From all parts of the state comes the reports that the farmer who pays more attention to cattle, and especially dairy cattle, and has given up the idea of getting rich raising wheat, is today in much better shape financially than in former years, and his prospects for money making in years to come are much brighter than under the wheat raising method of farming. Right here in this locality, where the farmers are only selling the product of a few cows at the creamery they are making more money than tho gh they were selling none and raising wheat exclusively. Wheat raising in this locality is not in with the dairy cow and the sooner our people abandon the wheat raising idea and put their money into good milch cows the sooner they will realize that they have put in a good many years hard work for little profit, when they might have done the opposite had they give up wheat raising long ago.

Colliers Weekly says "Mr. McKinley knows no more about the money question than Mr. Bryan." Now if it be conceded that Mr. Bryan knows no more about it than Mr. McKinley, it will be easy to form an estimate of the standing of these gentlemen on the money question.

A lady who married a man in Los Angeles a few weeks ago "to reform him," is now accused of having made a violent attempt to beat his head off. Having brought him to a proper condition of perfection, she probable did not care to take any chances on his backsliding.

A Milwaukee Judge has decided that street-car conductor has no right to compel a passenger to "move up." Now, if he wishes to secure the votes of the hobo fraternity his Honor will render a similar judgment regarding the familiar "move on!" of the policeman.

Pylygamy signifies the deep degradation of womanhood, and Mormonism is more conspicuously identified with this infamy than with any other doctrine. Hence it cannot hope in reason ever to be regarded with favor by an American civilization.

Irving M. Scott, the builder of the magnificent battleship Oregon, is developing into a formidable candidate for vice-president, as a running mate for President McKinley. The entire West would be proud to honor Mr. Scott with the nomination.

There was such a lively row at the Ohio Democrat convention that the police had to be called in. One wouldn't think that the chances of Democratic success in Ohio were worth having a family fight over.

Linn County Pioneer Dead.

Mrs Sperry, wife of Rev. C. C. Sperry of Brownsville, died at their home in that city early Friday morning June 16, 1900, after an illness of several weeks. Mrs. Sperry was a pioneer to Linn county, coming here with her husband when they were newly married, nearly fifty years ago. She was a woman who took a deep interest in building up the christian work of this state in its infancy and had a wide circle of friends not only in Linn county, but throughout the state.

HIS LIFE SAVED

By Chamberlains Colic Cholera and Diarrhoea Remedy

"I am sure that Chamberlain's Colic, Cholera and Diarrhoea Remedy at one time, saved my life," says A. E. Lafslette, of Gregory Landing Clark county, Missouri. "I was in such bad shape that the doctors said I could not live. When I was at the lowest ebb, one of my neighbors brought in a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and I took it and got instant relief. I soon got up and around. That was nine years ago and I am still in good health. Since then that medicine has always been in my house and always will be. It is the best on earth." For sale by Peery & Peery.

Summer Resorts

"To the mountains of our people in increasing numbers yearly look for those days of relaxation and recreation necessary to maintain the human machine in fair working condition. The languorous sloth of the seashore proves very seductive while it lasts, but many have decided that the annual outing should provide not only radical change of air and surroundings, but also stimulation of flagging energies as will provide brawn and vigor for the return to labor. For this they urge the mountain climb and ramble, the balsam of the mountain pines, and the clear, unadulterated mountain air."

"In this direction the Shasta Route now affords a wealth of attractions. The entire line of road from Ashland to Redding is studded with charming and accessible hotels and camps, where are cheer and comfort and healing at reasonable cost, and where you can hunt, fish, ride, loaf, or play with equal facility."

"I have always used it in my own family both for ordinary coughs and colds and for the cough following la grippe, and and find it very efficacious." For sale by Peery & Peery.

Hundreds have used it on my advice and all say it never fails to cure Throat, Chest and Lung troubles." Regular size 50c and $1.00. Trial bottles free at Peery & Peery's drug store.

Who the Boxers Are.

Such confusion as exists as to precisely who and what the Chinese "Boxers" are is probable due to the rapidity and frequency with which the native secret societies of China change their names when they desire to continue their organization and purpose free from the surveillance of the government. When at last an edict of suppression is issued the society simply takes a new title and goes on as if nothing had happened.

The society of Boxers is supposed to number eleven millions of men. It was originally a sort of law and order league, organized for protection against the bandits with which the province of Shan-uhg was infested. Its name was then Ta Tae Hwei, which means "The Society of the Great Sword."

It is a law and order league gone wrong. As this society became more powerful many dishonest and designing persons entered it, and in numerous cases directed its efforts against personal enemies whom they represented to be bandits and lawless persons. Some of these victims look for help from the persecutions of the Great Sword Society, turned to the Christian missionaries, especially it is said, the German Catholics. They professed conversion and the missionaries sought to protect them.

A series of outrages on Christians followed until, in last October, the Christian nations forced the government to send a force against the Great Swords. There was a battle, followed by the report of the Governor of Shan-Tung that the so called rebels were honest country folk.

Then the Great Sword Society disappeared, by edict, and in its place sprang ready-made the "Universal Society of Boxers," with the old organization and purposes and with the added idea of fighting all foreign influence—missionary or otherwise—and of having the government help it. The operations of the society and the outrages committed by it have since continued, and have constantly become bolder.

The Chinese name for the society is I-Ho-Tuon, the I meaning righteousness, the Ho standing for peace and Tuon meaning first.

If there is any one who has gained the idea that the prosperity of a town, village or city is guided by the wealth of its inhabitants they are mistaken. History shows us that it is the uniformity with which all citizens pull togthher when any important duty is to be accomplished that builds cities and makes them prosperous. A man with a thousand dollars at his command, backed up with a genuine interest in the welfare of his town, can do more for its upbuilding than a millionaire who locks up his money and snaps his fingers at home progress.—Brownsville Times

President Strong of the U. of O. said on commencement day: "The U. of O. expects much of its graduates—purity of life and cleanliness of living.
