The boundary dispute between Chile and Argentina seems likely to develop into a great South American conflagration. It is believed, as a foundation, that Bolivia has signed a secret treaty with Argentina to make common cause against Chile. In case of war, however, Peru would checkmate Bolivia, leaving Argentina to the care of Chile.

This attitude of Peru is said to be due to the fact that Chile has wiped off \$10,000,000 from the ransom for the provinces returned by the protocol.

The fate of the movement of the annexation of Jamaica to the United States is sealed, says the Kingston, Jamaica, correspondent of the New York Times. A movement has been inaugurated in Jamaica having for its object the annexation of the island to the Dominion of Canada. A change of nationality would then be avoided, and Jamaica's troubles brought to an end.

Three persons were killed outright and several others badly injured in Wichita, Kan., by a Rock Island passenger train, which struck a car at the Douglas-avenue crossing. In the vehicle were 13 persons on their way to Buffalo. The car-all was going at a rapid pace, and the driver could not stop when he saw that the train was upon him.

The admiral says that about 250 men are at work along the line of the proposed canal, and they will stay there throughout the rainy season. France's New War Minister.

Paris, Sept. 20.—Le Soir says General Chamoin, the newly appointed war minister, told friends that he regarded himself as a sentinel relieving another charged with watching over the army's rights, and intimated that, as was appointed after the first cabinet council of Saturday, he was not responsible for the decisions reached at the council. He declared that should see any attempt, under pretext of a revision of the Dreyfus proceedings, to engage in maneuvers against the army, he would immediately resign.

Bennington Goes to Honolulu.

San Francisco, Sept. 20.—The United States gunboat Bennington sailed for Honolulu today and the transport Condor, loaded with supplies, for the United States forces, sailed for Manila.

CLEARING THE ISLAND

Spaniards Will Leave Porto Rico in a Few Days.

ONLY WAITING FOR TRANSPORTS

Evacuation of Cuba Will Require About Five Months' Time To Embark in Spanish Vessels.

San Juan, Porto Rico, Sept. 20.—The preparations for the embarkation of the Spanish troops are reported to be complete, although the American commissioners have not yet officially advised to that effect. Two ships of the Compania Transatlantica are expected to arrive here on the 26th inst. Five vessels will be required to transport all the baggage and equipment. The Porto Rican troops are to be landed near Cadiz.

The United States commissioners have agreed that such troops as remain here may do so, and all the volunteers and some of the regulars, whose families and interests are here, will remain.

If the necessary ships were here, the island could be evacuated and formally in our possession within three days.

The American commissioners are highly gratified with the spirit shown by the Spaniards. The unexpected has happened. Where it was expected that opposition and delay would be encountered, none has been found. In good faith, the Spanish commissioners have met the Americans and arranged with them the terms of evacuation. Our commissioners expect to see the American flag hoisted and the Spanish flag hauled down forever within three weeks.

EVACUATION OF CUBA.

All But a Few Sick Spaniards Have Left Santiago.

Washington, Sept. 20.—General Lawton reports to the war department that all but eight of the Spanish prisoners have been shipped from Santiago to Spain. Following is the text of General Lawton's dispatch:

"Santiago de Cuba, Sept. 20.—Adjutant-General, Washington: All the Spanish prisoners have been shipped except eight, one at Baracoa and seven at Guantanamo, sick with yellow fever."

"LAWTON, Major-General."

Captain Allyn Capron Dead.

Washington, Sept. 20.—Captain Allyn Capron, First artillery, died at his home near Fort Myer, Va., today. When General Shafter's corps arrived at Santiago Capron accompanied it, and his battery did notably fine work in the battle of Santiago. During the first day's fighting before the city, Captain Capron's son, Captain Allyn K. Capron, of the rough riders, was killed. The death of the son preyed upon the father's mind, but he never swerved for an instant from his duty during the terrible days that followed. The seeds of disease were sown in his system during the campaign, and he returned to his home at Fort Myer, near this city, only to be stricken with typhoid fever.

The Sultan Gives In.

Candia, Island of Crete, Sept. 20.—The sultan has ordered Edhem Pasha, the military commander in Crete, to accede to the demands of the British admiral, Gerard Henry Noel, for disarmament, thus compelling the Spanish to embark.

It is estimated that the end of February will have come before the evacuation of the island is completed. The soldiers must embark in Spanish vessels. It is suggested that this will be an advantage to both countries, the United States having an opportunity to accustom its men during the winter months, and it is proposed that the American government shall land troops to occupy each port simultaneously with its evacuation, not leaving any port unoccupied.

A secret meeting of the officers of the Spanish warships now in port was held at the governor's palace. The rebels must embark in Spanish vessels. A difference of opinion between a Cuban and a Spanish officer in a prominent cafe here this morning resulted in an exchange of abusive language and a free fight followed. The disturbance was promptly quelled by the police, and the ringleaders were arrested. The disorder is said to have been provoked by the Cuban.

The Archbishop's Views.

Manila, Sept. 20.—In an interview with a press representative, Bishop Dosal, of the Philippine islands, said:

"I earnestly hope the islands will not remain Spanish, because the rebels are now so strong that such a course would inevitably cause appalling bloodshed. The reconquest of the natives is impossible until after years of the most cruel warfare."

Chance for an Argument.

London, Sept. 20.—The Daily Mail's Madrid correspondent says a long conference was held between Senor Sagasta, the premier, and Senor Montero Rios, the president of the Spanish peace commission, today, which resulted in the decision that the peace commission shall strenuously defend the retention of the Philippine islands by Spain.

Vote Was Unanimous.

Birmingham, Ala., Sept. 20.—General Chamoin, the newly appointed war minister, told friends that he regarded himself as a sentinel relieving another charged with watching over the army's rights, and intimated that, as was appointed after the first cabinet council of Saturday, he was not responsible for the decisions reached at the council. WINNIE DAVIS DEAD.

Passed Away at a Narragansett Pier Hotel.

Narragansett Pier, R. I., Sept. 20.—Miss Winnie Davis, daughter of Mrs. Jefferson Davis, died at noon today at a hotel here, to which place she came as a guest in the early part of the pier's social season. She had been ill for several weeks.

Mrs. Davis had watched unremittingly at her daughter's bedside, and she is now bowed with sorrow. The physicians of Mrs. Davis report she is holding up with great calmness in her affliction, and no fears are at present entertained of her health yielding to the strain.

Miss Winnie Davis, the "Daughter of the Confederacy," was born in the Confederate executive mansion, at Richmond, Va., in 1863. She was educated principally at home, owing to the troubles surrounding her father and the publicity which attended all movements of the Davis family. Miss Davis attained her maturity at Beauvoir, Miss. Here she assisted her mother in various ways and took her place in the many social functions of the place. She was her father's constant companion.
