FIVE THOUSAND DEAD

The Galveston Victims Will Reach That Number.

BODIES STILL STREW THE BEACH

Hundreds Burned and Buried at Sea—Thirty-five Hundred Refugees Are at Houston.

Houston, Tex., Sept. 17.—The Post today prints a list of 2,701 names of the Galveston dead, compiled from various sources, but believed to be authentic. There were hundreds of bodies burned and buried in the sea and in the sand, where no identification was possible. Other hundreds were buried on the beach of the mainland, few of whom have been identified. Some bodies are still in the ruins of Galveston and scattered along the beach of the mainland and in the marshes, where they were thrown by the water. Some of these bodies have been sent 20 miles inland along small water courses by the rush of high waters. Taking all things into consideration there seems no longer any doubt that the number of dead will reach beyond the estimate of 5,000 which has been made by Mayor Jones and other reliable citizens of Galveston.

About 1,300 refugees arrived here from Galveston last night and are being cared for as well as possible. Four buildings have been set apart for the benefit of rufgees, but of the 3,500 who have reached here so far not more than 800 remain a public charge, the remainder having gone to the homes of relatives and friends.

Agents of several insurance companies are passing through to Galveston. They say that there is certain to be much confusion. They do not know what action will be taken by the companies concerning the payment of claims without proof of death, which, in many cases, will be impossible. Contributions of money continue to come in, as do supplies of all sorts.

E. D. Dorchester, manager of the Velasco Terminal railroad has reached this city. He says three-fourths of the Velasco people lost their homes and four persons were drowned. Eight bodies were washed ashore at Surf Side, supposed to be from Galveston.

INTENTIONS OF KRUGER.

It Is Said He Will Set Up His Government in Mozambique.

New York, Sept. 17.—A dispatch to the Tribune from London says:

The Mail's correspondent in Lourenco Marques learns that Mr. Kruger has resigned the presidency of the Transvaal, but remains a member of the executive. General Botha is said to have been so incensed at the cowardly conduct of his forces that he has resigned the supreme command, and Viljoen is now commandant-general. According to a Lisbon message to the Express, Mr. Kruger proposes to set up the seat of his government at Mozambique.

News from the seat of war in South Africa is indecisive, but it is clear that Lord Roberts is making a concentrated movement upon Komatipoort, and has left Pretoira in order to direct it personally. Ian Hamilton is returning to the railway from Lydenburg; Pole-Carew is pushing east towards Nelspruit; French is making for Barberton, and Buller has divided both his forces and cut off a portion of them from communication with the commandos between Nelspruit and Komatipoort. Lydenburg apprently was abandoned as soon as it was captured, and the British forces are in hot pursuit of the remnant of the Boer army, and driving it eastward to the Portuguese frontier. These tactics are bold, but in accordance with Lord Roberts' strategy since February. Komatipoort is the new objective point, and when it is captured Lord Roberts will be credited with having taken possession of the last Dutch railway line and closed the door into neutral territory. The work of pacification will not have been thoroughly worked out, but the main object will have been secured, as was done when Blomefontein and Pretoria were occupied.

New Law Creates a Mob.

Brooklyn, N. Y., Sept. 14.—When the new law adopted by the last legislature preventing the use of trading stamps went into effect the first of this month, Manager Buntty, of the trading stamp store, 1229 Fulton, issued a circular announcing that he would cease operations today. Since the issuance of the circular thousands of women who held trading stamps issued by the various stores doing business with Buntty have besieged him and made his life unbearable. He has been compelled to barricade himself and seek aid to prevent summary action on the part of the infuriated women.

Butte, Mont., Sept. 17.—Thomas Kelley and James Murray were killed in the Stewart mine this morning by an explosion of powder in the magazine on one of the lower levels.

Japan's Attitude Toward China.

The racial differences that exist between Japan and China have probably led some observers to believe that the two peoples are naturally antipathetic. The war of 1894 has been cited as proof of this, and in the present crisis in the Far East it appears to be taken for granted by many that the Japanese people will regard China's misfortune as their opportunity. That there is no valid reason for thinking that this is Japan's attitude, and that those who are most prominent in guiding Japan's public policy sincerely desire to establish and foster friendly feelings with China, is ably shown by Durham White Stevens, Esq., counsellor of the Japanese legation, in his article, "Japan's Attitude Toward China," which appears in the current issue of Collier's Weekly.

Rare Philippine Jewels.

The rarest corals in the world are to be found in the Philippines. As precious as this jewel is, there is still a rarer one, and that is health. It may be possessed by any one who will use Hostetter's Stomach Bitters for indigestion, dyspepsia, belching, heartburn or sleeplessness. Try it.

Southern Moonshiners.

The great majority of moonshiners are to be found in the mountain fastness of Georgia, Alabama and Tennessee, and here they live in conditions of civilization as crude as their ancestors, most of whom were English fugitives from justice who reached this country more than a century ago. Indeed, in many respects these descendants have retrograded rather than advanced. Had they been surrounded for a century by a Chinese wall they could not have been more destitute or ignorant of the modern conveniences.

ALUM BAKING POWDERS.

Congress Is Acting to Suppress Their Sale.

The report of the senate committee on manufactures upon the subject of food adulterations and food frauds has created a sensation in congress and awakened great interest throughout the country.

If there could be published a list of the names of all articles of food found by the committee to be adulterated or made from injurious ingredients, it would be of inestimable value to the public.

