

# PLAID SKIRTS...

Another lot just put on sale. Two numbers, one at \$8 and another at \$5 are especially neat and good value...

# New Kid Gloves

Over 700 pairs of kid gloves for ladies just added to the stock, making it the most complete in the city. Our \$1, \$1.25 and \$1.50 lines are very strong. We have also a fine assortment of new gloves at \$1.75 and \$2.00.

Notes: Size \$1.50. Canteen, Foster and LaFong gloves are being closed out at \$1.00.

S. E. YOUNG & SON, ALBANY, OREGON

# A FEW FARM NOTES

The Prineville, Ore. jockey club announce their dates in the issue of October 21 to 27, inclusive, for their fall meeting.

Josh Billings gave us this advice: "Don't drink too much new cider, and however mean you may be, don't abuse a cow."

The horse is a great factor in agriculture. He is an indispensable element to every farm and the better the horses are kept the better will the farming be done.

The state fair is attracting the attention of the farmer, breeder and manufacturer this year. Better make an exhibit and show your neighbor what you can do.

Debtors should make it a part of their business to raise their own cash. Nobody will sell their best cows, hence the value depends upon buying just be content with culls.

Liverpool sets the price of wheat for the Oregon farmer, and when wheat jumps up in Liverpool farmers throughout the world and the wheat growers get the little benefit of the raise of wheat in Liverpool.

Roughly estimated, the Dalles warehouse have up till now handled about 5,000,000 pounds of this year's crop, says the Dalles warehouse. To pay 30¢ per bushel, the market is practically dead.

Never leave your grainstake in the sun. The side upmost will become harder than the lower side, and in time the whole will wear level. If the whole is to be kept in a stack, keep it covered with a box.

C. W. Elkins, of Prineville, reports in eastern Oregon that Portland is now a better horse market than for several years. He recently brought down 25 thoroughbred animals and sold them at an average of \$200.

If the fine weather shall continue for six or eight weeks longer, says the Statesman, and if the prospects for good prices hold out, the hop industry will bring into the Willamette valley close to \$2,000,000 this fall.

There is every prospect for an abundant crop of grain and of a good quality. The bright, sunny weather is preventing any dangerous spread of lice, although the large growers and some smaller ones are spraying now.

At a well-attended meeting of the Silverton Hopgrowers association Saturday, 800 acres were represented. To pay 30¢ per bushel for picking was the unanimous vote of all present. An agreement was signed by growers under forfeiture of \$50 for paying a price exceeding this.

Success in raising stock and especially cattle is influenced largely by equipment. Plenty of barns for spring feed so as to have in the best possible condition for feeding, also ample bedding to keep cattle dry and comfortable in all kinds of weather, are absolutely necessary.

Here is the spirit of the day. The Corvallis Times says: Peter Risher this week purchased seven milk cows and four calves from Mr. Wyatt, who resides near Astoria. He further stated that he had stock in farm and let others look after the matter of supplying the market with wheat.

On July 31st a \$2,000 threshing machine exploded near Wasco and was a total wreck. The explosion was caused by a small quantity of dynamite, causing a spontaneous combustion. The machine was insured by Peery & Peery, druggists.

A big wool deal was closed up at Salt Lake City last week. James E. Clinton, for Hecht, Liebman & Co., of Boston, tied up 700,000 pounds, or about 33 carloads. The price paid for the wool was not given, as it was taken on assignment, but the advance payment made means the distribution of over \$100,000 to the various sellers.

Unless all signs are deceptive, the state fair will this year approach nearer the accomplishment of a comprehensive exhibit of all the industries of Oregon than has been attained in any previous year, and consequently will be of more value both to the visitors and to the exhibitors. The directors are making earnest efforts to bring about such a result, and the prospects are their work will be crowned with success.

A Maryland subscriber inquires if it is true that the dark of the moon in August is the best time to fell timber, and why it is so. We do not believe the moon has any influence in the matter. In late summer, the trees are in full leaf. If cut at this season and left to fall until the leaves have all died, the leaves will have drawn out and expunged the sap from the trunk and leaves, thus quickly seasoning the timber and making it durable. If the tree be trimmed as usual, we doubt if the season of falling will greatly affect the durability of the timber.—Farm Journal.

Prevented a Tragedy. Timely information given Mrs. George Long, of New Straitsville, Ohio, saved two lives. A frightful Ohio had long kept her awake every night. She had tried many remedies and doctors but steadily grew worse until urged to try Dr. King's New Discovery. One bottle wholly cured her, and she writes, "This marvelous medicine also cured Mr. Long of a severe attack of pneumonia. Such cures are positive proof of its power to cure all throat, chest and lung troubles. Only 25¢ and \$1.00. Guaranteed. Trial bottles free at Peery & Peery's drug store.

