MARRIED.

GREEN-WYLIE.—At the home of Mr. and Mrs. Thos. Allison, in this city, Tuesday, December 12, 1922, Mr. Harmon Green, of Albany, and Miss Grace Wylie, of this city, R. Shilton, J. P. officiating.

The ceremony was performed in the presence of a number of relatives and invited friends, and the parties of Mr. and Mrs. Allison's pleasant home were beautifully decorated for the happy occasion.

The groom is quite well known in Albany, where he has a lucrative position, and Miss Wylie is one of Scio's social favorites. She is a member of the millinery firm of Cole & Wylie, and numbers her friends by her acquaintances.

After the words which bound them together for life had been spoken and the hearty congratulations had been extended by those present all were invited to the dining room where the table was groaning under its load of nice things which had been prepared for the occasion, and it is needless to say that they had some thing to eat.

Soon after dinner the happy couple drove to Jefferson, where they took the train for Portland and will visit with friends there and at Oregon City for a week or so before returning to Scio. They start out on life's long and uncertain journey amid the hearty congratulations of a host of friends not the least of which is THE NEWS. May their path be strewn with flowers, and all their troubles be little ones. This office acknowledges the receipt of a quantity of delicious wedding cake, for which the happy couple have our thanks.

It is not going to be long until the city's electric light plant will have to be enlarged. Both the water wheel and the dynamo are now loaded to their full capacity, and more lights are needed both for commercial and street purposes.

What a contrast between Scio's streets this year and last. Those who thought it rather hard to compel the property owners to gravel the streets now see the vast amount of good that was accomplished and no one has any kick coming at the present time.

Those who claim that it does not pay to advertise should carefully read the following from the Stayton Mail: Last week parties living east of this city drove a large number of turkeys to Scio, eight miles distant, where they were sold to W. E. Hibler. Hibler's turkey ad was planted in The Mail columns.

Following are the officers elected by Scio lodge, No. 36, A. O. U. W., for the ensuing year: John B. Smith, P. M. W.; A. M. Young, M. W.; T. J. Wilson, foreman; J. A. Bilyeu, overseer; R. Shilton, recorder; H. L. Shelton, guide; Ira A. Phelps, treasurer; J. A. Wallace, reliever; J. R. Gill, L.; L. C. Stover, O. G.; Dr. A. G. Prill, physician.

Following are the newly elected officers of the M. W. A. camp of this city: A. M. Young, V. C. C. A. Warner, advisor; N. T. Higgins, banker; C. N. Young, clerk; C. C. Young, escort; A. G. Prill, physician.

Chas. Wesely, watchman; Ed Cyrus sentry; G. M. Bilyeu, J. E. Cyrus and W. H. Young, managers; G. L. Sutherland, delegate, Joseph Wesely, alternate.

At the regular meeting of the city council last Thursday evening a new cross walk was ordered put in at the crossing near THE NEWS office, and new sidewalks were ordered built in front of the property of J. L. Ray, M. M. Peery and J. N. Morris. This walk is badly needed, and when completed the flax company will doubtless extend the walk on to their property.

The following officers were elected at the last meeting of the A. O. U. W. lodge, at this city: A. W. Daley, C. C. F. I. Jones, V. C. M. M. Richardson, preside; P. H. McDonald, K. of R. and S.; W. F. Gill, M. of E.; R. O. Shelton, M. of E.; Geo. Griffin, E. of A.; A. G. Prill, J. G.; J. A. Bilyeu, O. G.; G. L. Sutherland, M. of W. Endowment Rank G. L. Sutherland, pres.; M. M. Peery, Secy.; J. A. Bilyeu, vice pres.; A. G. Prill, physician.

Four new secret orders are talked of in Jefferson. It is to be hoped that they will not perfect the organizations, as there is such a thing as being large for doing any thing in the lodge for the good of the majority of the members. Most of the members of one order belong to two or three others, and thus they are compelled to pay out a good deal of money each year for dues and lodge expenses in each separate lodge.

It is safe to say that there is no better equipped blacksmith shop in the Willamette valley than that of J. J. Barnes & Son, in this city. The shop is thoroughly equipped with machinery of all kinds for doing any thing in the blacksmith and wagon making line, and a steam engine does the work. These gentlemen are first-class workmen, and this fact is attested to by the large amount of work turned out by them.

Four large reeling tanks are being built at the flax company's mill, and they will soon be in place, and the trenches have been dug, and are ready for the tanks. The company will soon have sufficient machinery here to work up what straw they have on hand. By another harvest they will have sufficient machinery in motion to keep a full crew busy, and will be able to work up all the straw they can get hold of.

Cyrene lodge, D. of H., of this city, has elected the following officers for the ensuing year: Mrs. Jennie Gill, C. of H.; Mrs. Menervia Wilson, C. of H.; Miss Edith Lakenbach, L. of H.; Miss Lizzie Lakenbach, C. of C.; Miss Nettie Morrow, recorder; Miss Lulu Morrow, usher; Sarah England, financial; Mrs. Flora Young, receiver; Mrs. Nancy Morrow, L. W.; J. R. Gill, O. W.; Mrs. M. Bilyeu, 1st M. of H.; Mrs. Martha Smith, 2nd M. of H.

Scio needs and must have a few more houses. There is a demand right now for more houses, and if some of our people would erect a few good substantial business buildings they would find no trouble in renting them at a rental that would pay big interest on the investment. It would not cost a great deal of money to put up a good brick building, and the returns would be much greater than money at interest at the present interest rates.

J. A. Bilyeu received a letter last week from his son, C. C. Bilyeu, who is now a member of the 45th U. S. V., now at Manila, which was mailed at Honolulu. Criss states that he was enjoying the trip very much, and was getting along all the well as could be expected under the circumstances. He stands well with the officers and men, and this fact alone insures him a much better time, and he is getting along all the better for it. He has many friends here wish him all the good fortune that there is in the life of a soldier, and also a safe and speedy return.

A telephone message received yesterday by T. J. Munkers reports that the McNamer brothers, who were supposed to have been drowned on the Yaken some time ago, were well and hearty, and that they would be home in about ten days. They are brothers of Mrs. T. J. Munkers and were in the frozen north with cattle, and are reported as having done well, and returned safely. This is indeed welcome news for Mrs. Munkers and her many friends, as well as her mother who is stopping with her, and other relatives and friends of the McNamer brothers.

C. D. Compton was in Scio the first of the week looking after some road work. Its rather late in the season to be doing road work, but notwithstanding this fact there is lots of it that needs doing and pretty badly, at that. There was a good deal of work done on the road leading east from this city, and still it is now in a deplorable condition, and should have some work done on it if possible. The travel was not put on the road when it was first built, and therefore it was not packed when the fall rains set in, and as soon as teams began to travel it great holes were soon cut in it, and these should be filled up with gravel as soon as possible. It is hardly likely that the work can be done this winter, but it should be done next spring.
