneries of the world practically empty and the great probability of an European war during the present summer, farmers will do well to put as large an area to wheat this spring, as possible.

Our creamery will commence operations in a few days. It is the intention of the management to pay the farmer every cent that his milk will produce, except absolute operating expenses on a very economical basis.

Some of the residents of Independence are considerably worked up over seeing what they term a "ghost," which seems to have taken possession of an old house that stands on the Johnson farm, on the road between Independence and Dallas.

Farming is progressing in quite a satisfactory manner in this locality. With another week of favorable weather, most of the farmers will have finished their spring seeding and be ready to commence plowing on summer fallow.

From a private letter from Jas. Abbott, who is now stage driver from Lebanon to Foster, we learn that the snow is 10 feet deep on the summit of the mountains on the W. V. & C. M. wagon road, and 6 feet deep at Fish lake, but is melting fast.

The 11-months-old child of A. F. Ayers of Lebanon, went out to a bee hive last Friday and was terribly stung by the bees. When attacked, the child made no attempt to escape, and would have been stung to death had not its father come to the rescue.

The Lebanon Advance says that arrangements are being made by the Lebanon mill to grind wood pulp in the mill at Niagara, and that, when this is done, the Lebanon mill will make paper out of wood pulp, instead of out of straw, as at present. The Lebanon company has been paying about $10,000 a year for straw.

The Scio Citizens band took an outing last Sunday. When the band and audience attempted to pass over the inclosure of Jas. Richardson the band was allowed to pass but the audience was admonished to keep off the grass. As an audience is desirable when our band plays it returned to town and went up into the cupola of the school house and discoursed some excellent music. Thanks boys, do it some more.

Inquiry made last evening developed the fact that tomorrow or Thursday will witness the departure hence of A. Bush, and Miss Sallie and Governor and Mrs. William P. Lord for the east. Mr. and Miss Bush go for pleasure and rest and their itinerary will embrace New York, Washington, Boston and some favored spots in old New Hampshire and Eastern Canada and will occupy the better part of two months. Mr. Bush desiring to leave the east before the hottest heat sets in there. The governor goes in a semi official capacity, being Oregon's representative at the dedication ceremonies of General Grant's tomb and as the guest of the committee in charge of that great national function.—Statesman.

Another Wet Experience

For several years S. A. D. Hamilton who lives South of town, has been in the habit of indulging in occasional street preaching in this and neighboring cities. While his talks are here regarded as ravings of a weak mind, but in strange communities he might be regarded in a different light; for his preaching will not suffer if compared with that of many a regularly ordained minister that we have heard. On last Monday evening Doug filled an appointment to preach over at the livery stable. At the conclusion of services that had lasted one half an hour or more it was thought proper that the rite of baptism should be administered. Reversing the usual order it was determined to baptize the preacher. Some one about this time turned off the electric light and the first thing Doug knew he was being soused into the large watering trough which was well filled with water. This rough treatment did not seem to dampen the ardor of Brother Hamilton at all, for he at once commenced preaching again. Another baptism was also thought expedient and into the trough poor Doug was placed again. When he emerged from the trough he very much resembled the traditional drowned rat and all disposition to "preach" had passed away. He was supplied with dry clothing by J. N. Morris, or he might have suffered some what from his wetting before he reached his home.

While we regret that so severe treatment was administered to Hamilton and we believe that the action is generally condemned by our citizens, we hope he (Doug) will profit by his wet experience and not attempt to preach again where his services are not wanted and are made the subject of ridicule. As funny as the matter appeared at the time, the perpetrators are ashamed of their action and no one can be found who lent a hand in the work.

The Mascot Rod and Gun Club.

For the purpose of promoting the protection of game and for the mutual enjoyment of its members, a number of Scio's fishers and hunters assembled at C. A. Loud's barber shop on Thursday evening of last week and proceeded to organize a rod and gun club.