A trial trip to the Salem Steam Laundry will mean that you will continue to send them your work. Laundry sent every Monday from the express office.

# OF LOCAL INTEREST

A. G. Frill, Physician and Surgeon, Seix Or.

Send to Dawson, at Albany, for kodak supplies.

Call at the drug store for Mountain Balm Cough Cure, the best in the world.

Anybody can have a Kodak. Brownie Kodak for \$1, at Dawson's drug store, Albany.

Dr. Browne has about completed his new barn on his property on the south side of the creek.

E. J. Bowen's choice garden seed for sale at A. Osborne's grocery store, Shelburne, Oregon.

Any child can take a picture with a Brownie camera. It only costs \$1 at Dawson's drug store, Albany.

Holt's threshing outfit was working near town the first of the week. W. F. Hobe is their engineer.

A daughter was born to Mr. and Mrs. James C. Lofler, who reside near this city, Saturday, July 25, 1900.

All kinds of fillings, artificial teeth and dentures, at the Seix office, Clyde L. Hill, at the Seix hotel.

BORN.—To Mr. and Mrs. John Riley, six miles south of this city, Monday, July 30, 1900, a bright boy baby.

The first time you come to Albany come and see the samples of photos our \$1 Kodak takes. Yours for pills, Dawson.

L. M. Cull, of Albany, has been appointed Lin County vice-president of the Oregon Native Sons' organization.

BORN.—To Mr. and Mrs. Wm. Sordling, three miles south of this city, Tuesday, July 31, 1900, a nine pound girl.

What is the use of howling with the toothache when you can get instant relief by calling on Clyde L. Hill, at the Seix hotel.

J. A. Jarnagan is this week building an addition to the residence occupied by R. E. Hibler, the same to be used as a laboratory.

Clyde L. Hill, dentist, can be found at the Seix hotel, fully prepared to do all kinds of dental work, at moderate prices. Give him a call.

Put on a clean front—by wearing white shirts done up by the Salem Steam Laundry. Laundry leaves express office every Monday and returns Friday.

For Sale. We have at Portland a stock of fine Lubricating Oils and Greases. Prices and terms as right. Write for prices to Central Refining Co., Cleveland, Ohio.

Flax pilling was commenced in the McDonald field yesterday morning, and as there is a pretty good sized crew at work it will only take a few days to wind up the field.

A lame shoulder is usually caused by rheumatism of the muscles and may be cured by a few applications of Chamberlain's Pain Balm. For sale by Peery & Peery, druggists.

C. D. Fowle, supreme deputy for Oregon of the Order of Pentecost, was in the city Wednesday night and met with the council at this place. A very interesting meeting was held, and new officers were installed.

The N. W. F. & P. Co. have just received and set up a flax binder, which will successfully cut and bind flax. It is the best of its kind and can be handled hereafter for the manufacture of fiber.

While camping at Cascadia the latter part of last week, Mrs. Higgins fell out of a hammock, and struck her head on a stump, injuring her quite severely. Her son, Russell, is now in the city, and others from here are assisting in caring for her.

Messrs. J. M. Moore and J. W. Kinzer, of Crater Lake, have been painting rigs for Irvine & Calavan this week, and have made quite a difference in the looks of the hacks and buggies of this popular livery firm.

Quite a number of the Seix people are returning this week from the Grand Canyon, and all report a very pleasant time. William Brenner was supplying the many camps with fresh venison, and making things generally lively.

Hale Backenstos, of the barbering firm of Mills & Backenstos, has sold his interest to H. H. Heinline, and will spend a month or more at Belknap Springs. The firm will hereafter be known as Mills & Heinline.—Salem Journal.

Little Edess Peery gave a very pleasant party at her home in this city Saturday afternoon last. Quite a number of little folks were there, and the afternoon was very pleasantly spent in playing games, and other amusements, and ice cream and cake were served as refreshments.

We are in receipt of a letter from J. C. Blyden, who is in Flag, Arizona, in which he states that there has not been any rain in that section for one month, and that the wind-country is about to burn up. He says that the country is very healthy and adds that he has secured the school for another year at \$6 per month.

Claude A. Johnson and Miss Leah Tarpley, two of Salem's popular young people, were married at the Capital city Wednesday of last week. Claude is a cousin of the Johnsons of Crater Lake, and the cousin-in-law of G. W. Phillips, also of Seix, and both parties have a host of friends here who wish them a long and happy wedded life.

There is a good deal of complaint out in the Pomeroy neighborhood about the condition of the bridge across Crater Lake near the James Crater glass, and the county court should see after it at once, as it is needed quite badly these days. In its present condition it is not safe for threshing outfits to cross, and the services of the thrasher is beginning to be sorely needed in that section.

