LOCAL BREVITIES.

Come to us for your job printing. Get your trespass notice printed on cloth at this office.

Shelburn's new school building will soon be completed and presents a very neat appearance.

China pheasants were ripe Wednesday and seemingly very plentiful in most every locality.

Lane county is at last to have a new court house. The contract for the foundation was let last week.

We are told that the infant born to the wife of C. D. Osborn of Shelburn, on Wednesday of last week, has since died.

Don't forget that A. W. Haggy can sell you watches, clocks or any thing in the jewelry line cheaper than any one in the county.

Golden Theasent flour, manufactured by the Scio Roller Mills, is quoted higher in the Portland market, than any other brand of flour.

Star Pointer, the pacing stallion, owned by Jas. A. Murphy, of Mendville, Mass., paced one mile, last Saturday in 1 minute 59 seconds.

The subscription to the Scio public schools promises to be quite large this fall. There will be all the pupils that two teachers can handle.

FOR SALE—On account of leaving the state, we offer for sale our home place, known as the Morrison place, including stock and all household furniture. Mrs. Lizzie Lee.

The rain that fell last Sunday night and Monday, occasioned some alarm among our farmers and hop growers, but the sunshine of Tuesday afternoon dispelled all fears and all concede that the rain was quite beneficial.

Dr. Wallace, of Albany, was over Wednesday afternoon, called in consultation in the case of Alex. Ficklin. On this (Thursday) morning he is reported to be resting easier. He is regarded as being in a serious dangerous condition.

[Later, Drs. Wallace and Prill performed a surgical operation to remove an obstruction in the bowels, of which we will have more to say next week.]

"Prosperity," a little dilatory in visiting this part of the county, is getting her skirts somewhat moistened in consequence. Not more than one-half of the grain in the "Forks" has been threshed yet and some late oats have not yet been cut. If the rains continue for four or five days great damage will result. Hop picking is just fairly underway.

Portland members of the A. O. U. W. are arranging to contest before the courts the late change in methods of levying assessments in the order. Old members claim that when they joined the order a contract was entered into, furnishing the member \$2,000 insurance for the payment of \$1 assessments per death. To raise that assessment is a violation of the contract on the part of the order.

Owing to the stormy weather I will remain over Sunday, J. N. Boyd, photographer.

Misses May and Anna Morris and E. C. Peery went up to Sodaville last Saturday evening.

E. P. Weir, of Mayville, came down last week on a business visit and was in this city for a few days.

Henry Myer has bought a half interest in the confectionery and cigar business on the South side from "Jack" Jones.

Last Saturday Drs. Wallace and Prill placed L. L. Calavan's young child in a plaster jacket for the purpose of correcting a curvature in its spine.

Henry L. Crabtree, of Post, Crook county arrived in this city on Saturday on a visit to relatives.

He reports times close in Crook county, nevertheless large numbers of sheep and cattle have been sold to Eastern buyers. The stockmen paid out the money as soon as received to merchants and bankers and money in circulation was not materially increased.

"My boy came home from school one day with his hand badly lacerated and bleeding, and suffering great pain," says Mr. E. J. Schall, with Meyer Bros. Drug Co., St. Louis, Mo. "I dressed the wound, and applied Chamberlain's Pain Balm freely. All pain ceased, and in a remarkably short time it healed without leaving a scar. For wounds, sprains, swellings and rheumatism I know of no medicine or prescription equal to it. I consider it a household necessity."

Residence Burned.

Sunday evening about 8 o'clock, the startling fire alarm, called our citizens out instantly. It was soon ascertained that the fire was in the residence of Albert Cote. By the time the department was out and our citizens on hand, the entire main portion of the building was in a blaze. The fire evidently emanated from a defective flue. A fire had been kindled in the place during the afternoon, when the soot in the chimney burned out, but which occasioned no alarm, as a light shower of rain dampened the roof so that it was not probable that a spark would catch on the roof. It is thought that the fire was ignited in the second story through a possible crevice in the chimney.

As soon as possible every thing nearly was removed from the house though much of it was damaged in the removal. The piano was badly scorched and was probably otherwise injured in the hurried removal. Fortunately a short time ago, Mr. Cole, had insured his furniture in one of Mr. Sentz's (of Albany) companies. The building was owned by W. E. Carl, of Albany. We have not learned whether it was insured or not.

The main portion of the building was entirely destroyed though by active, energetic work on the part of the fire boys, the wood shed and a part of the L. was saved.

While holding the nozzle of the hose, Jake Bilyeu severely cut one of his wrists upon a broken pane of window glass.

Serious Stabbing Affair. Late Sunday night William Maher, a blacksmith, was stabbed in the back by James Blackburn, son of Judge D. R. N. Blackburn, of Albany. A week ago Blackburn and Maher quarreled, and by mutual agreement fought a duel with bare knuckles in a secluded place across the river from Albany in the presence of several witnesses. Maher had the best of the fight. Afterward they shook hands and returned to town. Sunday night Blackburn attacked Maher with a knife and inflicted seven ugly gashes in the back, one of which penetrated the lungs. Maher was under the influence of liquor and was unarmed; Blackburn was sober. The latter gave himself up, and was lodged in jail. Maher is dangerously wounded, but may recover.

The preliminary examination was held before Justice Hawkins on Tuesday afternoon, resulting in Blackburn being held to answer to the grand jury in the sum of \$500. Ball was promptly supplied and he is at liberty.
