## CORRESPONDENCE

### Notes from Shelburn

From our regular correspondent.

Ira Smallman attended the dance held at Stayton on the 22nd.

Miss Della Gooch returned last week from a visit with relatives at Jefferson.

Mrs. W. H. Hull, who has been very sick for several days, is now fast improving.

Mrs. D. Wright has been quite ill with throat trouble, but at present writing is much improved.

Dr. Powell of Independence, returned home Friday from attending his daughter, Mrs. Charlie Culven, during her recent illness.

Miss May Jones, who has just closed a satisfactory term of school at Munkers left Saturday for a short visit with relatives at Lebanon.

We are informed that our former smithy, T. P. Ogiesbee, who recently moved to Buena Vista, has gained a valuable acquisition to his family, in the person of a bouncing boy, of whom his parents are justly proud.

Wonder what has become of that traveling seedman, who recently tried to "bunco" one honest citizens with a specie of "rare ripe" seed. We hear that quite a few of our estimable people were victimized by him.

### SEEDS SEEDS SEEDS

We haven't all the seeds in town. Nor have we the best seeds in town. But we have seeds from three different seed houses—Ferry, Bowen and Lamberson. You can have your choice. But one thing we have got, that is, positively new, fresh seeds. One brand of our seeds we buy out right—don't sell them on commission. These seeds are sold to us with a guarantee that they are fresh and new this year. And to prove this all the seeds we have left in the fall are destroyed by us instead of being shipped back to the firm as commonly done. So you see these seeds are bound to be fresh, and surely ought to grow.

ROSS E. HIBLER.

In view of the announcement that 2000 Yaqui Indians are now marching on and threatening the capture of Guaymas, it would seem that the Mexican news censor who has heretofore been editing all the war news into Government victories has been slightly overdoing the duties of his job.

A. M. Young, of this city, is working in the interest of the M. W. A., at Lyons, and is meeting with great success. Last week he had secured nearly thirty applications, and will organize a camp there in the near future. Mr. Young is devoting much time to this work, and is being amply rewarded for his work by the number of applications he is securing. It will not be long until he will have a number of camps organized in the Santiam country.

We are this week fitting up a new home for THE NEWS, the same being in the Goins property, on the west side of Main street, and in making the needed repairs on the building we find that it is going to require all the surplus cash in the treasury, therefore those of our subscriber who have not paid their subscription will confer a great favor upon us if they would do so as soon as possible, as we will be greatly in need of the money in fitting up our new quarters.

There are several well developed cases of scarlet fever in the Larwood district, and one of Chas. Crafts sons is quite ill with the disease. Three members of the family were quite ill last week, but two of them have about recovered. The disease was brought there by the school teacher and consequently it was given a pretty thorough start before its true character was discovered. Dr. Palmer, of this city, and Drs. Booth and Kelly, of Lebanon, are looking after the several cases, and no serious results are anticipated.

### TAILOR MADE SUITS

We have now got our spring samples—4 big books—containing over one thousand samples, and nary a two alike. Out of these you can surely get a choice, suit you both in price and material.

The great number of tailor made suits that we get every season is the surest advertisment as to how much better they are than COMMON READY MADE ones. Indeed you get 100 per cent more wear and 500 per cent more looks. There is no question about FIT our clothes have got to fit—and positively guaranteed to. With our 10 years of experience measuring for these suits, we know all about how to get neat fits, and have the clothes set properly etc. Don't be deluded with the notion, either, that "anybody" can measure and get good fits. That is impossible, and poor fits are little better than han'-me-downs. Once you wear a tailor made suit, you will have no other ever after. For they look so neat and new, and feel so good on a fellow. And you can never appear like a real 20th century man without you have on one of our tailor made suits.

### Twice Proven.

From the Vindicator, Rutherfordton, N. C.

The editor of the Vindicator has had occasion to test the efficacy of Chamberlain's Pain Balm twice with the most remarkable results in each case. First, with rheumatism in the shoulder from which he suffered excruciating pain for ten days which was relieved with two applications of Pain Balm, rubbing the parts afflicted and realizing instant benefit and entire relief in a very short time. Second, in rheumatism in thigh joint, almost prostrating him with severe pain, which was relieved by two applications, rubbing with the liniment on retiring at night, and getting up free from pain.—For sale by Peery & Peery.

The rumored alliance of Peru, Bolivia and Argentina against Chile looks pretty formidable, on paper, but an attempt to carry out its alleged purposes will probably result, as other similar schemes have done, in considerably reducing the area of Peru and Bolivia, whatever may happen to Argentina. The Chileans long ago proved themselves the fighters of South America.

### A Serious Affair

It is reported that two young ladies of Lacomb are seriously ill from eating candy at a party which is supposed had been poisoned. An investigation will probably be made. The Lebanon Express-Advance says of the affair: There has been considerable excitement in the Lacomb neighborhood for several days past. One evening last week, at a spelling school, two young ladies, Misses Hettie Rice and Rebecca Rucker, after taking a drink out of a bucket of water, went into convulsions. They were taken home and have been in a serious condition ever since, being rational only at short intervals. It is supposed that the young ladies, who are not 16 years old and are nice, good girls, were given some kind of poison or "dope" by a young man or young men before they arrived at the school house and that the poison did not take effect until they drank the water. It is said that the poison was given with candy. There is considerable feeling over the matter, and if it is found that some one tried to "dope" the girls, the guilty party will be summarily dealt with, if found out. The facts will be learned as soon as the girls recover sufficiently to tell them.

The joke is being appropriated and applied to different places that a man sent a dollar cast to learn how to keep a shot gun from scattering. The answer is use only one shot at a time.

### An Old Case

From the Times.

The Oregon Supreme court has rendered an affirmatory decision in the case wherein the Farmers Loan and Trust Co., as trustees, is plaintiff, and the O. P. R. R. Co. and W. V. & C. R. R. Co. are defendants. This is the title of the case, but the interested parties were the O. C. & E. Railroad Co., respondents, and W. H. Watson, holder of receiver's certificates, issued by Col. Hogg during the time he was receiver of the O. P. road, and sundry other creditors, appellants.

The matter at issue was the conflicting claims to a balance of proceeds from the sale of the steamship "Willamette Valley," for the satisfaction of certain marine claims this balance amounting to about $19,000. The sale was orded by the federal court at San Francisco.

This settlement brings to a close another chapter in the legal history of the Yauquina railroad, and so far as known now, closes up all matters of controversy growing out of its once tangled affairs.

The decision of the supreme court awards the $19,000 to the O. C. & E. Co to whom the present owner of the road, the C. & E. Co. is the final successor.
