A Fine Piece of Labor Work.

An experienced art critic gives it as his opinion that there will be no handsomer piece of color work issued this year than Hood's Starapaprika Calendar for 1920. It is not only useful, but artistic and beautiful, and up to date. The charming "American Girl" whose beautiful face appears with a delicately tinted flag in the background, makes a pleasing feature which anyone will be pleased to have before him the whole of 1920. We suppose druggists will have this calendar, or a copy may be obtained by sending 5 cents to C. L. Hood & Co., Lowell, Mass.

Have you seen artist Summers' latest production? It's a beauty, and indicates the location of S. L. Shore's furniture store.

Lebanon now has a saloon. At the first meeting of the new council a new license ordinance was passed fixing the saloon license at \$700, and one license was granted.

S. T. Higgins was laid up with the grip last week. Dillo A. L. Richard on this week, also F. M. Daniel, likewise Peter McDonald, A. W. Hagey and Fred Daily.

Merchant S. M. Daniel was just about laid up the first of this week. In fact there are quite a delegation of our people who are paying homage to the grip at the present time.

Bertal Barkley, whose parents reside near this city, has been quite ill at the Scio Hotel during the past two weeks, but is so much improved that he was taken home Tuesday.

Gentlemen: Take your shirts, collars, and cuffs, to the express house where they will be sent to the S. D. Steam Laundry, every Monday morning. First class work guaranteed.

The prune industry and the fax industry are in a tight place. It is believed in Oregon that the prune industry. The truth is all these best industries must stand on their own merits.

If the Linn county members straggle and walk the air a little, remember this line. Platforms have been shown up there without a state appropriation. Incredible, but true—Capital Journal.

The Southern Pacific Company are scattering a good deal of their stock along this line. Platforms have been replaced with granite at Shelburn and Crabtree.

George Wilson, who has been very ill at the home of his grandmother, Mrs. Fleener, is much improved. His mother arrived home from California last week to assist in caring for him.

Mr. and Mrs. Woodmansee are both victims of the grip this week. Mrs. Woodmansee was compelled to give up her duties as agent at the S. P. depot and the place is temporarily filled by Mr. Neal, of Brownsville.

The whole city of Albany is a chicken yard this week. The fellow who generally enjoys a morning nap will be liable to have the same sadly disturbed if he sleeps anywhere in the vicinity of Second and Elsworth streets.

A new section of the school library has just arrived and contains many volumes about Spain. It does not cost much to read them—only 25 cents for three months—so come in and get a book to pass away the long evenings.

At Lebanon Monday evening at a big public meeting it was voted as the sense of the meeting that the charter be amended to permit a tax of 5 mills instead of 3 mills as now and that the collection and assessment be by the city.

We have been informed that the telephone company would soon put a sound proof booth in the office in this city. The business of the office during the month of December was greatly in excess of the company's expectations, hence the improvement.

Kid Moore is being treated at the Keeley Cure in Portland for the morphine and cocaine habit, in order to show what they can do. When taken on hold he was using 60 grams of morphine and 109 of cocaine a day. It will be a big advertisement if they succeed with such a fiend.

Mr. William Rhoda and Miss Cella Arnold were married at the home of the bride's brother A. L. Arnold, three miles east of Scio, on Sunday, January 8, 1920. The happy couple start out on their journey amid the congratulations of a host of friends.

The Geoch sawmill down at Shelburn is not slow when it comes to getting out first-class lumber. They have just completed loading 100 pieces 12 x 12, 50 feet long for the Southern Pacific railroad company.

The timbers are all cut from good sized logs and are about as nice a lot as one generally sees.

It is rumored that the A. O. U. W. team of the Jefferson lodge will be given an invitation to do some work in Portland in the near future.

These boys have gained the reputation—and justly, too—of being about the best team in the state, and we should see them given a chance to do some work in Portland.

Scio is without a meat market, and what fresh meat we have nowadays has to come from Albany.

Just why this state of affairs exists is not plain, as the market was well patronized as long as it ran, in fact it was without most quite often.

Scio can and will support a meat market, and will not be without one very long.

The bids for rebuilding the county court house were opened last Friday. They took a wide range, the highest being that of Erb & Van Patten, of Salem, for \$17,000; the lowest that of Edward Kilfeather, of Portland, for \$13,200.

