Six tons of gold is reported to soon arrive from Klondike.

It is said the greater portion of the wheat around Halsey was sold at 75 cents per bushel.

Oregon fruit leads the markets in the East. A large trade in fruit with the East is now assured for the future.

The Southern Pacific has commenced replacing its bridge across the South Santiam, that was taken out by the floods of last winter.

FOR SALE—On account of leaving the state, we offer for sale our home place, known as the Morrison place, including stock and all household furniture. Mrs. Lizzie Lee.

On account of the extra heavy work occasioned by the enormous amount of freight to be moved, the deck hands on river boats have struck for an increase of $5.00 per month in their wages.

A colony of Jewish farmers for whom a location is being saught in cheap agricultural lands are seeking a location in this state. The locating agent has his eye upon the vicinity of Scio as a locality that might be satisfactory to his colony.

Late Monday evening Moses Parker sold to Wm Simpson for E. E. McKinney, of Turner, 4500 bu. of wheat at 80 cents. Mr. Parker farms about 600 acres. He still has a couple of thousand bushels of wheat and several thousand bushels of oats.—Herald.

Sid Dorris of Albany has quit sticking type and gone to railroading. He is track walker between Albany and Harrisburg. He goes out ahead of the 9:40 P. M. train and returns ahead of the morning overland. It is needless to say the railroad furnishes Sid a light railroad tricycle, for he is constitutionally opposed to walking.

Col. A. I. Wagner, of Salem, has been appointed railroad commissioner to succeed General Compson, whose term is said to have expired last winter, and W. W. Baker to succeed H. C. Luce as state dairy and food commissioner, whose term has expired. Thus reads the new commission. These appointments are made to test the matter, and Governor Lord has accepted the bonds of the new officials. The courts will now decide.

Of course; a fool Populist wouldn't know any better than to publish how much cash there was in the state treasury at least semi-annually as the law plainly requires the State Treasurer to do. The Populist treasurer of Marion county voluntarily publishes a financial statement once a month. If he were state treasurer he'd do the same. But State Treasurer Metschan is too wise a man to do such a reckless thing as that. He believes in the greatest secrecy in such a matter as the peoples cash.—Journal.

Boyd's gallery leaves Scio Monday August 30, 1897.

HOP TICKETS supplied at short notice, at this office.

The Forks has a regular old time crop of oats this year.

The Pomeroy hay-baler has all it can do in the vicinity of Albany.

Our merchants are beginning to enjoy the trade generated by a good price for wheat.

"As good as wheat" is a remark that means considerable more than for several years past.

The busyest season of the year is now on hand with our farmers—harvest and hop-picking.

O. L. Morris' sawmill, situated 1½ miles Southwest of Turner, was burned at an early hour last Friday morning.

Congressman Hooker and party were visitors at Albany and Yaquina last Friday. They will inspect the government work at Yaquina.

"Bulls" and "Bears" of the wheat pit variety are supposed to inhabit the exchanges of large cities. Yet we have them in Scio in a small way.

Scio seems to have gotten a new move on her since the raise in the price of wheat and the certainty that one-half of the hop crop will be saved.

Hop picking is reported to have commenced in some of the yards. Our growers are commencing while the hop is quite green in order to forestall the pesky louse.

In the strike of the coal miners in the East, the miners seem to be gaining ground somewhat. The operators are getting quite anxious to have their mines in operation again.

E. W. Acheson, the Albany marble man, has gone to Klondike. He had become so involved in his business relations that he kept very quiet relative to his intended departure.

Barnes & Munkers, blacksmiths on the South side have about the busyest place about Scio—without it is the Scio Roller Mills,—lately. They are enjoying a good business patronage.

On Tuesday morning wheat was quoted 81 cents per bushel at the mill. In the afternoon 77 cents was all that was offered. A drop of four cents per bushel at one swoop is not often seen in our market.

Manager Edwin Stone, of the O. C. & E. has placed another steamer on the Yaquina San Francisco route. Two steamers now ply regularly between these points, the "Truckee" and "Noyo".

The peach crop is the best in the "Forks" this year that it has been for many moons. Some of the largest peaches are brought to market that we have seen. Al Briggs says he has them of a late variety that are as large as small pumpkins.

The heated term closed with last Sunday in this locality, much to the satisfaction of Scionans generally. Our oldest inhabitant does not remember a spell of warmer weather in this state. For several days the thermometer was loafing round the 100 deg. mark very closely.

To look at the average farmers face as he appears on the street one cannot but think they have been living remarkably well lately. At least their faces are much broader than in times past, nor do they seem quite so long. The raise in the price of wheat is probably the cause.

The Harrisburg Review, unable to withstand the flood of prosperity that is now visiting Oregon has suspended publication. Its editor does not state whether he will go into wheat farming or go to Klondike. The Review was a clean, creditable newspaper and our friends in Harrisburg will regret its demise.

