J. A. Finch's new paper "The Albany (Ore.) Bell" is on our table. "The Bell" starts out with a fair advertising patronage and proposes to ring twice a week. It is a 6-column folio and Bro. Finch purposes to "toll" the funeral of some one before many weeks pass by. Just whose it may be remains yet to be seen.

The body of C. H. Simpson, one of Salem's city councilmen, was found in Mill Creek Saturday. He was a member of the Woodmen of the World and I. O. O. F., and leaves a wife and three children. The coroner's jury visited the scene of the accident and came to the conclusion that he walked off the high south bank of Mill creek, about fifty feet East of capital street. They found that he came to his death by drowning. Some think it was a case of suicide.

Hamilton Bishop who resides near the foothills east of this city met with a serious accident last week. While engaged in hauling posts on a sled down the mountain, the load slipped precipitating Mr. Bishop between the horses and the load, the posts falling on top of him. The team became frightened and ran away, dragging the sled over the unfortunate man, breaking three ribs and inflicting other serious injuries. Mr. Bishop was unable to rise but by waving his hat attracted the attention of a man working near who went to his assistance.—Harrisburg Review.

Talk about "Hold ups," that of the late Oregon legislature isn't a circumstance as compared with the hold up that is now in progress in the national house of representatives under the management of Speaker Reed. Mr. Reed refuses to appoint the usual committees and for which reason no legislation whatever except what would come before the Ways and Means committee can be enacted in to law. And the republican majority sided by the gold democrats backs him up in his revolutionary ruffing. It is just such high-handed practices by European monarchs that gave birth to the Nihilists and bomb throwers. Truly enemies to our country sometimes secure positions of power and trust, which they ought not to secure.

John Craft, a stockman of near Lebanon, was doing business in our city Tuesday.

We neglected to make a note last week, of the fraternal visit made by some twenty-five of the K. O. T. M. of this city to Martin Tent of the order at Jefferson road. A most enjoyable time was had. Jack Jones is considerable of a farmer himself. He is planting one acre of carrots for stock purposes. But where the funny part comes in is regarding the peculiar kind of seed he was going to plant. Some kind of carrot seed, Jack, will grow while there are other kinds that will not. However the kind that he finally concluded to use, will grow.

Editor Fletcher in the Salem Independent says: W. W. Martin, State street, gave a great many ocular demonstrations of the beauties of the single gold standard previous to the late general election in November, but he never gave one half so truthful nor half so forcible as the one he has recently given by which the gentleman has ascended the golden stairs through the assignation route.

The Westfield (Ind.) News prints the following in regard to an old resident of that place: "Frank McAvoy, for many years in the employ of the L. N. A. & C. Joint Review.

On last Friday evening a most enjoyable evening was spent by the Ladies of the Maccabees and Knights of the Maccabees of this city. A joint review was held at which time the following was the programme of the evening's enjoyment lasting till 11 P. M.

Music—Maccabee Mandolin Club, followed by the "Grand March," "Maccabee Drill," etc., closing with instrumental music by Mrs. Iva Abbott.

The consensus of opinion of Ladies and Sir Knights present was that "It was good to be there" and that future union reviews should be frequent.

For An Encampment

Brig. Gen. Beebe, Col. Cardwell, Maj. Collins and Maj. Moore, of the O. N. G., and Col. Jackson, of the regular army, of Portland, were in the city this noon, and were driven rapidly to the fair grounds, in charge of Capt. Ellis, Capt. Phillips and Lieut. Cumming, where they made an inspection, with a view of securing a location for an encampment, returning in time to take the North bound train. They seemed pleased with the location and accommodations. It is proposed to have an encampment of the three Oregon regiments, probably the last of June and over the 4th of July, some where in the valley. This would bring one thousand to fifteen hundred men to Albany for about ten days, and would be a big thing for the city as well as a great attraction on the 4th and it is to be hoped the place viewed is selected. Certainly it is the best in contemplation.—Albany Democrat.

Mr. Falkenberg. Mr. F. A. Falkenberg, head consul of W. O. W., of Denver, Colo., who is making a general official visit to the camps of that order, paid Scio a visit on last Friday evening. A reception committee met the distinguished Woodman at West Scio and escorted him to the city. Prior to the time set for the address, the Citizens Band paraded the streets rendering some very nice selections, after which it marched to the city hall and entertained the audience with music till the arrival of the distinguished guest, giving a choice selection of music upon his arrival. Mr. Falkenberg escorted by Mr. Geo. Munkers, at once, proceeded to the stage and without further ceremony was introduced to his audience. Mr. Falkenberg speaks in a conversational tone; yet is an orator which the close attention given him by his hearers attest. While the speaker was an enthusiastic Woodman, his address paid a high tribute to all fraternal orders and showed in glowing terms the good they were doing in the world. Mr. Falkenberg showed himself to be a broad, liberal minded Christian gentleman. His address was replete with good advice to the home builders and preservers. The W. O. W. have no reason to regret having selected F. A. Falkenberg as his head consul, and his official visit will surely result in much benefit to the order throughout the Northwest.

Constable Patterson Arrested. On Tuesday evening Constable John Patterson, of this city was placed under arrest by Deputy Sheriff Munkers, charged with the crime of rape upon the person of the daughter of Mrs. Effie J. Degobin on the 14th of February last. On yesterday morning Patterson and wife accompanied by the deputy sheriff went to Albany to obtain legal counsel. The examination will probably occur to-day. Whether there is any ground for the accusation we know not; but without knowing anything about the matter, a shade of improbability, it seems to us, exists. Evidence will demonstrate, probably, the truth or falsity of the charges.

A Valuable Aid. Mr. S. A. Landes, whose headquarters are in Albany, was in this city on Monday. He has secured the agency of Oregon and California for Kennedy's Mathematical separable blocks and is introducing and taking orders for them from the various school boards. With these blocks a practical demonstration of the measurement of any shaped body of land or other article can be made. In fact the blocks are a great aid in demonstrating any kind of measurement or geometric proposition.