Organization was effected by selecting Dr. A. G. Prill president; T. L. Dugger, vice president; O. B. Cyrus, secretary and treasurer. C. A. Loud was selected as field captain and W. E. Catterlin, G. W. Morrow, C. N. Yoncq, and the president and vice president, a board of directors.

Saturday evening of each week is the time of meeting. It is contemplated to purchase a trap and blue rocks and hold shoots every week or two. The organization will be perfected at future meetings by the adoption of a code of by-laws for the government of the club.

Not Harmonious.

Last week we noted the sale of the Albany Imprint to Representative J. S. Smith. From an Albany exchange we learn that the Imprint force when they returned from dinner on Monday found the office locked up tight and fast and in possession of the former proprietor J. A. Finch. Ingress to the building was obtained by cutting a Smith breaking a window glass. When the two editors met, both of whom are rather on the combative order, high words resulted and a first-class fight was prevented only by the presentment of a murderous looking six-shooter. The end of the matter has not yet probably been told and as we know nothing about the facts in the case, will not attempt to pass an opinion on its merits further than to say, Brethren keep cool and do not allow your mighty passions to control you.

A Small Blaze.

On last Thursday afternoon Scio's fire alarm called our fire department out for the first time in many months. The boys were on hand within a minute after the alarm was sounded and a line of hose was quickly laid from the hydrant at the corner of Mill and Main streets. The fire was in the roof of Gill & Cole's barber shop. Evidently a spark had dropped from the chimney and ignited the moss on the roof. A stream of water was on hand so quickly that the fire did not have time to gain any headway. After the blaze was put out a hole about 4x6 in the roof and a flooded barber shop was about the only damage. Had the fire obtained a good start considerable damage would most likely have resulted. However Scio's fire boys may be relied upon to get there with both feet in very short order when the fire bell rings. Nor do they stand around with their hands in their pockets while there. They work fast and to a purpose, knowing full well that quick well directed effort at a fire is what counts.

EWING & PEERY.

Successors to J. S. Morris & Co.

Dealers in Drugs, Patent Medicines, Paints, Oils, Glass, Wall Paper, Stationery, Etc.

Having purchased the entire stock of goods, consisting of Drugs, Paints, Oils, Wall Paper, etc., from J. S. Morris & Co., we are prepared to furnish anything in our line at good, honest, living prices for CASH. Our business will be conducted on a basis whereby we can discount our bills and our customers will not be caused to pay an extra price on goods to cover our losses on bad debts. We will be pleased to quote you prices or sell you goods.

☞ Prescriptions carefully compounded.

EWING & PEERY, Pharmacists.

County Economy

(Communicated)

It seems to be the trend of the times for general economy, and especially is this true of the county judge of Linn county.

This is what we all desire, but, it can be carried to extremes in this line as well as in other ways.

The Forks of the Santiam as they are called, seem to be especially free from people who require assistance from the county, but there has occurred two instances here during the winter, which deserved the assistance called for, and which was advanced by the citizens, and has now been refused by the county.

The first case was a county charge and Dr. Cole, of Scio, was called, going in the dead of night, and a heavy rain, waiting in a proper manner upon the sick, who required the assistance. His bill, a very reasonable one, was presented to the county court and disallowed.

We are informed that in a talk with Judge Barton, Dr. Prill was informed that in case of required services by the poor, that such bills would be paid by the county providing a petition was presented by the citizens asking such assistance, and who were acquainted with the circumstances.

The second instance which occured here, was attended by Dr. Prill, and as the case was not a county charge at that time, a petition as above referred was presented together with the bill of Dr. Prill and J. S. Morris. The bill of Dr. Prill was promptly disallowed, and the Bill of J. S. Morris was paid. Both bills pertaining to the same case and made at the same time.

We see no reason for such bolls eriminate abuse of authority, and impartiality. In both instances the work was done, and an expense incurred by the persons who rendered the assistances. Doctors cannot live on wind. There is a team to feed and take care off, or a livery bill to pay in all such cases, and as in these cases a trip in the rain and mud in the night, that a person less charitable would have declined.

