A FEW FARM NOTES

A speed programme for the state fair will be submitted to the board early in February. All horse owners requested to send in a list of their horses, together with their records, so that a programme can be gotten out to suit the greatest number.

L. L. Ormsby, a few days ago at Boise City, sold his wood clip of 380, 180 pounds at 20 cents a pound. This is said to be the top price for Idaho wood for many years, but there are some other clips that are being negotiated for that will probably bring the same figure.

Prices for pure bred breeding stock are today the highest since the great boom in such stock in the early 80's. This country's supply of marketable cattle is way short of the demand. Times are good and promise to keep so. The population is increasing and the people want and will buy good meat. Moral: Buy good stock and propagate. There is big money in the stock business for years to come.

A hen is a great deal like some winter flowering bulbs. You can supply artificial conditions and induce the bulbs to flower in winter and the hen to lay eggs, but neither the one nor the other will blossom again in the summer. There is a limit to the number of eggs a hen will lay in a year and the winter layer will find her limit earlier in the summer than the one that begins under more normal conditions.

OF LOCAL INTEREST

A. G. Prill, Physician and Surgeon Scio Or.

Rev. Longbottom conducted services in this city Sunday last.

Call at the drug store for Mountain Balm Ointment, the best in the world.

The best fountain pen made is the Waterman. You can get them at Dawson's Albany.

If you want the best meal for the money (20c) served in the valley, go to the Albany lunch counter.

Hagey, the jeweler, has added to his stock some fine Rogers & Bros. silverware. Call and see them.

"Doug" Wheeler shipped a carload of hogs from this city to the Portland market the first of the week.

Manhattan horse remedies are positively guaranteed. They are the best on the market. Ross E. Hibler.

Mr. and Mrs. Cole are proud parents of a bright baby boy which gladdened their home on Christmas day.

There was a very pleasant dance at the Kinsler farm, near Crabtree station Monday evening. Several from this city were in attendance.

Rev. C. C. Sperry, of Brownsville will conduct services at the M. E. church in this city next Sunday, Dec. 31. All are cordially invited to attend.

The chairs for the assembly hall arrived the last of the week, and are now in the hall. They are a good lot of chairs, and were made at the Dayton chair factory.

Wm. Sheriffs and Miss Leone Carter were married at Albany Friday, December 22. They start out on their journey amid the hearty congratulations of a host of friends.

The Ivy Leaf dancing club will give a mask ball New Years night, to which all lovers of dancing are invited, and those who want to see the fun can do so for 25 cents.

Don't fail to buy your boy a watch for Christmas. Hagey, the jeweler, has a fine lot for \$2.50 each; all guaranteed perfect time keepers, suitable for men as well as boys.

Nine out of ten drummers carry a Waterman fountain pen. Why? Because they do more writing than anyone else, and want a good pen. Fred Dawson, Albany, is agent.

The Christmas tree at the M. E. church was quite a pleasant affair, and the tree was prettily laden with presents and decorations. A short literary and musical program preceded the distribution of presents.

By special arrangement and request Dr. Lowe, the well known oculist, will be at Scio, at the Farmers hotel, on Monday, January 15th, one day only. Dr. Lowe has had 14 years experience as an eyesight specialist.

Eugene has a case of its own. A photographer has been arrested for libel in posting the picture of a woman and offering for sale the bill for printing a dozen pictures of her. It is claimed by the plaintiff that it is contrary to law to post the account of a debtor for sale.

The Oregon Native Son of Portland, is the best magazine production of the Northwest. It is well edited and offering for sale the bill for printing a dozen pictures of her. It is claimed by the plaintiff that it is contrary to law to post the account of a debtor for sale.

From the Bandon Record: "In the stage and mail robbery, which occurred near Myrtle Point about a year ago, Adam Pershore lost \$25 and Matt Johnson lost \$50 in greenbacks, which were in a registered letter. Recently both men received a government check for the amount lost."