Kilfeather will undoubtedly be awarded the contract providing suitable bonds be furnished.

The new city council held its first meeting last Thursday evening, at which time the message of Mayor M. M. Peery was read. It was not a lengthy document, but contained some excellent recommendations for the future government of the city.

Many improvements are anticipated for the coming year which will tend to make our city substantial as well as attractive.

The following officers were installed at a regular meeting of Scio town, K. O. T. M., last Friday evening: W. Abbott, C. J. T. Bilyeu, L. C. A. G. Prill, H. K. V. B. Goin, R. G. C. N. Young, Chaplain; A. W. Daley, serg.; A. O. Smith, M. of A. H. C. Miller, M. G.; O. B. Cyrus, and M. G.; M. M. Peery, sealer; H. L. Smith, picket; and Fred Daily, physician; G. L. Sutherland, trustee.

A newspaper whose columns overflow with advertisements of business men has more influence in attracting the attention to and building up a city or town than any other agency that could be employed.

People go where there is an enterprising community. No power on earth is so strong to build up a town as a newspaper well patronized, and its power should be appreciated.—Coquille Herald.

An exchange tells of an Independent girl who took a header from a wheel and was jarred into unconsciousness. Methods of resuscitation were immediately applied without success until a corner street looking gentleman with glasses said: "Rub her neck." At his young woman came to her senses.

Tears came and she repressed a cry of anguish as she screamed, "Rub her neck yourself, you good fool," and she was so mad she couldn't cry.

There are vastly too many fruit growers who put fancy fruit at the top of a box and inferior fruit in the middle. The growers are not the only ones to blame for doing this.

A few days ago a farmer who lives near Portland was asked to evaporate very carefully a lot of choice apples to be used by the buyer in facing boxes. Nine cent per pound was the price for doing this.

The ones wanted could not well be sold for less, but they were to be used to face apples for which probably not more than 3 to 5 cents per pound had been paid.—Oregon Agriculturist.

There is some talk of building a telephone line from Lebanon to this city, and initiative steps have been taken in this direction. The line will be put up by the people along the route, and the money will be collected by the city, and each person who wishes to have the benefit of the line will have to furnish his own instrument and bear his proportion of the expenses of construction and maintenance. It's a good proposition, and THE NEWS gives notice that it will do its share and furnish an instrument. We know that there are a whole lot of good people up in that neck of the woods, and we want to be put in speaking distance of them.

Little Marie, the youngest daughter of Mr. and Mrs. L. L. Calavan, died at the home of her parents in this city Monday morning, January 2, 1920, aged five years and ten months. She had been ill for several days, but not thought to be dangerously so. On Sunday medical aid was summoned, and it was then found that the little one was suffering with congestion of the lungs, and was beyond human help. She was a very delicate child, having been ill the greater part of her life, though her health had greatly improved during the past year, but her condition was not strong enough to fight off the attack the disease had made upon it. The funeral services were held at the Baptist church on Tuesday at 10 o'clock, and were conducted by Rev. Osborne, and the remains were carefully laid to rest in the Franklin Butte cemetery. Mr. and Mrs. Calavan have the sympathy of the entire community in this their sad hour of grief.

It is about time all this nonsense about Lieutenant Hobson is brought to a close. The people are sickening of the very name of Hobson. It is true that he did a brave act, but not more brave than the acts of hundreds of others, who now sleep in unknown graves on Cuban soil. He certainly is no braver than the men that accompanied him on his perilous undertaking, and who are not being recognized as heroes by any one. Hero worship is all right but there is a limit to human endurance.

Congressman-elect Roberts, of Utah, who is a polygamist, is shouting defiance and dares congress to deny him a seat. This is exactly what congress should do, and it begins to look very much as though that is exactly what congress will do. There are very few people but that will applaud them in the act. There is but one way of looking at the matter—if Roberts is denied a seat it means the death blow of polygamy but should this man of many wives be seated, it will give polygamy a fresh impetus.

Dawson's biters and herb tea cannot be exceeded. The little corner drug store, Albany.

Mr. Victor Herf, of Jordan, one of the sterner residents of the German settlement, near that place, was in Scio Wednesday, and paid this office a pleasant call.

