BY THE EDITOR

There is considerable color to the report that the yellow brother in the purple city of Pekin was presented with a black eye by the boys in blue.

The most plausible explanation of the oft reiterated statement that the Dowager Empress "is still fleeing" is that she is trying to get away from herself.

For eleven months the Arctic exploring craft of the Duke of Abruzzi was held fast in the ice floes of the Far North. Which probably breaks the record for keeping a royal prince on ice.

A feature of the Constantinople festivities in honor of Sultan Abdul Hamid's Jubilee was a plot to murder him. The Turks may always be trusted to get up something unique when occasion serves.

The bruisers are all sore, both over the pounding they have received during the carnival of barbarism the last few weeks and the fact that there is no more "gate money" for them in the noble old Empire State.

The experiment undertaken by the Pasteur Institute to discover a new cure for snake bite is a wanton waste of time. In counteracting the effect of snake poison nothing can take the place of the long felt filler now in use.

After thirteen years of gentle and unresisting service a Keswick miner's mule suddenly kicked out the other day and broke its master's jaw. For long-brooded and vicious vengeance not even a Sioux Indian is in it with a mule.

If the Duke of Marlborough is made Lord Lieutenant of Ireland we will have an American Vice-Queen reigning there as well as in India. It is to be hoped, however, that none of our enterprising sisters will attempt to shove Queen Victoria off her seat.

The Census Bureau announces that the population of Portland is 90,426 as against 46,385 in 1890; an increase of 44,041, or 94.95 per cent. The population in 1880 was 17,772, showing an increase of 28,808, or 163.90 per cent, from 1880 to 1890. The present increase of Portland over 1896 is undoubtedly 47 per cent over the same territory, Albina and East Portland not being included in 1896.

John D. Rockefeller is reputed to be the richest man in America, yet he is said to be starving to death. His stomach refuses to digest anything, and this multi-millionaire is obliged to live on a little stale bread, skimmed milk and barley water. How much would he give for a healthy, sound, poor man's ability to eat and digest the food he craves? If a celebrated question of Jesus may be paraphrased to suit the case of Rockefeller, it might be asked: What shall it profit a man to gain one hundred million dollars and starve to death?—Portland Telegram.

PLAYED OUT.

Dull Headache, Pains in various parts of the body, Sinking at the pit of the stomach, Loss of appetite, Feverishness, Pimples or Sores are all positive evidences of impure blood. No matter how it became so it must be purified in order to obtain good health. Acker's Blood Elixir has never failed to cure Scrofulous or Syphilitic poisons or any other blood diseases. It is certainly a wonderful remedy, and we sell every bottle on a positive guarantee. Peery & Peery, druggist.

He Owes His Life to the Forethought of a Companion.

While on a camping trip in Webster county, Mr. S. L. Stump, of Normantown, W. Va., had a severe attack of bloody flux. He says, "I firmly believe that I owe my life to the forethought of one of the company who had taken along a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy." Moral.—Procure a bottle of this remedy before leaving home. It cannot be obtained when on a hunting, fishing or prospecting trip. Neither can it be obtained while on board the cars or steamship, and at such times and places it is most likely to be needed. The safe way is to have it with you. Thousands of travelers never leave home on a journey without it. For sale by Peery & Peery, druggists.

The Green's Ferry and the Jefferson bridges were ordered—repaired jointly with Marion county, as needed.

The petition for an appropriation for wingdam at Stayton to change the course of the river to the main span of the bridge was dismissed.

Bills of D. C. Swan, commissioner, $15, and H. B. Sprenger, commissioner, $11.40, allowed.

Powder Mill Explosion.

Removes everything in sight, so do drastic mineral pills, but both are mighty dangerous. No need to dynamite your body when Dr. King's New Life Pills do the work so easily and perfectly. Cures Headache, Constipation. Only 25 cents at Peery & Peery's drug store.

The State Fair.

The Corvallis & Eastern railroad has made a rate of one fair for the round trip from all points to Albany on account of the State Fair, Salem Tickets good going September 17th to 22nd inclusive and returning not later than September 24th.

Greater efforts are being put forth this year to make the state fair a success than ever before in its history. The display in all lines, and particularly live stock, will be the finest ever known in the state. The dairy interests, which are now creating considerable attention throughout the valley, will receive careful consideration, and there will be a good display of all kinds of creamery machinery.

The fair this year should be visited by everyone who has the devel opment of the country at heart.

WANTED—Active man of good character to deliver and collect in Oregon for an old established manufacturing wholesale house, $900 a year, sure pay. Honesty more than experience required. MISCELLANEOUS

A man at the Dalles, with $2000 in his pocket, stole 25 cents' worth of wood was sent to jail.

The owners of the woolen mill at Dallas have agreed to move the plant to Santa Cruz, Cal., for a bonus of $30,000.

In a quarrel between William and Walter Smith, 5-year-old, Fairhaven, Wash., twins, the latter amputated his brother's thumb and forefinger with a hatchet.

