In June, 1894, Mr. Evans, then salesman for the Wheeling Drug Co., recommended Chamberlain's Pain Balm. The Memorial exercises as conducted in Albany last Saturday was very impressive. A very large procession composed of the G. A. R., Ladies Relief Corps, and Ladies Circle, A. O. U. W., Degree of Honor, Indian war veterans, the public schools and Sisters Academy, all participating.

As the cattle passed through town Tuesday morning, one mischievous looking yearling left the band and walked up to Gill & Ray's blacksmith shop where a Maccabee picnic bill was posted, gazed upon it as if digesting the contents, and then nipped the corner of the bill off and passed on. His mischief was probably shedding tears of sorrow that he could not remain and help swell the crowds that will be present on that occasion.

The Survey Being Made.

Last Friday Mr. M. A. Lang, one of the leading managers of the proposed new colony, returned to this city, and was followed on the following day by Topographical Engineer, Mr. A. Ohlhoff, Mr. Fritz Bente and others, all of whom were immediately to the new purchase on the Crabtree, and are now engaged in making an accurate survey of the entire tract. They purpose to parcel the land out in 60-acre tracts, set the necessary markings, etc. Mr. Ohlhoff will prepare a topographical map of the entire premises, which will show every hill and valley, brook, creek, spring, etc. In fact when Mr. Lang returns to Minneapolis, he will be armed with the very best possible description of the purchase, for the inspection of the colonists.

That Scio has secured the most important emigration that has ever come to Linn county, in a body can not be disputed. The prospectors of the colony appear to be first-class business men and indulge in no talking in their hats. They are enthusiastic over their purchase and promise to make what is now a comparatively wilderness a veritable garden of Eden. Mr. Lang informs us that the colony will give its attention chiefly to hop and prune culture and dairying.

A Prominent Death.

It is with regret that we chronicle the death of Mr. Alfred Wheeler which occurred at his home in Albany on Friday night of last week. Mr. Wheeler suffered a stroke of paralysis some time ago, from the effects of which he has been gradually going down, ending with his demise as above. He is one of the pioneers of Linn county, having resided at Sand Ridge until his removal to Albany some ten or twelve years ago. Mr. Wheeler was a fine scholar, being a graduate of Yale college and spent his early life and a part of his recent years in teaching, being at one time president of Albany college. He leaves a wife and a large family of children to mourn his departure, among the number is County School Supt. R. Wheeler of this county.

A Meritorious Enterprise

We have received a circular letter signed by the county court of this county, informing us that they have taken time by the forelock and have commenced preparing an exhibit of Linn county's production for the purpose of exhibition at the state fair and the Portland Industrial Exhibition. To aid them in this laudable enterprise, they invite the co-operation of every citizen in this county. If you have any extra fine specimens of fruits, vegetables, grains or grasses, you are urged to forward the same to their exhibition room next door to the post office in Albany. Your name will be placed on your exhibit and if all will take an interest in the matter, Linn County can prepare as fine an exhibit than any other county in the state. No better plan can be selected to show the possibilities and productions of Linn county, to ingaming emigration than this.

Attention Everybody.

All citizens who are interested in cleaning up Munkers' grove for picnic purposes, are requested to be at the grounds on next Saturday, June 5 and bring your ax or rake. It will require but little more labor to complete the work and put the grove in fine condition for all future picnics and we hope the citizens will feel interested enough to assist at this time.

By order of the Committee.

Wool Wanted.

I am buying wool again this season for Mr. W. B. Donnae and the Oregon City Mills and it will be to the interest of growers to see me before selling your wool. Remember we will not be outbid by anyone.