Our delinquent subscribers will please remember us when disposing of their grain at the present satisfactory prices. We have waited on many for a long time, knowing that the hard times were bearing down unusually hard upon them. But now that prosperity has arrived and our necessities are great, we shall expect all to settle their accounts this fall. We must have money.

Everyone should patronize the subscription school this fall. Scio's future prosperity depends largely upon the excellency of her public schools and the public schools can only be made first-class by a most liberal support on the part of our citizens. With a first-class principal in the person of Prof. V. B. Goin, there is no reason why every boy and girl in Scio and vicinity should not be enrolled as pupils this coming term.

Have You Seen It?

Have you seen our new dress goods? We have it of every description, and goods from the cheapest to the finest and best. It will pay you to come and look anyway; and if you need a dress, remember that we can surely please you.

ROSS E. HIBLER.

PERSONAL MENTION.

Col. Jeff Myers paid Scio a short visit Wednesday.

Mel Hamilton and wife, of Salem, came up Tuesday to visit old friends for a day or two.

Mrs. Jennie Warner returned home last Thursday after a month's outing at Newport.

Miss Grace Gill returned home the first of the week after a several weeks stay in Albany.

Miss Smitson, whose limbs were amputated by the cars at Coburg, a short time ago is able to sit up.

Mrs. Lillie Hibler and children went over to Newport, yesterday, for a few days breathing of salt sea air.

Miss May Jones, of Jefferson, and Miss Ollie Morris, of this city, were visitors at Sodaville last Sunday.

Ernest Long, who some weeks ago, was severely injured by a fall from a wagon, was able to go to Albany in a buggy on Wednesday afternoon.

Postmaster Shelton is collecting the "Forks" exhibit to be added to the county exhibit at Albany. He has some of the tallest flax specimens we have seen.

J. J. Barnes and family and the Smith, Ewing, Gill and Logan party returned Monday from a month's outing at Belknap hot springs. All report a most enjoyable trip, baring the dust.

Kola Neis, the hop man, was over Monday looking after hop matters in this locality. He thinks about one-half of the crop will be saved in this neighborhood.

Mrs. Rachael Dorris, of Alturas, Modoc county, California, arrived in this city Wednesday, for a few weeks visit among relatives. She was met at the train by her sister, Mrs. Janie Goin.

T. J. Munkers, Wm May and V. B. Goin went up to the vicinity of Snow Peak yesterday to gather huckleberries, fish and hunt. We may expect the usual bear story when they return.

Frank and Miss Anna Morris went over to Plainview last Friday afternoon. Frank's special object was to visit the Plainview creamery in a sort of fraternal way and swap yarns with its manager.

Miss Frankie Claxton returned from a several weeks visit to Grass Valley, in Eastern Oregon, on Tuesday evening's train. You could, if you would have looked closely, have discovered a very broad smile of satisfaction on Tom's face in consequence of her return.

Mill City Messages.

The tariff has not set the mills to booming yet.

J. R. Geddes and family are mourning the loss of a fine Maltese cat. A neighbor shot it for a coon. It, no doubt, was good eating.

The timbers in the new bridge at Gates being green, have shrunken so much that bolts need tightening or it may be unsafe to cross.

Mountain spring water seemeth good these hot days.

Some of our citizens are going out hop picking.

Prof. John Geddes has been re-employed to teach the South Mill City School.

Pugh & Gray of Salem have been buying beef cattle for the Indian school, in this vicinity.

Mr. Lawler, manager of the Quartzville mines, has gone in there on business. Operations may be soon resumed.

Several young people from this region will attend Mineral Springs college next year. President Geddes says the prospects for the school are good.

They say, "Money is easier." The wheat crop has not moved yet. The hop crop is not picked. Returns are not in from fruit sales. Wherein is money more plentiful if such is the case? Let us figure. The Cleveland administration issued $262,000,000 worth of bonds and national bankers bought them up. They have been depositin those same bonds with the government and in turn the government issues them three times the amount in bank paper, which they in turn loan out to the common people at a ten per cent rate or even higher. Now figure. Owing to this simple transaction Uncle Sam pays Morgan and such men, interest on said bonds; the people who borrow from them pay at least anywhere from 20 to 40 per cent interest. Yes, money is easier. Pay day is coming by and by. When will all the people study this money question from a non-partisan stand point?

REPORTER.

Hop Pickers Wanted.

50 hop pickers are wanted at the Thomas Large & Sons yards. Picking will commence on Monday August 30. 35 cents per box will be paid for picking. As this is the cleanest yard in the state, pickers can do well.

County Exhibit.