Texas is a great state, judged by its area, but the trouble is that its misfortunes, when they come, seem always to be measured on the same grand scale.

About the time "Kid" McCoy possibly realizes the fact that it is good business, if nothing else, for a man who lives in the public eye to keep friends with his wife.

Frank Burke, aged 13 years, who died recently in Ansonia, Conn., had been delicate from birth. Shortly before his death the discovery was made that his heart was on his wrong side.

Li Hung Chang asks that he be given an American escort on his trip to Pekin. Which shows the old fox knows in whose hands his scalp and its dangling accompaniment is safest.

Receiver Booth, of the United States land office at Roseburg, is authority for the statement that since last December the Northern Pacific Railroad company has filed forestry reserve script on over 1,200,000 acres in that district.

This is an up and down world, Otto Greenwood who committed suicide in Portland this week, while working as a reporter on the Telegram, was once a resident of Carson City, and quite wealthy. He had a private boot black and paid him $17 a week.

Chang Li, once military commander of Pekin, and believed to be responsible for the murder of the German Minister, Baron von Ketteler, is now a prisoner in the hands of the German troops. It is to be feared that Chang is not just now a first-class insurance risk.

A late China dispatch shows that the American troops allowed themselves to be badly "done" in the distribution of districts in Pekin—that is, as far as looting possibilities were concerned. Continued association with the other allied forces, however, may in time remedy such defects in our boys' military education.

Boston and St. Louis are having a close race. The population of St. Louis increased during the past decade at the rate of 12,346 per annum and Boston's average was 11,241. Boston looks out upon the Eastern sea and St. Louis upon the rolling ocean of the Western plains, and for the near future we believe the western city has the advantage.

There are millions of feet of flooring in the Philippine islands which have been hewed out with the adz. Some of the floors of the best houses of Manila are of this nature. You can see the rough places where the chips have been cut out, but the grain of the wood is so fine that, from daily sweeping and scrubbing, it has taken a polish like that of a plate-glass mirror.

DYSPEPSIA CAN BE CURED

By using Acker's Dyspepsia Tablets. One little Tablet will give immediate relief or money refunded. Sold in handsome tin boxes at 25 cts. Peery & Peery, druggist.

Round Trip for One Fair.

For the Oregon State Fair, to be held September 17th to 22nd, the Southern Pacific company will sell tickets to Fair grounds and return at one fare for the round trip. Dates of sale September 16th to 22nd inclusive; final limit of tickets, September 24th.

Nearly a Wreck.

Sunday morning when the over land was but a short distance from Albany the axle of the center driver broke. The train was running at a high rate of speed, but the engineer succeeded in stopping it quickly, and the break was found to be inside the boxing. Had it been otherwise a serious wreck would probably have resulted. The engineer was compelled to run into Albany very slowly, and the engine of the Albany local was substituted for the trip to Portland, while the Lebanon engine was used on the local. The broken engine was taken to the car shops on a freight car.

Do You Cough?

"I guess I used to be like everybody else. When I caught cold, I just let it alone, thinking it would cure itself in a few days; of course the coughing and spitting of mucus sometimes lasted several weeks, but after a while the trouble would subside. I always noticed, however, that each cold was worse than the one before. My throat seemed to get weaker, and the least change in the weather started the coughing again. The last cold was the most severe of all. I was really frightened. Cough drops and home treatment did no good. A friend told me about Acker's English Remedy. I got a bottle, and you never saw the like of the way it acted. Before the bottle was gone I was well. My throat felt as strong and well as could be. Since then I have had no more trouble. I think Acker's English Remedy so strengthens the delicate lining of the throat that it easily resists the changes in temperature, and it builds up the constitution as well."

Summer Resorts.

"To the mountains of our people in increasing numbers yearly look for those days of relaxation and recreation necessary to maintain the human machine in fair working condition. The languorous sloth of the seashore proves very seductive while it lasts, but many have decided that the annual outing should provide not only radical change of air and surroundings, but also stimulation of flagging energies as will provide brawn and vigor for the return to labor. For this they urge the mountain climb and ramble, the balsam of the mountain pines, and the clear, unadulterated mountain air."

"In this direction the Shasta Route now affords a wealth of attractions. The entire line of road from Ashland to Redding is studded with charming and accessible hotels and camps, where are cheer and comfort and healing at reasonable cost, and where you can hunt, fish, ride, loaf, or play with equal facility."

"Or if you look for healing waters none better can be found, hot or cold than the springs of Ashland, Colestin, Anderson, Bartlett, Byron and Paso Robles."

"Before visiting Europe, the people of the Northwest should see the glories of Yosemite Valley, and the wondrous groves of Mariposa and Calaveras; the Parisians are likely to make inquiries concerning these attractive resorts."

Send to Mr. C. H. Markham, General Passenger Agent, Portland, for new booklets on Castle Crag, Shasta Springs, McCloud River, Yosemite, and excursion rates thereto."
