Kelly & Curt, are the attorneys for Mr. McClain.—Albany Herald.

The following is taken from the Independence, West Side, and we cannot resist the temptation to accuse E. L. Jaggard of spinning yarns about the principal associates of the circus. A Fine Point in Banking. Banks do not usually accept checks which call for one dollar more than the amount of deposit, unless the customer is well known, and the officers are confident that he will promptly make up the balance. Thus, if a check for \$200 is presented and the maker has only \$192 in his credit, the paper will usually get back stamped "no funds." But one attorney recently got around that. He had, after long dunning, secured a check from a slow-pay debtor. When it was presented for collection he found that the deposit lacked eight dollars of the amount the paper called for, and payment was refused. Thereupon he promptly deposited eight dollars to amount of the creditor and gained \$192 by the operation, for the check was cashed.—Worcester (Mass.) Gazette.

Swiped the Postoffice Funds.

W. H. Donack, postmaster at Sweet Home, has been arrested for embezzlement of the funds of the office. He was taken to Lebanon and bound over to the U. S. grand jury in \$1000 bonds, which he was unable to furnish, and was taken to Portland. He is a young man, about 21 years old, and is a nephew of W. H. and Wm. Donack, well known and responsible citizens of Linn county. He is known to be short \$1257 on money order business, and it is not known how much more on the sale of stamps and other supplies.

Inspector Clements said that young Donack admitted that he had borrowed a quantity of stamps from other postoffices. He took charge of the office last July and instead of making monthly returns to the government, he pocketed all the outgoing receipts of the office.

It is said that he appropriated to himself a considerable part of the funds of the Maccaabee lodge, carrying the embezzlement to such an extent that the lodge was about bankrupt.

He was deputy postmaster previous to taking charge of the office, and it is believed the misappropriation of funds began while he was deputy postmaster.

How he expected to pocket the funds of the office in such a wholesale manner without detection is inexplicable, and what has become of the money is equally as much a mystery, as he is not known to have spent it in riotous living.