The management of the county exhibit, of Grains, Grasses, Fruits vegetables, etc., over at Albany are quite anxious that the "Forks" shall be well represented in the exhibit which is not the case as yet. To that end it is urged upon all who have grains or grasses fruits or vegetables of extra quality to furnish the exhibit rooms with liberal samples. The management desires Linn county to walk off with the first premium at the state fair and to that end urges your aid. A sample of teazel plant is also wanted.

It is always gratifying to receive testimonials for Chamberlain's Colic Cholera and Diarrhoea Remedy, and when the endorsement is from a physician it is especially so. "There is no more satisfactory or effective remedy than Chamberlain's Cholic, Cholera and Diarrhoea Remedy," writes Dr. R. E. Robey, physician and pharmacist, of Olney, Mo.; and as he has used the Remedy in his own family and sold it in his drug store for six years, he should certainly know. For sale by PEERY & PEERY.

Sudden Death at Lyons.

A communication received yesterday from Lyons says: Thomas Burgan, a resident of Goldendale, Wash., fell dead while carrying a bucket of water from the well of J. D. Hiatt. It seems that Mr. Burgan and a partner had been to the Quartzville mines to look after some mines that they had discovered years ago. After arriving in the vicinity of the place where they bought the mine was located, Mr. Burgan began to feel ill, so they turned homeward. Arriving near Mr. Hiatt's place, they stayed to take lunch. Mr. Burgan went to the house for water while his companion, Capt. Miller, took care of the team. He got the water, returned and when within 30 or 40 feet of the wagon fell dead. Dr. R. A. Pratt was sent for and H. J. Reese, justice of the peace, empaneled a jury, and after an examination the jury returned a verdict of heart failure. The remains will be placed in a coffin and sent to his folks, who are in good circumstances—Tuesday's Herald.

A Remarkable Cure for Chronic Diarahoea.

In 1862, when I served my country as a private in Company A. 167th Pennsylvania Volunteers, I contracted chronic diarrhoea. It has given me a great deal of trouble ever since. I have tried a dozen different medicines and several prominent doctors without any permanent relief. Not long ago a friend sent me a sample bottle of Chamberlain's Colic, Cholera and Diarroea Remedy, and after that I bought and took a 50 cent bottle; and now I can say that I am entirely cured. I cannot be thankful enough to you for this great Remedy, and recommend it to all suffering veterans. If in doubt write me. Yours gratefully, Henry Steinberger, Allentown, Pa. Sold by PEERY & PEERY.

THE WONDERS OF SCIENCE.

Lung Troubles and Consumption Can be Cured.

An Eminent New York Chemist and Scientist Makes a Free Offer to Our Readers.

The distinguished New York chemist, T. A. Slocum, demonstrating his discovery of a reliable and absolute cure for consumption (Pulmonary Tuberculosis) and all bronchial, throat, lung and chest diseases, stubborn coughs, catarrhal affections, general decline and weakness, loss of flesh, and all conditions of wasting away, will send THREE FREE BOTTLES (all different) of his New Discoveries to any afflicted reader of the SCIO PRESS writing for them.

His "New Scientific Treatment" has cured thousands permanently by its timely use, and he considers it a simple professional duty to suffering humanity to donate a trial of his infallible cure.

Science daily developes new Wonders, and this great chemist, patiently experimenting for years, has produced results as beneficial to humanity as can be claimed by any modern genius. His assertion that lung troubles and consumption are curable in any climate is proven by "heartfelt letters of gratitude," filed in his American and European laboratories in thousands from those cured in all parts of the world.

Medical experts concede that bronchial, chest and lung troubles lead to Consumption, which, uninterrupted, means speedy and certain death.

Simply write to T. A. Slocum, M. C., 98 Pine street, New York, giving post-office and express address, and the free medicine will be promptly sent. Sufferers should take instant advantage of his generous proposition.

Please tell the Doctor that you saw his offer in the SCIO PRESS.

YAQUINA BAY.

Its New Attractions etc. etc.

Greatly reduced rates are now in effect from Albany, Corvallis and all Southern Pacific points to Yaquina Bay and Newport.

It may be added that, in addition to many natural advantages as a summer seaside resort, the Seaside Educational Association will open on August the 2nd at Newport, in the new auditorium built especially for this purpose, and continue in session for 5 week, thus affording to students, teachers and others a rare opportunity for combining study with pleasure. For full information as to Special Courses, apply to Mr S. G. Irvin, President of the Association, Newport, Ore.

The large and commodious tug "Resolute" is again in service on Yaquina Bay, and will take fishing or other parties to sea and return. The fare for the round trip is only 50 cents.

The Second Regiment Band and Orchestra has been engaged for the season, which will give daily concerts on the beach and furnish music for the evening hops.

Every possible convenience has been arranged for the comfort of guests, and the rates at the hotels are very reasonable.