The threshing machines are humming in all directions these days, but they have to do a good deal of humming for a little grain. The yield is not going to be very heavy, and many of our farmer friends are going to be losers by the failure of the season they put their machines on grain and turn their attention to darning the sooner they will recover from the losses caused by crops such as are being harvested this season.

A picnic will be held at the farm home of M. Blyden, three miles east of Seix, on August 10th. A good program has been arranged and will consist of a band, a quartet, a big four orchestra, and the Seix band. A slight of hand performance by V. Lindok and a dramatic performance. The program will begin at two o'clock in the afternoon. A dance will follow in the evening. All are cordially invited to attend and have a good time. By order of the program committee.

A good deal of work has been done on the road in the Crabtree bottom, on the road to Sanderson bridge, and more will be done before the fall rains set in. The work done was all donated, and the people of the section of the county deserve credit for their enterprise in getting the road in better condition. It is indeed a bad piece of road in the winter season, but with the work it has received during the past summer it undoubtedly will be in much better condition the coming winter.

There was a "show" in town Wednesday evening. The exhibition was given in a large tent, and consisted of acrobatic and trapeze work and a collection of gags with music by a quartet of boys. Some of the acrobatic work was first-class, but the majority of the whole show was slightly aged and some of it pretty tough for a refined show. The outfit traveled with tent, and pulled out yesterday morning for Stayton, where they gave an entertainment last evening.

The old saying that it is no disgrace to be poor is all right, but we would add that it is mighty blamed hard to be rich these hot days when the roads are dusty and the sun is so hot that it is almost impossible to provide a little "grub" for the trip and some one to look after the business at home while you are away. The poor devil of a printer is just the sort of an individual who is compelled to forego the pleasures of such a trip, and stay at home and get out his paper, even if everybody else is out of town. When it comes to summer outings and vacations the printer is not in it, but he has the satisfaction of knowing that he will receive his reward hereafter.

Gen. Sly Hope Grant, in his narrative of the Indian mutiny, relates an anecdote which does equal honor to himself and one of his native soldiers. The British had been fighting all day, driving the rebels before them. After nightfall, however, a party of rebels made a new demonstration, and Gen. Grant, seeing two of his guns in danger, collected a few men and charged. He says:

"A sepoy within five yards of me fired at my horse and put a bullet through his body. It was singular he did not aim at me, but probably he thought it best to make sure of killing the horse, after which the rider would fall into his hands as a matter of course."

"I felt that my poor charger had received his death wound, yet he galloped for forty yards through the throng of rebels and then dropped. I was in an awkward predicament—unhorsed, surrounded by the enemy, and, owing to the darkness, ignorant in which direction to proceed—when my orderly, a native horseman, Cooper Kahn by name, rode up to me and said: 'Take my horse; it is your only chance of safety.'"

"I could not but admire his fine conduct. He was a Hindostanee Mussulman, belonging to a regiment the greater part of which had mutinied, and it would have been easy for him to kill me and go over to the enemy."

"I refused his offer, but, taking a firm grasp of his horse's tail, I told him to drag me out of the crowd. This he did, successfully and with great courage."

"The next morning I called him by my tent, praised him for his gallant behavior and offered him some little money. He declined it with great dignity."

"No, sahib, I will take no money," he said, drawing himself up; "but if you will let my commanding officer promote me I shall be very grateful."

"He was duly promoted, and received also the second-class order of merit."

For the Sake of Contrast. Compare one of the shirts done up at the Salem Steam Laundry with those you have been wearing and you will be as plain as black and white that their superior methods are the triumph of fine laundry work in its exquisite color and finish. Shirts, collars and cuffs hand-dyed here in a manner equal to new at the very lowest prices. Laundry sent every Monday morning from the express office, and returns Saturday.

# PURELY PERSONAL

"Jack" Jones spent Sunday at the county seat.

Dr. J. L. Hill was over this way Wednesday night.

Mrs. F. J. Irvine and the little girls are at Co. calls this week.

A. J. Johnson left this week on a bank examining trip, and will be gone several weeks.

Mrs. Calavan and Mrs. Hunt returned home from the sofa springs the first of the week.

James Barnes accompanied by his mother and sister are at Cascadia this week, taking life easy.

F. H. Wilkins, of Portland, was in the city the first of the week, selling a new fangled window cleaner.

C. V. Johnson spent Sunday with his parents, who are stopping at their farm over in Marion county.

Matt Cratt and H. L. Sumner were at Silverton the latter part of last week, on a combined business and pleasure trip.

W. F. Dikens were here from Portland the first of the week, having been called to attend the funeral of his mother.

J. Dickens left yesterday for Victor, Wasco county, where he will make his home with his brother, Chas. Dickens.

Miss Linnie Abbott left the first of the week for Baker City, where she will remain for some time, visiting with her father.

Mrs. Wm. Moore, of Portland, who has been spending a few weeks at Cascadia with the family of T. J. Munkers, returned home Wednesday.