The recommendations of the committee that the sale of alum baking powders be prohibited by law, will make of special interest the following list of names of baking powders which chemists have found to contain alum:

Baking Powders Containing Alum:

K. C. ..... Contains Alum
Manf. by Jaques Mfg. Co., Chicago.
CALUMET ..... Contains Alum
Manf. by Calumet Baking Powder Co., Chicago.
HOME ..... Contains Alum
Manf. by Home Baking Powder Co., San Francisco.
WASHINGTON ..... Contains Alum
Manf. by Pacific Chemical Works, Tacoma.
CRESCENT ..... Contains Alum
Manf. by Crescent Mfg. Co., Seattle.
WHITE LILY ..... Contains Alum
Manf. by D. Ferrera & Co., Tacoma.
BEE-HIVE ..... Contains Alum
Manf. by Washington Mfg. Co., San Francisco.
BON TON ..... Contains Alum
Manf. by Great Chemical Co., Chicago.
DEFIANCE ..... Contains Alum
Manf. by Portland Coffee & Spice Co., Portland.
PORTLAND ..... Contains Alum
Manf. by Benn & Balfe, Portland.

It is unfortunate that many manufacturers of alum baking powders state that their powders do not contain alum. It is only right that consumers should have correct information as to the character of every article of food offered to them.

Superstition in Yucatan.

"Apropos of the wonderful ancient ruins in Yucatan," said a New Orleans college professor, "there is one very fortunate circumstance which has protected them almost entirely from spoliation by the Indians. It is currently believed by the natives all through that part of the country that the ruins are haunted and that devils will carry away anybody who attempts to molest them. This superstition has been encouraged by explorers, and is a better safeguard than a picket of soldiers."

DEAFNESS CANNOT BE CURED

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars, free.

MORE TROOPS READY

British to Have Men Convenient for China.

SOLDIERS FROM SOUTH AFRICA

Americans Have Begun Construction of Permanent Telegraph Between Tien Tsin and Pekin.

London, Sept. 18.—In accordance with the prediction of Sir Robert Hart that there will be further hostilities in China in November, the press understands that the British government is already considering the transfer of troops from South Africa to India in order to make it practicable to send more British troops to China. The military authorities consider the war in South Africa so far ended that troops may now be safely moved.

It is possible that the Russian legation has already been removed from Pekin to Tien Tsin, but there is no definite news as yet as to whether Li Hung Chang will alter all go to Pekin. General Dorward is going to the capital, leaving the British troops at Tien Tsin under command of Brigadier-General Campbell. Vice-Admiral Alexieff has returned to Taku.

The Americans have begun at Ho Si Wu a permanent telegraph line between Pekin and Tien Tsin.

The Pekin correspondent of the Daily Mail says that the assassin of Baron von Ketteler has been shot.

The Morning Post's representative at Pekin says that the question is being discussed of sending relief to a few British, French and American engineers, who are besieged in a city 200 miles south of Pekin.

Chinese officials estimate that 20,000 disbanded Chinese soldiers, by the simple expedient of turning their coats, managed to remain behind in Pekin. Other dispatches confirm the report that in addition to Hsu Tung, the guardian of the heir apparent, Yu Lu, viceroy of Chi Li, and Wang Yi Yung, president of the imperial academy, with 200 members of official families, committed suicide when the allies entered Pekin.

HUSTLED BY A MOB.

Ohio "Boxers" Forcibly Expel Dowie Teachers From the City.

Mansfield, O., Sept. 18.—A mob today drove Zion Elder Ephriam Bassinger, of Bluffton, Ind., and two of Dowie's converts here out of the city, and thus broke the monotony of the usual routine followed for the past four Sundays.

Elder Bassinger was in the city yesterday, held several meetings without molestation, and had a number of consultations with his attorney, A. A. Douglas. He left last night, but returned again today and was holding a meeting at the home of E. H. Leiby, when the officers went there and took him to the depot, followed by a jeering mob of several hundred. He was a target for apples, tobacco quids, missiles and kicks, as he was escorted to the depot, and when he arrived there he was a pitiable sight. The passenger train was missed by about two minutes, and while they were waiting for the next train the mob went to the home of E. H. Leiby and took him and Frank Calver, both Zion followers, and marched them to the depot. When an express train arrived all three were put on it and hustled out of the city.

CLUBBED TO DEATH.

Brutal Murder of a Portland Saloon-Keeper—Motive Was Robbery.

Portland, Or., Sept. 18.—A brutal murder, followed by robbery, was committed at an early hour yesterday morning in a saloon on the southwest corner of Fourteenth and Marshall streets, H. R. Dickel, the proprietor of the place, being the victim.

Although the tragedy occurred about 2 o'clock, nothing was known of it until nearly 4, when Partolman Wheeler, on his regular rounds, was passing the premises. He noticed that the saloon was lighted up, which was something unusual, and he proceeded to investigate. On entering a little cardoom at the rear, he found the body of the murdered man in a corner, leaning against the wall, where the murderers had placed it after rifling the pockets and helping themselves to the contents of the safe, which it is thought amounted to over $250.

New Burlington Line Opened.

Denver, Colo., Sept. 18.—The first train over the new branch of the Burlington road from this city to Deadwood, S. D., left this city at 11:30 tonight. The first train from the north will complete its journey of 455 miles at 11:30 tomorrow night. This new route to the Black Hills country is almost due north from Denver, the main line of the Burlington being left behind at Brush, Colo. The road then leads across Eastern Colorado and Western Nebraska and into the Black Hills.

The Russian government is investigating the cost and probabilities of quick delivery of 30,000,000 feet of lumber from Puget Sound to Vladivostock.

Three Negroes Lynched.

St. Louis, Sept. 17.—A special to the Post-Dispatch from Memphis, Tenn., says: A masked mob of between 60 and 100 men broke into the jail at Tunica, Miss., early today and took out three negroes, whom they strung up to a tree within 100 yards of the jail. Not a shot was fired. Each negro had committed a murder. The lynching is a climax of the intense feeling against desperate negroes which has been brewing in the neighborhood of Tunica for months.
