DIED.

BILYEU.—At her home, near Jordan, Ore., Thursday, December 14, 1899, Mrs. Williamina Bilyeu, wife of H. C. Bilyeu, aged 23 years and 11 months.

Deceased was the daughter of Mr. and Mrs. M. Calvert and was married to Henry C. Bilyeu January 13, 1895. She had been ill but a short time, and her death was a great surprise to her many friends and relatives. She leaves a sorrowing husband and one little daughter to mourn her untimely death who have the sympathy of the entire community in their loss. The funeral took place Friday last, the services being conducted by Rev. Cole of Jordan, and the remains were carefully laid to rest in the Bilyeu cemetery, near Jordan.

QUEENER.—At the home of her sister, Mrs. A. M. Young, in this city, Tuesday, December 19, 1899, Mrs. Francis S. Queener, wife of J. P. Queener, of Berry, aged 55 years.

Deceased was the daughter of Mr. and Mrs. Drury E. Stayton, founder of the town bearing their name, and was born in Indiana August 14, 1844. She came to Oregon with her parents in 1851 and was married to J. P. Queener February 14, 1872. Five children were born to them, only two of whom—Mrs. E. P. McKone, of Berry, and Mrs. Maud Wilson, of Fox Valley—survive her. Aside from two daughters she leaves a husband, two brothers and two sisters to mourn her death. The funeral took place Wednesday from the Baptist church in Stayton, deceased having been a devoted member of that church for a number of years, and the remains were laid to rest in the family burying grounds at that place, followed by their last resting place by a large concourse of sorrowing relatives and friends, who have

the sympathy of the entire community in their hour of anguish and grief.

WELCH.—At her home in Albany on Saturday evening, December 16, 1899, Mrs. Anna Welch, aged 27 years 7 months and 11 days, after an illness of two weeks with typhoid fever.

Deceased was a daughter of Mr. E. Goins and had resided in this city nearly her entire life. She leaves a family of three children, two boys and one girl, to mourn her loss. She was a pleasant neighbor, one who will be missed by her many friends. Funeral services were held at the A. O. U. W. hall Monday afternoon and were conducted by the Degree of Honor, of which deceased was a member. The interment took place in the city cemetery. Deceased had been a member of the Degree of Honor only a short time and carried a policy of \$1000, payable to her three children—Herald.

The Southern Pacific Company, a San Francisco paper reports, has issued an order forbidding its employees to smoke cigarettes. Many business men and firms refuse to employ cigarette-smokers. By the way much less cigarette-smoking is done now than formerly, says an exchange. And this is wisdom.

As is always the case during the holiday season news of a local nature is pretty scarce. And the crowded condition of our advertising columns does not permit of a great deal of local news, either, but we are arranging for the purchase of a new press, and when we get it we will be able to print our paper all at home, and thus be able to give our readers a great deal better paper, both local and general.

The following officers have been elected for the year 1900, in this city: A. O. Smith, Cou.; A. W. Daley, L. T.; O. B. Cyrus, R. K.; M. M. Peery, F. K.; F. J. Irvine, chap.; M. W. Miller, M. A.; A. G. Prill, physician; V. H. Goin, surg.; J. B. Smith, 1st M. G.; A. O. Smith, 2d M. G.; H. C. Miller, sent.; A. J. Johnson, picket; F. J. Irvine, trustee for three years. The next regular meeting will be held January 3, 1900, at which time the new officers will be installed.

It may be of interest to our farmer readers to know that during the past year Ross E. Hibler has shipped from here 10,200 dozen eggs, 1,300 dozen poultry, 4,500 pounds of butter. He has paid the farmers for

this produce the sum of \$10,000, all of which has been distributed among our people. This is the amount shipped by one firm, and others have shipped a good deal, but not so much as Mr. Hibler. Thus it will be seen that there is money to be made in raising something besides 40 cent wheat.

In a bowling contest this week between the members of the Scio Bowling Club, A. J. Johnson bowled four games, making 99, 64, 89 and 47, a total of 299 plus in the forty frames, or an average of 87. We are in favor of A. J. Johnson as the best bowler for four games is 228, and if this be the case Mr. Johnson has lowered a record. The games were bowled in a friendly contest, and in the order given here. The alley is a regulation alley, but is made of soft wood. Scio has several good bowlers, and we would like to see a contest made up with bowlers from some of the neighboring towns during the winter. A few friendly games would create a little interest among the boys, and also show some of the bowlers in neighboring towns what our boys can do when they have a chance.

There was a lot of fun in this section of the country Friday and Saturday of last week. The report was brought to town that a sheep killing clyote was helping himself to the sheep in G. W. Phillips pastures, up to the Albany lunch counter.

The sportsive inclined citizens who could get hold of a gun were on the move, and soon a pack of hounds were put on the track, but they failed to locate the clyote, and the chase was postponed until Saturday, but the numerous hunters fared no better on this days hunt. However the clyote was chased down into the valley by the hounds from the country, and after camping on the hill north of T. J. Munkers farm was rustled out by a single hound Saturday evening and sent up the creek to the trap, but not until all the hunters had come home.

When the doors of a school opens it receives an army that is fitting itself for the duties of a future life. The first few days mean much. Half of the success is assured if good beginnings are made, and soon realize have first claim upon the teachers attention. The entrance into school mark an evolution in their lives. Most of them are tots, just from their mothers arms, and one that far has been an object of loving care and from the moment the pupil is assigned to a class in the schoolroom all this ends. The pampered child becomes a citizen, and soon realizes that it must share the burdens of teachers and companions. Happy is the school that is void of apparent partiality and it takes a teacher of rare tact and broad sympathy to lead such a class.

There are many such in our primary schools, and their influence will live and bless their pupil in years to come.—Watchmen.

Oregon State Fair.

One of the most important meetings ever held by the State Board of Agriculture was called last week at their annual meeting in Salem, Oregon. The last legislature passed a law providing that one-quarter of a mill tax be levied on the property of each county and two cents per head on each sheep and goat to provide a fund for which she will receive \$200. The law was made for the benefit of eastern Oregon sheepmen who graze their herds on Uncle Sam's domain. It might be repaid—Engene Guard.