R. D. Culvan was over from Albany last week. He has sold his interest in the livery stable in Albany, and is again foot-loose. He has not fully decided what he will do, but his friends in this section are prophesying that Scio will again be his post office address before many months.

Some of the county papers of Oregon are complaining that "through the efforts of middlemen, who are desirous of making a profit, the price of cavalry horses has dropped from \$75 to \$40 per head, and they advise stockmen to 'refuse to sell horses except directly to representatives of the government.'"

Dr. L. J. Todd has in his possession a copy of the New York Herald of April 15, 1865, giving special dispatches telling of the assassination of President Lincoln. It is printed in deep mourning, the columns ruled all being turned and the scare heads being a half column in length. It is indeed a valuable paper, and one that is prized very highly by the doctor.

N. W. Hutchins, of McMinnville, and Miss Maggie M. McDonald, of this city were married at Albany Sunday December 24. The young couple came to this city the same day and spent Christmas at the home of the bride's parents, Mr. and Mrs. A. R. McDonald, near this city. Wednesday they left for Drain Douglas county at which place they will make their future home.

The W. C. T. U. ladies of this city are fitting up reading rooms in the Myers, building on Main street, and will provide books and papers for the use of the young people who wish to have some place to spend a quiet evening and have something instructive to read. The room will be fitted up very neat and comfortable, and the ladies deserve praise and encouragement for their effort in providing some place for the comfort of the young people.

The Oregon lar will have to give place to the Missouri lar. He who has pertrated the following: "A farmer wanted to get a couple of ears of new corn. He went out in the field to pick them, the stalks were so tall that the ears were beyond his reach. He then boosted

his boy up to get the ears. The boy did not come down that day nor the next week. The old farmer died; when he got up to heaven he asked if his boy was there. He was told that a boy passed through the day before on a corn stalk."

A vastly sized shooting match took place in the eastern edge of the town of Scio, Oregon, on Christmas day and was indulged in by several of the sportive inclined of our city. Two turkeys were contested for, and first one was won by C. N. Young and Henry Hassler, but there were three persons tied on the second, and it took about eight straight shots to win the turkey, which was finally carried home by J. L. Ray. Blue rock shooting is good practice for those who wish to become good wing shots, and we should like to see a gun club organized here and have a day or two in each week set apart for gun practice.

Tracklayers on the Mohawk branch of the Southern Pacific railroad have reached the Vitus place, and in a few days will have the track laid to the McKenzie river. Work is being pushed as rapidly as the weather will permit, and in the spring each day will see a large train load of lumber going out of that section. The officials have taken a careful survey of the site for the bridge across the McKenzie and thought good many bridges have been built for the same, they have concluded to build the structure of steel. There will be a 217 foot span and 45 feet of water under it. The bridge will be very heavy, hence the change in plans.—Hrowsville Times.

Last Sunday morning T. J. Munkers was very agreeably surprised on answering a telephone call from Portland. After the usual "hello" he recognized the voice of one of the McNamer boys, who were supposed to have been drowned on the Yukon river. The two brothers arrived home safely Sunday morning, and knowing that their mother was here with her daughter, Mrs. T. J. Munkers immediately called up T. J. to inform him that they are all right. Mrs. McNamer, accompanied by Mrs. Munkers, returned from Portland and Forest Grove for a visit with the boys, as they are intending to return to Alaska in a short time with more cattle. Their many friends in this section will be very glad to hear of their safe return.

Young men of Scio attention! Don't you go around the land at night and rush the growler and perambulate with the feminine? Don't thou whoop'er up with the boys and finger the substance of the jackpot, and play the shuckles against the over-slippery flogger? Don't thou puff a 2-cent cigar or pull the dead-fy cigarette, and hast thou lost thy grip on ways that are right and wisdom which is good in the world? Verge thou art in a very bad row of stumps. It will not be long ere thou are known in the land no more. Thine heels will fly up and thou fall in the soup. Keep thine eyes on thy gun, and monkey nose with the juice of the jag. Steer clear of the man with the ace, and in the ripening years of life thy pockets will be full of the fruit of the earth, while those who mind not these commands go around are partaking of the futch that is free.