W. E. Carl returned the first of the week from Cottage Grove, where he had been for a couple of weeks, visiting with his daughter, Mrs. M. E. Brink.

E. E. Larimore and Emil Hanset were at Salem the first of the week investigating the flax thresher there which the late Women's Flax Fiber company had made.

C. L. Vincent was over to the county seat Friday of last week looking the barbers' commission in the face. He came home with his "sheep-skin" in his inside pocket.

M. M. Peery and Wm. G. Miller were up Crabtree the first of the week angling for the festive trout, were out looking over the country in this week of the speckled beauties.

Mr. and Mrs. F. Doran and little son arrived in Seix last week from Texas, where Mr. Doran has been employed as a railroad engineer. They are now visiting at the home of their parents, Mr. and Mrs. M. V. Blyden.

Mr. and Mrs. J. W. Vestch and Mr. and Mrs. P. C. Leaver, of Salem, were in this city a short time Sunday. These gentlemen are both connected with the Capital Journal, and were out looking over the country in this week of the woods.

Mrs. Col. Summers and Mrs. John Bead, of Portland, who have been at Cascadia for a couple of weeks, returned to their home in Portland this week. Lucile Beard will remain here for a short time before going to Portland, they all had a very enjoyable time.

Mr. and Mrs. R. E. Hibler and little Lancel, and Wm. Miller and S. W. Dugger, were at Albany Saturday taking in the ball game. Mr. Miller played with the Albany team. There is some talk of making a game between the Albany boys and a nine from this city, and if so it will be one worth seeing. Seix possesses a few old-time ball players, and they have not forgotten how the game is played, either. The Albany team have only met defeat once this season, and think they can put up a pretty good game.

If you have a baby in the house you will wish to know the best way to check any unusual looseness of the bowels or diarrhoea so common to small children. O. P. M. Holliday, of Doring, Ind., who has an eleven month old child says: "Through the months of June and July our baby was teething and took a running off at the bowels and sickness of the stomach. His bowels would move from five to eight times a day. I had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house and gave him four drops in a teaspoonful of water and he got better at once." For sale by Peery & Peery, druggists.

# CORRESPONDENCE

Munkers and Vicinity.

From our regular correspondent.

Threshing begins this week. Peery & Peery and family were visiting relatives here during the week. Mr. and Mrs. J. C. Munkers were Jeffersonville Saturday.

Miss Maggie Munkers, of Albany, is spending the week with numerous friends.

Mrs. D. Watkins and daughter, Miss Astoria, were in Seix the first of the week.

Mrs. B. S. Richardson and niece, Miss Rilla Deany, were Seix visitors Thursday.

Mrs. Chas. McClain, of Buena Vista, accompanied by her daughter, Mrs. R. H. Moore and son of Portland, were guests at the home of the former's son, T. D. McClain, during the week.

Mr. and Mrs. W. J. Messner and niece, Mrs. W. J. Messner, were in Seix, and guests of R. L. De Vaux.

Last Sunday a number of young people were invited to spend the afternoon at the home of H. Quigley, an organ and cake were the main feature, and among the lucky number were: Misses Quigley, Wilson, Lenny and Donahue, Messrs. Quigley, Carey, Hay, Blyden and Douglas.

The merry sound of the threshing machine is once more to be heard. The grain is very ripe on account of the aphid. William Miller, one of our substantial farmers remarked a few days ago that the aphid had eaten up everything but the stalk, and that is about right, too.

Death of Mrs. Dickens.

Mrs. Leah P. Dickens died in this city Saturday, July 28, 1900, aged 81 years, three months and fourteen days. She was born in Warren county, Tenn., and was married to Jeremiah Dickens in 1847, and the following year came to Oregon, making the tedious trip across the plains. Five sons and two daughters were born to them, and the two latter, one son, and the husband preceded her to the silent grave. Four sons remain and they were all here to administer to her every wish, excepting one, who could not get here. Her sons are, Jas. A., of this city, W. E., of Polayland, John W., of Dufer, and Chas. C., of Victor, Wasco county.

The funeral services were conducted Sunday by Rev. B. F. Moody and the remains were laid to rest in the Providence cemetery.

Card of Thanks.

We wish to publicly thank those who so kindly assisted us in the illness, death and burial of our beloved mother, and take this means of so doing.

JAS. A. DICKENS  
W. E. DICKENS  
JOHN W. DICKENS  
CHAS. C. DICKENS

Probate Court.

Final account in estate of P. L. Wallace filed and hearing set for September 3.

In estate of Martin Payne, P. B. Marshall, J. N. Duncan and Z. H. Ridd appointed appraisers.

In estate of George Huston, A. M. Cannon appointed administrator. Bond, \$2,000.

EXPERIENCE IS THE BEST TEACHING