We notice bills of other physicians in other portions of the county being allowed; But then we have no strings on the county court to pull except, perhaps, when it comes to election again.

By allowing the bill of J. S. Morris the court admitted that the persons needed the assistance, then taking this for granted, the other bills were just because the latter bill could not be incurred without the former.

What the people of this vicinity like is economy, but not such as has been exhibited in the cases here made public.

We understand that the latter case is now also a county charge, and fully deserving it.

All this economy may be misdirected, for we learn that some of the county officials are learning to play a "NEW MUSICAL INSTRUMENT." We hope they will be successful, but some of these instruments are expensive in the long run and lead to serious mental and physical conditions.

Enlargement of the head is often a serious complication, and would require a larger hat.

A word to the wise is generally sufficient.

CITIZEN.

A Very Ugly Cut.

On last Thursday, Riley Moore was engaged in cutting or slashing some small timber. Three or four trees become lodged and in the effort to cause them to fall, we suppose, he was chopping over his head and by some means his ax came in contact with his right cheek laying it open from his ear to the point of the chin. Mr. Moore tied the wound up as well as he was able and came to this city to have it properly dressed, which was done by Dr. Prill during the afternoon. The wound will probably leave an ugly scar, though no serious trouble is expected to result.

The rain of last sunday night was very opportune and will result in great benefit to this section of the country.

Chickens, 3.00 per doz

Homestead Publication.

Land Office at Oregon City
April 12, 1897

I Frank Wals of Jordan who made Homestead Application No. 8569 for the South West quarter of Section 34 in Township 10 South of range 1 East do hereby give notice of my intention to make final proof to establish my claim to the land above described, and that I expect to prove my residence and cultivation before County Clerk at Albany on May 20th, 1897 by two of the following witnesses: J. A. Craft, C. T. Craft and John A. White of Lyerwood and H. E. Burmester of Jordan.

FRANK WALS.

Mrs. A. Iveen, residing at 720 Henry St. Ill., suffered with sciatic rheumatism for over eight months. She doctored for it nearly the whole of this time, using various remedies recommended by friends, and was treated by the physicians, but received no relief. She then used one and a half bottles of Chamberlain's Pain Balm, which effected a complete cure. This is published at her request, as she wants others similarly afflicted to know what cured her. The 25 and 50 cent sizes for sale by EWING & PEERY.

New Barber Shop.

Mr. C. A. Loud, recently of California, has opened a new barber shop near the south end of the bridge in this city. In the Austin building, where you can get a first class shave or a hair cut. The shop is new and everything is neat and clean. Give him a trial.

Americans are the most inventive people on earth. To them have been issued nearly 600,000 patents, or more than one-third of all the patents issued in the world. No discovery of modern years has been of greater benefit to mankind than Chamberlain's Colic, Cholera and Diarrhoea Remedy, or has done more to relieve pain and suffering. J. W. Vaughn, of Oakton, Ky. says: "I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy in my family for several years, and find it to be the best medicine I ever used for cramps in the stomach and bowels. For sale by EWING & PEERY.

We want money. Delinquents will please take notice. We will take cordwood, meat, wheat, oats, hay, live stock, threshing machines, steam engines, and, well we would take a little gold if we could get it.

Two years ago R. J. Warren, a druggist at Pleasant Brook, N. Y., bought a small supply of Chamberlain's Cough Remedy. He sums up the result as follows: "At that time the goods were unknown in this section; to-day Chamberlain's Cough Remedy is a household word." It is the same in hundreds of communities. Where ever the good qualities of Chamberlain's Cough Remedy become known the people will have nothing else. For sale by EWING & PEERY.

Mohair-Goats Wool

Those having mohair will remember that I am going to buy and I will pay the very highest price possible. It is to your and certainly to my interest that the growers of it consequently get the top price for their wool—remember that.

R. E. HIBLER.