Miss Maggie Barker, of Albany, was in Scio this week in the interest of the Degree of Honor. An effort is being made to organize a lodge of this order in this city.

Mr. Johnson was present at the opening of the legislature.

Her sister, Ollie, is holding a position as saleslady in a store at Mt. Vernon, Ore.

Mr. Bones, of Nebraska, and Mr. Zak, of Texas, two starchy young Bohemian gentlemen, are in Scio this week seeking a new location for themselves and their relatives.

These people are well pleased with what they have seen and will doubtless become citizens of this favored clime.

Fred Morris, who is just now at Janam, Alaska, writes his parents in this city, Mr. and Mrs. J. S. Morris, that he will leave early in February for the new mines in the Altai county. This new mining district is now attracting a good deal of attention and promise to outdo the famous Klondike.

Mr. and Mrs. James Wright, of North Yakima, Wash., were in Scio this week upon a visit to Mrs. Wright's brother, Frank Butcher, and family. Mr. Wright owns several thousand acres of sheep in Washington, and has lately visited the east to investigate the stock markets. They left for home Wednesday evening, going by Albany, where they will visit for a few days.

J. F. Drabek, of Florence, Okla., is in Scio this week visiting his mother, Mrs. W. C. Klats. Mr. Drabek has been at Newaukum, Wash., for the past few weeks, visiting his brother, Frank Drabek, whom he had not seen for 35 years.

When these men were young they separated, J. F. going to war and Frank to California, and they never met again until a short time ago. Mr. Drabek thinks of locating in this section.

Notes from Epilog.

The warehouse has been running on full time this week, running over wheat.

Miss Alice Titus of Scio, is spending a few days with the family of our pedagogy.

If every new year is as rough and stormy as this one, we don't care to see them come often.

Rev. Percell of Sodaville, preacher at the school house, morning and evening, last Sunday.

Mrs. W. E. Loofborow was on the sick list this week, but is convalescing at this writing.

Wild geese are quite numerous in this section these days and the boys are getting great "gobs" of feathers.

The infant daughter of Mr. and Mrs. S. D. Titus has been quite sick the last week but is better at this writing.

Presiding Elder Shiangle, of the M. E. church, South, preached at the church Saturday evening and Sunday morning.

Charley Walker, our champion checker player, was beaten two straight by our merchant, Saturday. What a wrong charity!

Misses Mary and Katie Loofborow have gone to Laconia to spend a couple of weeks with their sister Mrs. Arch. Leighton.

There seems to be an unusual amount of sickness in the neighborhood. There is some one of every family in the village, that is affected in some way.

The people who ask a state bounty of \$50,000 to encourage sugar beet industry ought to be able to show that the fax industry and the prune industry and the mohair industry and other industries are not quite as much entitled to a bounty. They will probably be prepared to show that the \$50,000 will not go directly into the pockets of the trust that fixes the price of sugar, and that the price of sugar to the consumer will be reduced in proportion to the increased taxes the property of the state will have to bear.

If a man notoriously a polygamist is permitted to represent a sovereign state of the Union in the national legislature, the least that consistency could do would be to suggest that all laws against bigamy should be wiped from our statute books. To send one bigamist to Congress and another to prison is indeed a right merry business of justice.

PEOPLE .. . Can't be Gulled!

We are still at the old stand, and selling loads of goods. People appreciate RIGHT prices. We buy our goods as cheap as MONEY will buy them, and sell them accordingly. Many good people tell us, after comparing, that our goods are yet cheaper than our comped's after they take off their alluring "20 per cent discount." And that's the size of the matter. The fellows are just coming to the prices we have always sold at when they make a reduction of twenty per cent....

ROSS E. HIBLER

The Rossburg Review issued a very creditable new year's edition last week. It was well illustrated and finely printed, and was an able representative of that city.

Lakeview has increased the salaries of its city officers to the following amounts: Recorder, \$300; marshal, \$20; treasurer, \$75. The town is in good financial condition, and before long will issue bonds for a water system and an electric light plant.

The Warner Valley Stock Company, of Warner, pays more taxes than any firm or individual in Lake county. It is assessed for \$77,195.
