Hunting Accidents.

Dr. J. P. Wallace returned Tuesday night from Lower Soda springs where he was called to attend J. Swank, who was mistaken for a deer and accidentally shot by his father-in-law, Hugo Perry. When Dr. Wallace reached the Lower Soda springs, some 15 miles above Lebanon, where the wounded man had been taken, he found that he was in a very dangerous condition. The ball entered the scrotum, or lower part of the backbone, and penetrating the rectum, came out in the groin. Blood poisoning set in making it a very serious case indeed.

The victim of the accident is a son of Phillip Swank, who resides near Lebanon. He had many friends who regret the terrible accident.

Later on a message from Lebanon stated that Swank, who had been brought from Lower Soda to that place, was improving, and it was thought the chances were fair for his recovery.

Henry Reninger was hunting on the Mohawk 23 miles above Eugene, last Sunday, when he was shot in the back between the shoulder blades. The ball missed the bones, and the shot will not prove fatal. An inch in any direction would have been certain death. Who done the shooting is a mystery, but it is thought Reninger was mistaken for a deer, and the hunter died when he saw his mistake.

A message was received by the Albany Herald Wednesday night stating that another man had been shot while hunting near Sweet Home that day. His name was House and the wound was not a serious one, being in the calf of his leg.

WANTED—All girls to know that Hoe Cake will not make their hands red and rough like common soap if it contains no filling or free alkali.—S. M. Daniel.

Pardon.

Governor Lord granted two full pardons last Wednesday and restored two prisoners to citizenship. One was to Elmer C. Thomas, who had served about one year on a three-year sentence. His pardon was recommended by Judge McBride, who stated he had doubts of the man's guilt at the time of his conviction. The other man released was J. E. Sutherland, of Douglas county, who had served about a year on a two-year sentence for manslaughter. He also was granted a pardon on the recommendation of the trial judge, J. C. Fullerton. The two men restored to citizenship were, R. W. Mole, of Lake county, and Benjamin Butler of Marion county.

The new breakwater above town, in Thomas' creek, appears to hold well; and will do the work expected of it, as it turns the current more into the stream. There should be another one placed below town by all means, as the creek is cutting towards the road at an alarming rate.

The hunting party, consisting of Wm. May, A. J. Johnson, Chas. Craft and W. A. Ewing returned last Saturday. They bagged one moose, and scared another. Wm. May was especially disappointed, as he was calculating on making the score even with a neighbor who had been good to him during the summer, giving him fresh meat at different times, etc., etc.

The La Conner Mail says Chief Joseph, of the Swinomish reservation, took unto himself a charming bride Monday, one of King George's daughters, she being from British Columbia. Father J. J. Gibbin unit the brave chieftain and the dusky maiden of 30 or more summers in the bonds of wedlock, and the chieftain's numerous friends on the reservation did the rest, such as making Rome howl for a short time Monday evening by firing guns and pistols, yelling and making hideous noises on various other instruments.

Near Bridgeville, Md., lives a colored family, consisting of Aaron Quall, his wife, and 24 children. Twenty-three years ago Quall married Martha Ann Rogers, and 24 children were born. One child died. There were three sets of twins, two years ago his wife died, and one year later Quall married again. One child is the result of that union. When the meals are served two tables are used, 14 sitting at one and 12 at the other, to avoid the unlucky 13.

It is said that a member of the police force of Portland has the power of healing invalids by the laying on of hands. His name is Otto Klingel, once a guard to Emperor William of Germany, and has developed power as a healer and is sought after by many who consider him a second Schlatter.