Wilson Richardson came near having a serious runaway near this city Saturday last. He and Mrs. Richardson were driving to town in a buggy, and when coming through the lane near Wm. Arnold's place, where the road was rather narrow in spring, and was very badly cut up, one of the horses stepped over one of the tugs, and right there trouble commenced. The team started down the road at a very rapid rate, and Mr. and Mrs. Richardson were both thrown out in the mud, and the horses went on their way, but soon ran into a ditch and both got down in such a manner that they were unable to get up, and were soon captured. Mrs. Richardson was pretty badly shaken up and quite severely bruised but aside from a severe nervous shock was not seriously injured, but it was a pretty close call, and might have been a great deal worse. The buggy was not very badly damaged.

A. L. Richardson's "yaller" hounds treed a clyote Friday of last week, and after a few well directed shots he was compelled to wind up his earthly career. It was not the first clyote he has been doing so much disastrous work among the sheep in this section, but it was a good sized specimen never the less, and his scalp is worth quite a little sum to Mr. Richardson, including the amount paid by the county and the persons having sheep in the neighborhood where he has been residing of late. There is quite a number of these "verifiers" in this section of the country, and their early demise would be a blessing to the owners of sheep. One clyote which makes its headquarters up Thomas creek a few miles from here is known to have killed nearly a hundred dollars worth of sheep this winter, and the clyote still lives. There is quite a little bounty on his scalp, however, and some of these days he will pay for all his fun with his life.

Chamberlain's Colic, Cholera and Diarrhoea Remedy can always be depended upon and is pleasant and safe to take. Sold by Peery & Peery.

PURELY PERSONAL

Andy and Luke Jennings were at Albany Saturday evening.

J. L. Ray was a county seat visitor the latter part of last week.

S. M. DANIEL.

NOTICE. From this time on I will sell sugar for CASH and PRODUCE only. And in future I will sell sugar at very little profit, but not on CREDIT.

I have to pay cash down for every sack of hay, and it is very hard for me to do this and credit out from six months to a year or two.

ROSS E. HIBLER.

A Christmas Suggestion. H. W. Cox, salesman for C. A. Whale, of Salem and Portland, the leading piano dealer of the north-west, is in Scio with a shipment of pianos and organs. He is located at the Scio Hotel, and invited one and all to call at the hotel parlors and inspect the instruments. Now is the time to purchase a piano or organ for a Christmas present for your family. Special sale during the holidays.

DIED.

PAUL.—At her home five miles south of Scio, Monday, December 23, 1899, Mrs. W. A. Paul, aged 71 years.

The deceased came to Linn county with her husband in 1820 from Missouri, since then residing on the original D. L. C. of her husband. She was the mother of seven children, part of whom only and her husband surviving here. She left an excellent reputation as citizen, neighbor and mother.

The funeral services were held Tuesday, and the remains were laid to rest in the Masonic cemetery near this city.

MORRIS.—At the home of his sister Mrs. Prout, five miles south of this city, Wednesday, December 27, 1899, R. H. Moore, aged about forty-five years.

Funeral services were conducted yesterday, and the remains were buried in the Providence cemetery, near this city. Deceased was a single man, and was born and raised near where he died. He was a strong appearing man, but had a good deal of sickness. He was committed to the asylum during the past summer, but was discharged from there after a few weeks' treatment. He leaves several relatives and many friends to mourn his death.

M. W. A.—Cascade Camp No. 9627, meets on the 24 and 4th Saturday evenings of each month, at Masonic hall. Visiting neighbors cordially invited.

A. M. YOUNG, V. C. C. N. Yones, Clerk.
