

Mrs. Pinkham

The one thing that qualifies a person to give advice on any subject is experience—experience creates knowledge.

No other person has so wide an experience with female ills nor such a record of success as Mrs. Pinkham has had.

Over a hundred thousand cases come before her each year. Some personally, others by mail. And this has been going on for 20 years, day after day and day after day.

Twenty years of constant success—think of the knowledge thus gained! Surely women are wise in seeking advice from a woman with such an experience, especially when it is free.

If you are ill get a bottle of Lydia E. Pinkham's Vegetable Compound at once—then write Mrs. Pinkham, Lynn, Mass.

According to a return of the imperial customs authorities the total number of foreigners resident in the open ports of China, was 15,421 at the end of 1898.

Do Your Feet Ache and Hurt?

Shake into your shoes Allen's Foot Ease, a powder for the feet. It makes tight or new shoes feel easy, gives instant relief to corns and bunions. It's the greatest comfort discovery of the age. Corns swollen feet, blisters and callous spots. Allen's Foot Ease, soaking, smearing, hot, nothing else. We have over 30,000 testimonials. Prices while you wait. All drugs and stores sell \$2.50. This package FREE to you. Address, Allen S. Olmsted, 16 Hoyt, N. Y.

Ten Chinese newspapers are published in Shanghai and the success they have achieved has led to the establishment of others at some of the other treaty ports.

HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Cataract that can not be cured by Hall's Catarrh Cure.

Dr. J. G. GIBNEY & CO., Proprietary, O. We understand he has known Dr. J. Gibney for past 15 years, and believe him perfectly qualified to cure cataract. He is a man of special ability to carry out our obligations made by their firm.

Wager & Tamm.

Wholesale Importers, Toledo, O. Wager & Tamm, Manufacturers and Importers of Cataract Cure. Let us know if you are suffering from cataract, we will send you a sample of our product and we will guarantee to cure it.

Hall's Catarrh Cure is the best.

During the year 1898, 52,661 vessels of 34,233,500 tons entered and cleared Chinese ports. Of these vessels 743, of 239,152 tons, were American.

Mothers will find Mrs. Winslow's Soothing Syrup the best remedy to use for their children during the teething period.

Lieutenant Robert S. Clarke, of the Ninth regiment, now in China, is probably the richest officer in the United States army. Mr. Clarke, grandson and principal heir of the late Alfred Corning Clarke, is still in his early twenties, is a graduate of Yale and commands a fortune of millions.

The tripping feet—the sparkling eye—the graceful movement—be long not alone to the budding maiden.

These graces are the right—day of every woman until the hair whitens—and regal dignity replaces them.

The mother who guards her strength has so much more to devote to the care and education of her dear ones. She should be a comfort—a cheer—always.

Yet how many feel that they have the strength to properly balance the home? The world is listless, weary and morbid. Its blood moves sluggishly and is full of impurities. It needs a kindling, invigorating tonic to set it afire—it needs Pe-ru-na.

THE ONE MEDICINE

in the world which women may rely upon positively. Pe-ru-na is good for everyone, but particularly for women. The various weaknesses which afflict their delicate organism spring from inflammation or catarrh of the mucous lining, and Pe-ru-na is a specific for catarrh in any organ of the body. Any congestion of a mucous membrane rapidly vanishes when the organ affected. This is why Pe-ru-na cures all sorts of troubles where other remedies fail. If there is a catarrhal affection the matter with you anywhere Pe-ru-na will cure you.

PISO'S CURE FOR CONSUMPTION

MINES AND MINING.

Klondike Output of Gold for the Year 1900 Will Reach a Total of \$25,000,000.

Dawson, Y. T., August 18.—The Klondike output of gold during the year 1900 will reach \$25,000,000. Improved methods of mining, resulting from the introduction of suitable machinery, together with a better knowledge of conditions here, etc., cheapening the cost of production, and ground that was formerly unprofitable is now paying. Wages are fairly good, \$5 per day and board being the ruling pay, and while there are many idle men complaining of dull times, one who really wants work can get it.

The action of the Canadian government in prohibiting relaxations on all the creeks and closing Bonanza and Eldorado to loafers, is driving out the prospector and small miner, and retards development to that extent. Capital is coming in, however, and groups and blocks of claims are being bought up for large workings. It is the old story of the individual miner giving way to the syndicates, and hunting new prospects. Hundreds of these during the last spring have left the Klondike and gone to American territory, where, it is claimed, the poor man has a better chance than here. None have taken the majority, but many have gone to nearer points.

An early rush went to the Koyukuk, but late reports from there are very unfavorable. Parties just returned say that very little gold has been taken out in that camp, and the ground is exceedingly difficult to work on account of glaciers which overlie the bedrock. The Forty Mile and Birch Creek diggings, both of which were practically deserted in the race to Dawson in 1897 and later in the Nome stampede last fall, are again coming into favor, for it is never been disputed that there is much good ground there that will pay wages and more.

The latest candidate for popular labor is the Tanana district. Reports from there are generally good. The ground is three to seven feet deep only, overlaying a slate and porphyry bedrock, and there is plenty of water for sluicing, all of which makes it an ideal country for summer working. It is said to be easily approached from the Tanana river. One to four ounces per day is said to be the usual amount per man, shoveling into the sluices.

The recent action of the United States government in surveying a railroad and telegraph route from Valdez to Eagle City, and its promptness in pushing through a trail with stations, etc., along the line, is attracting much attention here. The further fact that the various civil officers for the eastern division of Alaska, embracing the Yukon, Tanana and Yukon water-sheds, are now duly installed in Eagle city, gives great satisfaction. It is a long step in the right direction, and great developments may be expected in Alaska within a few years.

NORTHWEST TRADE.

Seattle Markets.

Onions, new, 1½c.

Lettuce, hot, 1½c. per crate.

Potatoes, new, \$15.
